churchmen who made up the proletariat of the largest institution across Europe These untapped sources reveal the extent to which parish clergy were embedded in their communities particularly their kinship ties to villagers and their often contentious interactions with male parishioners and clerical colleagues Defiant Priests highlights a clerical culture that embraced violence to resolve disputes and seek revenge to intimidate other men and to maintain their status and authority in the community

Pain, Penance, and Protest Sara M. Butler, 2021-11-18 In medieval England a defendant who refused to plead to a criminal indictment was sentenced to pressing with weights as a coercive measure Using peine forte et dure strong and hard punishment as a lens through which to analyse the law and its relationship with Christianity Butler asks where do we draw the line between punishment and penance And how can pain function as a vehicle for redemption within the common law Adopting a multidisciplinary approach this book embraces both law and literature When Christ is on trial before Herod he refused to plead his silence signalling denial of the court's authority England's discontented subjects from hungry peasant to even King Charles I himself stood mute before the courts in protest Bringing together penance pain and protest Butler breaks down the mythology surrounding peine forte et dure and examines how it functioned within the medieval criminal justice system

*Polluting the Sacred* D. E. Thiery, 2009 The influence of Christianity on the history of violence is often exemplified by famous instances of interfaith conflict like The Crusades However as religions develop they usually marginalize violence against fellow believers long before they ever if at all question violence against others Through an investigation of spiritual and legal sources this book details how Christian teachings about charity sin and purity problematized late medieval parishioners use of violence and how parishioners actually tried to reconcile these teachings with cultural norms that often honored violent conduct By illuminating the impact of lessons concerning the sinfulness of violence and piety of self restraint this book provides a fresh perspective on the important role of religion in the civilizing process of European history

**Kingship, Law, and Society** Edward Powell, 1989 This is the first work devoted to setting the legal system of the early 15th century in its social and political context Rejecting the traditional view of late medieval England as chronically lawless and violent Powell emphasizes instead the structural constraints on royal power to enforce the law and the king's dependence on the cooperation of local society for keeping the peace

The Rise and Fall of Treason in English History Allen Boyer, Mark Nicholls, 2024-02-01 This book explores the development and application of the law of treason in England across more than a thousand years placing this legal history within a broader historical context Describing many high profile prosecutions and trials the book focuses on the statutes ordinances and customs that have at various times governed limited and shaped this worst of crimes It explores the reasons why treason coalesced around specific offences agreed by both the monarch and the wider political nation why it became an essential instrument of enforcement in high politics and why over the past three hundred years it has gradually fallen into disuse while remaining on the statute book This book also considers why treason as both a word and a concept remains so potent in wider modern culture

investigating prevalent current misconceptions about what is and what is not treason It concludes by suggesting that the abolition or death of treason in the near future while a logical next step is by no means a foregone conclusion The Rise and Fall of Treason in English History is a thorough academic introduction for scholars and history students as well as general readers with an interest in British political and legal history Violence and Miracle in the Fourteenth Century Michael Goodich,1995-09 As war pestilence and famine spread through Europe in the Middle Ages so did reports of miracles of hopeless victims wondrously saved from disaster These rescue miracles recorded by over one hundred fourteenth century cults are the basis of Michael Goodich's account of the miraculous in everyday medieval life Rescue miracles offer a wide range of voices rarely heard in medieval history from women and children to peasants and urban artisans They tell of salvation not just from the ravages of nature and war but from the vagaries of a violent society crime unfair judicial practices domestic squabbles and communal or factional conflict The stories speak to a collapse of confidence in decaying institutions from the law to the market to feudal authority Particularly the miraculous escapes documented during the Hundred Years War the Italian communal wars and other conflicts are vivid testimony to the end of aristocratic warfare and the growing victimization of noncombatants Miracles Goodich finds represent the transcendent and unifying force of faith in a time of widespread distress and the hopeless conditions endured by the common people of the Middle Ages Just as the lives of the saints once dismissed as church propaganda have become valuable to historians so have rescue miracles as evidence of an underlying medieval mentalite This work expands our knowledge of that state of mind and the grim conditions that colored and shaped it Landscapes of Fear Yi-Fu Tuan,2013-04-01 To be human is to experience fear but what is it exactly that makes us fearful Landscapes of Fear written immediately after his classic Space and Place is renowned geographer Yi Fu Tuan's influential exploration of the spaces of fear and of how these landscapes shift during our lives and vary throughout history In a series of linked essays that journey broadly across place time and cultures Tuan examines the diverse manifestations and causes of fear in individuals and societies he describes the horror created by epidemic disease and supernatural visions of witches and ghosts violence and fear in the country and the city fears of drought flood famine and disease and the ways in which authorities devise landscapes of terror to instill fear and subservience in their own populations In this groundbreaking work now with a new preface by the author Yi Fu Tuan reaches back into our prehistory to discover what is universal and what is particular in our inheritance of fear Tuan emphasizes that human fear is a constant it causes us to draw what he calls our circles of safety and at the same time acts as a foundational impetus behind curiosity growth and adventure *English Legal History and its Sources* David J. **Inquisition and Medieval Society** James B. Given, 2018-08-06 James B. Given analyzes the inquisition in one French region in order to develop a sociology of medieval politics Established in the early thirteenth century to combat widespread popular heresy inquisitorial tribunals identified, prosecuted and punished heretics and their supporters The inquisition in Languedoc was the best documented of these tribunals because the inquisitors aggressively used the developing techniques of writing and record keeping to build cases and extract confessions Using a

Marxist and Foucauldian approach Given focuses on three inquiries what techniques of investigation interrogation and punishment the inquisitors worked out in the course of their struggle against heresy how the people of Languedoc responded to the activities of the inquisitors and what aspects of social organization in Languedoc either facilitated or constrained the work of the inquisitors Punishments not only inflicted suffering and humiliation on those condemned he argues but also served as theatrical instruction for the rest of society about the terrible price of transgression Through a careful pursuit of these inquiries Given elucidates medieval society's contribution to the modern apparatus of power

International Handbook of Violence Research Wilhelm Heitmeyer, John Hagan, 2005-08-12 An international manual is like a world cruise a once in a lifetime experience All the more reason to consider carefully whether it is necessary This can hardly be the case if previous research in the selected field has already been the subject of an earlier review or even several competing surveys On the other hand more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments That was the situation in Western societies when work began on this project in the summer of 1998 It was then too that the challenges emerged any manual especially an international one is a very special type of text which is anything but routine It calls for a special effort the state of the art has to be documented for selected subject areas and its presentation made as compelling as possible The editors were delighted therefore by the cooperation and commitment shown by the eighty one contributors from ten countries who were recruited to write on the sixty two different topics by the constructive way in which any requests for changes were dealt with and by the patient response to our many queries This volume is the result of a long process It began with the first drafts outlining the structure of the work which were submitted to various distinguished colleagues Friedhelm Neidhardt of Berlin Gertrud Nunner Winkler of Munich and Roland Eckert of Trier to name only a few supplied valuable comments at this stage

and others that show their usefulness for understanding modern life
