Society And Freedom An Intoduction To Humanist Sociology:

Society and Freedom Joseph A. Scimecca,1981 The Cambridge Handbook of Sociology: Volume 2 Kathleen Odell Korgen,2017-08-11 Whether a student an instructor a researcher or just someone interested in understanding the roots of sociology and our social world The Cambridge Handbook of Sociology Volume 2 is for you This second volume of the Handbook covers specialties within sociology and interdisciplinary studies that relate to sociology It includes perspectives on race class feminist theories special topics e g the sociology of nonhuman animals quality of life social indicators research the sociology of risk the sociology of disaster the sociology of mental health sociobiology the sociology of science and technology the sociology of violence environmental justice and the sociology of food the sociology of the self the sociology of the life course culture and behavior sociology s impact on society and related fields e g criminology criminal justice studies social work social psychology sociology of translation and translation studies and women and gender studies Each essay includes a discussion of how the respective subfield contributes to the overall discipline and to society Written by some of the most respected scholars teachers and public sociologists in the world the essays are highly readable and authoritative **Erich Fromm and Critical Criminology** Kevin Anderson,Richard Quinney,2000 Linking the writings of the great humanist psychologist Erich Fromm to criminology this collection shows how viewing crime patterns and the criminal justice system from Fromm s humanist perspective opens a path to more effective and more humane ways of understanding and dealing with crime and criminals Contributors to Erich Fromm and Critical Criminology draw on Fromm s writings on alienation sadomasochism and patriarchal matriarchal values to assess the kinds of crimes being committed and the kinds of people committing them They explore the spiritual and intellectual sources of Fromm s thought including Jewish theology Freudian psychoanalysis Marxism and Buddhism and demonstrate how his socialist humanism points toward a society free of crime and violence This volume also includes translations of two of Fromm s early articles on criminal justice never before available in English in which he develops a psychoanalytic Marxist critique of the role of criminal justice in a class society At a time when American society seems bent to an unprecedented degree on imprisonment executions and other violent responses to the problem of crime Fromm s humanist critique offers a unique vantage point from which to renew and develop a critical criminology **Humanity & Society** ,2003 **21st Century Sociology: A Reference Handbook** Clifton D. Bryant,Dennis L. Peck,2007 Publisher Description Human Rights and the Reinvention of Freedom Nick Stevenson,2016-10-04 This volume seeks to propose a reinvention of freedom under contemporary conditions of globalization cross border mobility and neo liberal dominance There are currently two predominant myths circulating about freedom The first is that in a global age growing numbers of citizens are less concerned with freedom than they are with security Secondly there is the presumption that freedom only refers to market freedom and consumerism implying that the ideas of choice and consumption are interchangeable with ideas of freedom Stevenson argues that while these arguments are significant they are

deeply misleading More authentic ideas of freedom such as self realisation participating in politics and seeking a meaningful life of self reflection have not been entirely displaced but have instead become reinvented in our global times The cries of freedom can still be heard in a multitude of places from the Arab Spring to the Occupy Movement and from the protests against European austerity to the current popularity of human rights Stevenson also argues that the idea of freedom has become increasingly mobile in our interconnected and transnational society The spaces and places of civil society are more complex in this global age pushing ideas of freedom far beyond the usual arena of national politics This volume brings together a diverse range of cultural interpretations in respect of freedom related to the idea of the commons cosmopolitanism contemporary documentary cinema and the history of jazz music Exploring the ways in which notions of freedom are being re made within the context of the present and looking more precisely at the current threats to freedom it will be of interest to students and scholars of globalization human rights and cultural sociology

