

*The Making of the English Working Class (1963)*

# Social History English Working Class

**F. M. L. Thompson**

## **Social History English Working Class:**

The Making of the English Working Class E. P. Thompson, 2016-03-15 A history of the common people and the Industrial Revolution A true masterpiece and one of the Modern Library's 100 Best Nonfiction Books of the twentieth century Tribune During the formative years of the Industrial Revolution English workers and artisans claimed a place in society that would shape the following centuries But the capitalist elite did not form the working class the workers shaped their own creations developing a shared identity in the process Despite their lack of power and the indignity forced upon them by the upper classes the working class emerged as England's greatest cultural and political force Crucial to contemporary trends in all aspects of society at the turn of the nineteenth century these workers united into the class that we recognize all across the Western world today E P Thompson's magnum opus *The Making of the English Working Class* defined early twentieth century English social and economic history leading many to consider him Britain's greatest postwar historian Its publication in 1963 was highly controversial in academia but the work has become a seminal text on the history of the working class It remains incredibly relevant to the social and economic issues of current times with the Guardian saying upon the book's fiftieth anniversary that it continues to delight and inspire new readers *The Making of the English Working Class* Edward Palmer Thompson, 1964 This account of artisan and working class society in its formative years 1780 to 1832 adds an important dimension to our understanding of the nineteenth century E P Thompson shows how the working class took part in its own making and re-creates the whole life experience of people who suffered loss of status and freedom who underwent degradation and who yet created a culture and political consciousness of great vitality *British Economic and Social History* R. C. Richardson, William Henry Chaloner, 1996 *A Social History of England 1851-1990* Francois Bedarida, 2013-06-17 In this the second edition of *A Social History of England* Francois Bedarida has added a new final chapter on the last fifteen years The book now traces the evolution of English society from the height of the British Empire to the dawn of the single European market Making full use of the Annales school of French historiography Bedarida takes his inquiry beyond conventional views to penetrate the attitudes behaviour and psychology of the British people *The Working Class in Britain* John Benson, 2003-08-22 Who made up the working class in Britain who were the ordinary men and women and what were their aspirations The first generation of postwar British labour historians tended to be preoccupied with working class activism This text attempts to chart not only this struggle but to describe and analyse the rich and varied tapestry of working class history as a whole It demonstrates that class both existed and mattered although ordinary men and women had diverse lives and lifestyles Professor Benson examines work wages incomes and the cost of living family kinship and community relations and the individual in the context of nation and class **The Cambridge Social History of Britain, 1750-1950** F. M. L. Thompson, 1990 Whilst in certain quarters it may be fashionable to suppose that there is no such thing as society historians they have had no difficulty in finding their subject The difficulty rather is that an outpouring

of research and writing is hard for anyone but the specialist to keep up with the literature or grasp the overall picture In these three volumes as is the tradition in Cambridge Histories a team of specialists has assembled the jigsaw of topical monographic research and presented an interpretation of the development of modern British society since 1750 from three perspectives those of regional communities the working and living environment and social institutions Each volume is self contained and each contribution thematically defined contains its own chronology of the period under review Taken as a whole they offer an authoritative and comprehensive view of the manner and method of the shaping of society in the two centuries of unprecedented demographic and economic change **The British Working Class 1832-1940** Andrew

August,2014-06-11 In this insightful new study Andrew August examines the British working class in the period when Britain became a mature industrial power working men and women dominated massive new urban populations and the extension of suffrage brought them into the political nation for the first time Framing his subject chronologically but treating it thematically August gives a vivid account of working class life between the mid nineteenth and mid twentieth centuries examining the issues and concerns central to working class identity Identifying shared patterns of experience in the lives of workers he avoids the limitations of both traditional historiography dominated by economic determinism and party politics and the revisionism which too readily dismisses the importance of class in British society New Directions in Social and

