**Sociology and the Sacred** Antonius A. W. Zondervan Zondervan, 2016-04-25 The acclaimed American sociologist and cultural philosopher Philip Rieff gained great academic prestige with his thesis on the emergence of Psychological Man in western culture and with his classic book *Freud The Mind of the Moralist* published in 1959 In this work and the later *The Triumph of the Therapeutic* 1966 he not only offered a highly original interpretation of the work of Sigmund Freud but critically evaluated the enormous influence of psychotherapeutic thinking on Western culture However Rieff's later work on the theory of culture did not garner the same attention and his most recent writings have received very little critical engagement In *Sociology and the Sacred* Antonius A W Zondervan sets out to remedy this neglect arguing that Rieff's work is ripe for intellectual reconsideration Zondervan begins by presenting an outline of Rieff's entire body of work focusing on his theory of culture and explaining how the sacred is a key notion pivotal to the overall understanding of Rieff's work The author argues that the present upsurge in religion in many varieties throughout the world cannot be explained by the classical secularization thesis making Rieff's theory of sacred order in culture an essential contribution to a new social theory of religion Including material from personal interviews with Rieff that enabled Zondervan to clarify important aspects of his work *Sociology and the Sacred* is an essential contribution to the understanding of contemporary culture's maintenance of its ties to religion

How is it that American intellectuals who had for 150 years worried about the deleterious effects of affluence more recently began to emphasize pleasure playfulness and symbolic exchange as the essence of a vibrant consumer culture The New York intellectuals of the 1930s rejected any serious or analytical discussion let alone appreciation of popular culture which they viewed as morally questionable Beginning in the 1950s however new perspectives emerged outside and within the United States that challenged this dominant thinking Consuming Pleasures reveals how a group of writers shifted attention from condemnation to critical appreciation critiqued cultural hierarchies and moralistic approaches and explored the symbolic processes by which individuals and groups communicate Historian Daniel Horowitz traces the emergence of these new perspectives through a series of intellectual biographies With writers and readers from the United States at the center the story begins in Western Europe in the early 1950s and ends in the early 1970s when American intellectuals increasingly appreciated the rich inventiveness of popular culture Drawing on sources both familiar and newly discovered this

Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding

topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us