The Sociology of Knowledge Werner Stark, This volume serves as both an introduction to the field of the sociology of knowledge and an interpretation of the thought of the major figures associated with its development More than a compendium of ideas Stark seeks here to put order into what he regarded as a diffuse tradition of diverse bodies of thought in particular the seemingly irreconcilable conflict between the study of the political element in thought identified here with Karl Mannheim and the investigation of the social element in thinking associated with the work of Max Scheler The sociology of knowledge is primarily directed toward the study of the precise ways that human experience through the mediation of knowledge takes on a conscious and communicable shape While both schools dealt with by Stark assume that the pursuit of truth is not purposeful apart from socially and historically determined structures of meaning the tradition extending from Marx to Mannheim seeks to expose hidden factors that turn us away from the truth while that of Weber and Scheler attempts to identify social forces that impart a definite direction to our search for it In order to reconcile opposing theoretical positions Stark seeks to lay the foundations for a theory of the social determination of thought by directing his inquiry to the philosophical problem of truth in a manner compatible with cultural sociology Stark s theoretical legacy to the sociology of knowledge is that social influences operate everywhere through a group s ethos From this many systems of ideas and social categories emanate revealing partial glimpses of a synthetic whole The outcome of Stark s work is a general theory of social determination remarkably consistent with contemporary interests in the broad range of cultural studies whose focus is best described as the use of philosophical literary and historical approaches to study the social construction of meaning The Sociology of Knowledge will be of great interest to social scientists philosophers and intellectual historians

Freedom and Consumerism Mark Davis, 2017-05-15 How does Bauman understand the concept of freedom and how does this understanding relate to the political traditions of conservatism liberalism and socialism Mark Davis offers a critical enquiry into the sociology of Zygmunt Bauman focusing on his English language writings from the 1960s onwards The book

contributes to sociological debates about modern society by offering an interpretation of Bauman's work based on the concept of freedom especially in terms of his extensive consideration of consumerism. Existing studies of Bauman have tended to focus uncritically upon other salient themes in his work notably culture power and socialism. Davis repairs the lack of critical engagement in the literature by identifying freedom as a focus for critical reflection. He also opens up new areas of discourse by analyzing Bauman's understanding of freedom in relation to the three great political traditions of conservatism liberalism and socialism. This is an original contribution to discussions around Bauman's work which will be of interest to both sociologists and political theorists. **The Journal of Mind and Behavior**, 1980 Second Thoughts Janet M.

Ruane, Karen A. Cerulo, 2008 Learning More About It Exercises SOCIAL INSTITUTIONS THE ECONOMY Essay 20 Welfare Is Ruining This Country A frequently expressed opinion when talk turns to welfare reform is that too many people are on the dole and too many recipients have other options. In this essay we review some of the least understood dimensions of welfare and explore exactly where welfare money is going. Learning More About It Exercises Essay 21 Immigrants Are Ruining This Nation Why don't you go back where you came from This angry cry seems to be getting more and more familiar as the United States faces the highest levels of immigration in its history Is immigration ruining this nation This essay reviews the historical impact and future trends of immigration in the United States Learning More About It Exercises SOCIAL INSTITUTIONS MEDIA AND TECHNOLOGY Essay 22 Technology Is Taking Over Our Lives This essay examines new communication technologies and explores their role in contemporary social life We begin by considering the ways in which technology has changed the development of community and intimacy We explore as well the impact of new technologies on our definitions of social relations social actors and the public and private spheres Learning More About It Exercises SOCIAL INSTITUTIONS EDUCATION Essay 23 Education Is the Great Equalizer Conventional wisdom tells us that educating the masses will bring equal opportunities to people of all races ethnicities and genders In this essay we explore the truth of this claim and review the progress we have made in bringing a quality education to all Learning More About It Exercises SOCIAL INSTITUTIONS RELIGION Essay 24 We Are One Nation Under God God bless America it's an invocation frequently heard across the U.S. Yet in light of our country's long standing commitment to the separation of church and state God bless America is also a prayer that can make some uncomfortable Are we united or divided with regard to the place of God in our nation This essay explores the issue Learning More About It Exercises Conclusion Why Do Conventional Wisdoms Persist The Positive Functions of Conventional Wisdom Conventional Wisdom as Knowledge In Closing Learning More About It