Cultural History Sasha Handley,Rohan McWilliam,Lucy Noakes,2018-02-22 What does it mean to be a social and cultural historian today In the wake of the cultural turn and in an age of digital and public history what challenges and opportunities await historians in the early 21st century In this exciting new text leading historians reflect on key developments in their fields and argue for a range of new directions in social and cultural history Focusing on emerging areas of historical research such as the history of the emotions and environmental history New Directions in Social and Cultural History is an invaluable guide to the current and future state of the field The book is divided into three clear sections each with an editorial introduction and covering key thematic areas histories of the human the material world and challenges and provocations Each chapter in the collection provides an introduction to the key and recent developments in its specialist field with their authors then moving on to argue for what they see as particularly important shifts and interventions in the theory and methodology and suggest future developments New Directions in Social and Cultural History provides a comprehensive and insightful overview of this burgeoning field which will be important reading for all students and scholars of social and cultural history and historiography Atlas of British Social and Economic History Since c.1700 Mr Rex Pope,Rex

Pope,2002-03-11 All students of history use maps This atlas is designed specifically to enhance the understanding of British history since 1700 as well as emphasizing social as well as economic change The contributors are all subject specialists who have taught in higher education institutions and a large proportion of both maps and text is based on their own original research The combination of maps and text is intended to illustrate not only historical developments such as the spread of

agriculture or the growth of an integrated transport system but also regional contrasts at points in time The end product offers support for those historians who question the usefulness of thinking in terms of national economic histories

Working-Class Community in the Age of Affluence Stefan Ramsden, 2017-02-24 It has appeared to many commentators that the most fundamental change in what it is meant to be working class in twentieth century Britain came not as a result of war or of want but of prosperity Social investigators documented how the relative affluence of the 1950s and 1960s improved the material conditions of life for working class Britons whilst eroding their commitment to the shared life of traditional communities Utilising an oral history case study of sociability and identity in the Yorkshire town of Beverley between the end of the Second World War and the election of Margaret Thatcher's government *Working Class Community in the Age of Affluence* challenges this influential narrative An introductory essay outlines how sociologists and historians understood the complex social cultural and economic changes of the post war decades through the prism of affluence and traces how these changes came to be seen as deleterious to the traditional working class community The book then proceeds thematically exploring change across areas of social life including family neighbourhood workplace and associational life This book represents the first sustained historical analysis of change and continuity in working class community living during the age of affluence It suggests not only that older social practices persisted but also that new patterns of sociability could strengthen as much as undermine community Ultimately *Working Class Community in the Age of Affluence* asks us to rethink assumptions about the decline of local solidarities in this pivotal period and to recognise community as a key feature of working class life across the twentieth century

**Theorizing the Dynamics of Social Processes** Harry F. Dahms, Lawrence Hazelrigg, 2010-08-18 Intends to assemble a set of essays that invent develop and or demonstrate strategies for theorizing one or several dynamic processes so as to identify illustrate by example and analyze specific problems as well as connect theorizations of process across different disciplines of inquiry

*The Working Class from Marx to Our Times* Marcelo Badaró Mattos, 2022-04-23 This book reviews Marx's contributions to the debate on the working class The first part of the work presents the synthesis of the main contributions of Marx and Engels and 20th century Marxist writers to the understanding of social classes the class struggle and the working class The remaining parts present exercises of dialogue between Marx's and Marxists discussions on the working class presented in the first part and empirical elements of class reality today as well as debates in the social sciences and historiography on the same issues The thesis defended in the book is simple the working class also called the proletariat as it appears in the work of Karl Marx had and has validity as an analytical category for the understanding of social life under capitalism Nevertheless Marx's discussion on the issue is complex and the category working class in his approach is wider than many Marxists have presented it

**The Penguin Social History of Britain** Jose Harris, 1994-03-31 The late nineteenth century and Edwardian era suggests Jose Harris in this book represent a sharp break with the early years of Queen Victoria's reign Indeed despite the intense upheavals of two

world wars it was the beliefs social structures and oppositional forces established between 1870 and 1914 which dominated British life right up until the 1960s

**Citizenship, Identity, and Social History** Charles Tilly, 1996-03-07 A collection of original essays on citizenship and identity

