Sociological Encyclopedic Englishrurian Dictionary:

A Critical Dictionary of Sociology Raymond Boudon, François Bourricaud, 1989 Unlike most other sociology or social science dictionaries in this translation of the Critical Dictionary of Sociology taken from the second French edition of the Dictionary and edited by the English sociologist Peter Hamilton the critical value of this distinctive work is at last made available for a wider audience Each entry grapples directly with an issue whether theoretical epistemological philosophical political or empirical and provides a strong statement of what the authors think about it The discussions are considered but argumentative By reaffirming that a non marxist style of critique is still possible Boudon and Bourricaud have presented a distinctive approach to the key issues which confront the societies of the Twentieth and Twenty First centuries For some this work will be a textbook for others an indispensable sourcebook of sociological concepts and for most a way of opening our eyes to new dimensions in our understanding of the great ideas and theories of sociology