Introduction to Digital Humanism Hannes Werthner,Carlo Ghezzi,Jeff Kramer,Julian Nida-Rümelin,Bashar Nuseibeh,Erich Prem,Allison Stanger,2023-12-20 This open access textbook introduces and defines digital humanism from a diverse range of disciplines Following the 2019 Vienna Manifesto the book calls for a digital humanism that describes analyzes and most importantly influences the complex interplay of technology and humankind for a better society and life fully respecting universal human rights The book is organized in three parts Part I Background provides the multidisciplinary background needed to understand digital humanism in its philosophical cultural technological historical social and economic dimensions The goal is to present the necessary knowledge upon which an effective interdisciplinary discourse on digital humanism can be founded Part II Digital Humanism a System s View focuses on an in depth presentation and discussion of the main digital humanism concerns arising in current digital systems The goal of this part is to make readers aware and sensitive to these issues including e g the control and autonomy of AI systems privacy and security and the role of governance Part III Critical and Societal Issues of Digital Systems delves into critical societal issues raised by advances of digital technologies While the public debate in the past has often focused on them separately especially when they became visible through sensational events the aim here is to shed light on the entire landscape and show their interconnected relationships This includes issues such as AI and ethics fairness and bias privacy and surveillance platform power and democracy This textbook is intended for students teachers and policy makers interested in digital humanism It is designed for stand alone and for complementary courses in computer science or curricula in science engineering humanities and social sciences Each chapter includes

questions for students and an annotated reading list to dive deeper into the associated chapter material The book aims to provide readers with as wide an exposure as possible to digital advances and their consequences for humanity It includes constructive ideas and approaches that seek to ensure that our collective digital future is determined through human agency

Theoretical Anthropology David Bidney, *Theoretical Anthropology* is a major contribution to the historical and critical study of the assumptions underlying the development of modern cultural anthropology In the new introduction Martin Bidney discusses the present state of anthropology and contrasts it with the scene surveyed in *Theoretical Anthropology* He discusses the relevance of David Bidney's work to our present concerns Also included in this work is the second edition's introductory essay by David Bidney written fifteen years after the first edition of *Theoretical Anthropology* Here the author examines his original aims in writing this book *Theoretical Anthropology* has helped to create among anthropologists the present climate of theoretical self awareness and broad humanistic concerns It has become a standard reference work for anthropologists as well as sociologists

From the American dream to the American nightmare Heinrich Anker, 2024-04-16 Conflicts in Western societies have been on the rise and not just since the financial crisis of 2008 This is generally explained in economic terms with growing disparities in wealth and income The left should benefit from this with its redistribution philosophy However the right is on the upswing even though its neoliberalism is fueling social conflicts How is that Behind the economic tensions lies a deep crisis of meaning The right is exploiting this by offering simplistic set pieces of meaning With success because people strive for nothing so much as meaning in their own lives The example of the USA shows how neoliberalism destroys people and societies Possible solutions also come from there

Seeing and Unseeing Social Structure Lynn Michelle Mulkey, 1995 HH06 *Seeing and Unseeing Social Structure* Sociology's Essential Insights Lynn M Mulkey Hofstra University H4881 2 200 pp 6 x 9 0 205 14881 6 paperback 1995 10 00nk December This book provides a concise yet comprehensive statement of sociology's contribution giving equal importance to the role of sociology in understanding the human condition and as a way of thinking about the world It uses current information on social issues such as drugs and substance abuse crime etc to illuminate the social determinants of our behavior

The ^AOxford Handbook of Humanism Anthony B. Pinn, 2021-07-27 As a system of thought that values human needs and experiences over supernatural concerns humanism has gained greater attention amid the rapidly shifting demographics of religious communities This outlook has taken on global dimensions with activists artists and thinkers forming a humanistic response not only to religion but to the pressing social and political issues of the 21st century The Oxford Handbook of Humanism aims to explore the subject by analyzing its history its philosophical development and its influence on culture It will also discuss humanism as a global phenomenon an approach that has often been neglected in more Western focused works
