Some Even Volunteered The Wolfhounds Pacify Vietnam:

Some Even Volunteered Alfred S. Bradford, 1994-10-30 Here is perhaps the best description and evaluation of the life and achievement of the American soldier in Vietnam as they tried to win the hearts and minds of the Vietnamese Bradford served with the First Wolfhounds in Vietnam and was awarded the Bronze Star Air Medal and Purple Heart

Voices from the Vietnam War Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War's influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War* Stories from American Asian and Russian Veterans Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war's events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li's achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly

Vietnam's Children in a Changing World Rachel Burr, 2006 Draws on the author's daily observations of working children in Hanoi and argues that the youngsters are misunderstood by the majority of agencies that seek to support them Looking at the experiences of children in contemporary Vietnam she provides an analysis of how internationally led human rights agendas are often received on the local level

Not a Gentleman's War Milam, 2010-07-13 Wars are not fought by politicians and generals they are fought by soldiers Written by a combat veteran of the Vietnam War Not a Gentleman's War is about such soldiers a gritty against the grain defense of the much maligned junior officer Conventional wisdom holds that the junior officer in Vietnam was a no talent poorly trained unmotivated

Why the North Won the Vietnam War M. Gilbert, 2002-05-30 In this new collection of essays on the Vietnam War eminent scholars of the Second Indo china conflict consider several key factors that led to the defeat of the United States and its allies The book adopts a candid and critical look at the United States stance and policies in Vietnam and refuses to condemn excuse or apologize for America's actions in the conflict Rather the contributors think widely and creatively about the varied reasons that may have

accounted for the United States failure to defeat the North Vietnamese Army such as the role played by economics in America's defeat. Other fresh perspectives on the topic include American intelligence failure in Vietnam, the international dimensions of America's defeat in Vietnam, and the foreign policy of the Democratic Republic of Vietnam. None of the essays have been previously published and all have been specifically commissioned for the book by its editor Marc Jason Gilbert.

Veteran Narratives and the Collective Memory of the Vietnam War John A. Wood, 2016-04-25 In the decades since the Vietnam War, veteran memoirs have influenced Americans' understanding of the conflict. Yet few historians or literary scholars have scrutinized how the genre has shaped the nation's collective memory of the war and its aftermath. Instead, veterans' accounts are mined for colorful quotes and then dropped from public discourse, accepted as factual sources with little attention to how memory, no matter how authentic, can diverge from events or are not contextualized in terms of the race, gender, or class of the narrators. *Veteran Narratives and the Collective Memory of the Vietnam War* is a landmark study of the cultural heritage of the war in Vietnam as presented through the experience of its American participants. Crossing disciplinary borders in ways rarely attempted by historians, John A. Wood unearths truths embedded in the memoirists' treatments of combat, the Vietnamese people, race relations in the United States, military male-female relationships in the war zone, and veterans' postwar troubles. He also examines the publishing industry's influence on collective memory, discussing for example the tendency of publishers and reviewers to privilege memoirs critical of the war. *Veteran Narratives* is a significant and original addition to the literature on Vietnam veterans and the conflict as a whole.

Supplement to Vietnam 1964-1973, 2005 **Supplement to Vietnam 1964-1973** Elwood L. White, 2005 This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium. It is primarily intended as a listing of scholarly works completed since 1990 on the Vietnam War, although some works prior to that date are included. The bibliography is selected from the holdings on that war housed in the McDermott Library, United States Air Force Academy, and includes books, journal articles, government publications, and technical reports. Newspaper articles, works of fiction, collections of poetry, and most personal narratives are not included. The Clark Special Collections Branch of the library has extensive primary source materials and artifacts focused on American POW experiences in Southeast Asia. Those items are also excluded from this bibliography since they are limited to in-house use only. Individuals wanting information about that collection should contact the Special Collections Curator and Academy Archivist.

The Leatherneck, 1996 **A Companion to American Military History** James C. Bradford, 2009-11-03 With more than 60 essays, *A Companion to American Military History* presents a comprehensive analysis of the historiography of United States military history from the colonial era to the present. It covers the entire spectrum of US history from the Indian and imperial conflicts of the seventeenth century to the battles in Afghanistan and Iraq. Features an unprecedented breadth of coverage from eminent military historians and emerging scholars, including little-studied topics such as the military and music, military ethics, care of the dead, and sports.

Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and identifies areas where conflicting interpretations are in need of further study *American Soldiers* Peter S. Kindsvatter, 2003-04-03 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives Others fall victim to fear exhaustion impaired reasoning and despair This was certainly true for twentieth century American ground troops Whether embracing or being demoralized by war these men risked their lives for causes larger than themselves with no promise of safe return This book is the first to synthesize the wartime experiences of American combat soldiers from the doughboys of World War I to the grunts of Vietnam Focusing on both soldiers and marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy terrain training or weaponry Peter Kindsvatter gets inside the minds of American soldiers to reveal what motivated them to serve and how they were turned into soldiers He recreates the physical and emotional aspects of war to tell how fighting men dealt with danger and hardship and he explores the roles of comradeship leadership and the sustaining beliefs in cause and country He also illuminates soldiers attitudes toward the enemy toward the rear echelon and toward the home front And he tells why some broke down under fire while others excelled Here are the first tastes of battle as when a green recruit reported that for the first time I realized that the people over the ridge wanted to kill me while another was befuddled by the unfamiliar sound of bullets whizzing overhead Here are soldiers struggling to cope with war's stress by seeking solace from local women or simply smoking cigarettes And here are tales of combat avoidance and fraggings not unique to Vietnam of soldiers in Korea disgruntled over home front indifference and of the unique experiences of African American soldiers in the Jim Crow army By capturing the core band of brothers experience across several generations of warfare Kindsvatter celebrates the American soldier while helping us to better understand war's lethal reality and why soldiers persevere in the face of its horrors **Phoenix and the Birds of Prey** Mark Moyar, 2022-01-18 This study explodes prevailing myths about the Phoenix Program the CIA's top secret effort to destroy the Viet Cong by neutralizing its civilian leaders Drawing on recently declassified documents and interviews with American South Vietnamese and North Vietnamese sources Mark Moyar examines the attempts to eradicate the Viet Cong infrastructure and analyzes their effectiveness He addresses misconceptions about these efforts and provides an accurate complete picture of the allies decapitation of the Viet Cong shadow government Combining social and political history with a study of military operations Moyar offers a fresh interpretation of the crucial role the shadow government played in the Viet Cong's ascent Detailed accounts of intelligence operations provide an insider's view of their development and reveal what really happened in the safe havens of the Viet Cong Filled with new information Moyar's study sets the record straight about one of the last secrets of the Vietnam War and offers poignant lessons for dealing with future Third World insurgencies This Bison Books edition includes a new preface and chapter by the author *Special Bibliography Series*, 1957 Staying the Course October 1967 to September 1968 Erik B.

Villard, **War** Alfred S Bradford, 2014-12-19 Over 2600 years ago the Parian poet Archilochus wrote we chased seven and killed them the thousand of us In all parts of the world and in all civilizations the history of warfare as well as the ironic humour of those who fight and die can be traced back to the earliest records But the vocabulary of modern warfare army military strategy tactics derives from Greek and Latin while metaphors of conflict similarly evoke ancient times Such expressions and phrases as Live by the sword and die by the sword Pyrrhic victory and arms and the man are commonplace and all come from the classical age Wilfred Owen famous soldier of the Great War could write the bitter line the old lie Dulce et decorum est pro patria mori while expecting his readers to understand both Latin and allusion Combining astute analysis of the logistics of conflict with the ethics of war and drawing on a diverse range of cultural texts from the Iliad to Hugo Grotius and von Clausewitz Alfred S Bradford draws fascinating parallels between warfare and battle in ancient and modern societies He shows that despite huge differences in weaponry and firepower the basic principles of warfare have remained unchanged over thousands of years War in the modern age is persistently illuminated by antiquity **Looking for a Hero** Peter Maslowski, Don Winslow, 2004-01-01 The complicated truth about American hero Joe Ronnie Hooper widely acclaimed as the Vietnam War's most highly decorated soldier is set against the turbulent backdrop of the 1960s and 1970s and draws on extensive interviews with friends family members and military colleagues in a definitive study by the author of A Cool Breeze on the Underground *Indochina Chronology*, 1995 **The Journal of Military History**, 1995 Forthcoming Books Rose Army, 1995-02 **Vietnam Studies** Carl Singleton, 1997-05-22 Provides the interested researcher with background on this small but important country A detailed introduction describes the cultural and societal background of native Vietnamese and Vietnamese Americans Chapters provide annotations classified in categories such as history culture and art language and literature business and economics contemporary Vietnam and the war with America