*Cultural Theory and Popular Culture* John Storey, 2015-05-08 In this 7th edition of his award winning *Cultural Theory and Popular Culture An Introduction* John Storey has extensively revised the text throughout As before the book presents a clear and critical survey of competing theories of and various approaches to popular culture Its breadth and theoretical unity exemplified through popular culture means that it can be flexibly and relevantly applied across a number of disciplines Also retaining the accessible approach of previous editions and using appropriate examples from the texts and practices of popular culture this new edition remains a key introduction to the area New to this edition Extensively revised rewritten and updated Improved and expanded content throughout A new section on The Contextuality of Meaning that explores how context impacts meaning A brand new chapter on The Materiality of Popular Culture that examines popular culture as material culture Extensive updates to the companion website at [www.routledge.com/cw/storey](http://www.routledge.com/cw/storey) which includes practice questions extension activities and interactive quizzes links to relevant websites and further reading and a glossary of key terms The new edition remains essential reading for undergraduate and postgraduate students of cultural studies media studies communication studies the sociology of culture popular culture and other related subjects

**Trade Union and Social History** A.E. Musson, 2013-11-05 There is perhaps no area of British life where attitudes are more strongly influenced by shared traditions and past experiences than the trade union movement the memory of the working class movements is a long one It is therefore all the more important in the light of recent events to examine the origins and development of trade union organization over the decades if we are to understand the unions of today which have emerged as one of the most crucial and strongest elements in the economy This book is the product of twenty years detailed research and general reflection on the course of trade union development and ranges over the whole field of British trade union history from the early craft societies to the structure of modern trade unionism It begins by illuminating the problems associated with researching and writing in this field and goes on to trace the main trends of trade union development linking these with modern trade union problems Particular attention is paid to some of the important aspects of this history the Owenite period the so called New Model unions the origins of the Trades Union Congress and more recent changes in trade union organization These themes are woven into a broad study which includes detailed investigation of individual trade unions particularly the printing unions and also an early employers association with a general review of the whole movement Trade union history is closely bound up with social conditions and Professor Musson also examines a number of such related aspects as the struggle for a free press the origins of the co operative movement and the early factory system This classic book was first published in 1974

**Social Classes and Social Relations in Britain 1850-1914** Alastair J. Reid, 1995-09-28 The analysis of social classes and social relations in the second half of the nineteenth century has caused

major debates among social historians In this book first published in 1995 Alastair Reid provides a critical summary of the different approaches to the subject giving an account of how interpretations have developed since the 1960s and highlighting the strengths and weaknesses of each approach The author explains how the influence of social sciences in the 1960s led scholars to emphasise the rise to power of the bourgeoisie and the increasing subordination of the industrial working class Recently more detailed research has led to a return to the older historical emphasis on the persistence of aristocratic power the increasing independence of the working classes and the centrality of voluntary agreement in a social order based on consent The conclusion suggests new ways in which the subject might be approached A select bibliography allows the reader to pursue the topic in more detail

**Workers and Canadian History** Gregory S. Kealey, 1995 This collection of twelve essays by Gregory Kealey will be of great interest to students and scholars of Canadian history labour history Marxist and socialist theory and history and political science

**The Remaking of the British Working Class, 1840-1940** Andrew Miles, Mike Savage, 2013-02-01 Mike Savage and Andrew Miles provide a comprehensive introduction to the working class in Britain in the years after 1840 This textbook Includes a provocative timely and clear defence of class analysis Breaks new ground in showing how social mobility and urban change affected working class formation Demonstrates how the history of the working class is politically reconstructed Shows how class and gender interact in mediating social and political change

**Social Theory and Social History** Donald MacRaild, Avram Taylor, 2017-03-14 The expansion of social history that took place in the twentieth century has produced some of the most exciting works in the field of historical studies As the range of the social historian's concerns has grown so has the range of methodologies and theoretical approaches they employ Historians have made greater use of the theoretical insights of social scientists and boundaries between the disciplines have become blurred as a consequence Social Theory and Social History Covers the major developments within social history Offers an introduction to the most important social theorists Discusses the relationship between history and the social sciences Considers the use of theory in the writing of history Examines current debates within historiography In this concise introductory guide Donald M MacRaild and Avram Taylor explore the complex relationship between social theory and social history arguing that an awareness of the relation between the two is the key to a deeper understanding of the process of historical change

### **Social History English Working Class Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Social History English Working Class PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to

personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Social History English Working Class PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Social History English Working Class free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Social History English Working Class Books**

1. Where can I buy Social History English Working Class books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
