Social Sketches Of Australia:

Social Sketches of Australia Humphrey McQueen, 2004 This new edition is about the lives and times of ordinary people from 1888 to the present Unlike more conventional histories it uses little known accounts ranging from regional histories to pen portraits anecdotes and diaries **Social Sketches of Australia, 1888-1975** Humphrey McQueen, 1978 Lives of ordinary people their clothes eating habits houses schooling working conditions *Social Sketches of Australia* Humphrey Mac Queen, 1978 *Australian National Bibliography: 1992* National Library of Australia, 1988 *Gay Sydney* Garry Wotherspoon, 2016-03-01 Garry Wotherspoon's *Gay Sydney* A History is an updated version of his 1991 classic *City of the Plain* History of a Gay Sub culture written in the midst of the AIDS crisis In this vivid book Wotherspoon traces the shifts that have occurred since then including majority support for marriage equality and anti discrimination legislation He also ponders the parallel evaporation of a distinctly gay sensibility and the disappearance of once packed gay bars that have now become cafes and gyms This book also tells the story of gay Sydney across a century looking at secret underground gay life the never ending debates about sex in society and the role of social movements in the 60 and 70s in effecting social change **Nation, Culture, Text** Graeme Turner, 2002-09-10 *Nation Culture Text* Australian Cultural and Media Studies is the first collection of cultural studies from Australia selected and introduced for an international readership Participating in the de centring of cultural studies considering what perspectives other than the European and the American have to offer the contributors raise important issues about the role of a national tradition of critical theory and about the cultural specificity of theory itself A key theme is the place of the postcolonial nation within contemporary cultural theory particularly those aspects of contemporary theory which see the category of contemporary theory which see the category of the nation as either outdated or suspect The writers tackle subjects ranging from the televising of the Bicentennial to the role of policy in film television and the heritage industry from the use of video technologies with remote Aboriginal communities to the role of ethnography in cultural studies

The Unknown Judith Wright Georgina Arnott, 2016 Judith Wright 1915 2000 remains a giant figure within Australian art culture and politics Her 1946 collection of poetry *The Moving Image* revolutionized Australian poetry She helped to establish the modern Australian environmental movement and was a key player in early campaigns for Aboriginal land rights A friend and confidante of artists writers scholars activists and policy makers she remains an inspiration to many And yet as Georgina Arnott is able to show in this major new work the biographical picture we have had of this renowned poet activist has been very much a partial one This book presents a more human figure than we have previously seen and concentrates on Wright's younger years New material allows us to hear directly thrillingly the feisty voice of a young Judith Wright and forces us to reconsider the woman we thought we knew Thoroughly reader friendly in organization and presentation *The Unknown* Judith Wright is unreservedly recommended for community and academic library Literary Studies collections in general and supplemental studies reading lists in the subject areas of Australian History Art Poetry Gender Studies Literary Criticism and

 has emerged as a major force in the analysis of cultural systems and their relation to social power Rather than being
 interested in television or architecture or pinball machines themselves as industrial or aesthetic structures cultural studies

tends to be interested in the way such apparatuses work as points of concentration of social meaning as media literally according to John Frow and Meaghan Morris Here two of Australia's leading cultural critics bring together work that represents a distinctive national tradition moving between high theory and detailed readings of localized cultural practices Ethnographic audience research cultural policy studies popular consumption bad aboriginal art landscape in feature films style form and history in TV miniseries and the intersections of tourism with history and memory these are among the topics addressed in a landmark volume that cuts across myriad traditional disciplines Profile Pieces Sue Joseph, Richard Lance Keeble, 2015-10-14 This book examines the history theory and journalistic practice of profile writing Profiles and the practice of writing them are of increasing interest to scholars of journalism because conflicts between the interviewer and the subject exemplify the changing nature of journalism itself While the subject often through the medium of their press representative struggles to retain control of the interview space the journalist seeks to subvert it This interesting and multi layered interaction however has rarely been subject to critical scrutiny partly because profiles have traditionally been regarded as public relations exercises or as soft journalism However chapters in this volume reveal not only that profiling has historically taken many different forms but that the idea of the interview as a contested space has applications beyond the subject of celebrated individuals The volume looks at the profile's historical beginnings at the contemporary manufacture of celebrity versus the ordinary at profiling communities countries and movements at profiling the destitute at sporting personalities and finally at profiling and trauma Australian Books in Print 1999 K G Saur Books, 1999-04 Excellent coverage essential to worldwide bibliographic coverage American Reference Books Annual This comprehensive reference provides current finding ordering information on more than 123 000 in print books published in Australia You'll also find brief profiles of more than 12 000 publishers distributors whose titles are represented as well as information on trade associations local agents of overseas publishers literary awards more From Thorpe **Rural and Regional Futures** Anthony Hogan, Michelle Young, 2014-09-19 Agriculture mining and related rural industries have been central to the development of Australia's economy This book details the role that the Australian Government has played in the making of rural and regional Australia particularly since World War II The book reviews these policies and evaluates them with regards the commitments undertaken by the Government to contribute towards vibrant rural communities Policy areas addressed include agriculture water education welfare and population natural resource management resource extraction Indigenous and affairs localism rural research and regional innovation Youth Affairs and the devolution of regional governance Overall two distinct policy strategies can be observed one wherein the government saw its role as part of the entrepreneurial state and a sector wherein government has increasingly taken itself out of industry development leaving this role to the market Having considered these strategies and their impacts the book concludes that policy over the past 40 years has not in fact contributed to a more vibrant prosperous rural and regional Australia Rural and Regional Futures concludes with several chapters looking to the future One chapter

explores what the role of the state can be within a social market economy while the final chapter gives consideration to the initial steps rural communities will need to take to begin the process of revitalisation While these materials present as a case study of developments in Australia the policy shift from the Government as entrepreneur to a focus on markets is an international one and as such the insights offered by this book will have wide appeal Encyclopedia of Post-Colonial Literatures in English Eugene Benson,2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **Subject Catalog** Library of Congress, **Watriama and Co** Hugh Laracy,2013-10-01 WATRIAMA AND CO the title echoes Kipling s STALKY AND CO is a collection of biographical essays about people associated with the Pacific Islands It covers a period of almost a century and a half However the individual stories of first hand experience converge to some extent in various ways so as to present a broadly coherent picture of Pacific History In this politics economics and religion overlap So too do indigenous cultures and concerns together with the activities and interests of the Europeans who ventured into the Pacific and who had a profound widespread and enduring impact there from the nineteenth century and who also prompted reactions from the Island peoples Not least significant in this process is the fact that the Europeans generated a paper trail through which their stories and those of the Islanders who also contributed to their written record can be known Thus not only are the subjects of the essays to be encountered personally and within a contextual kinship but the way in which the past has shaped the future is clearly discernible Watriama himself features in various historical narratives So too certain of his confreres in this collection which is the product of several decades of exploring the Pacific past in archives by sea and on foot through most of Oceania **D, Society.
