interesting things and left entertaining records The story of our nation s development is clearer for the suggestions made by these writers They are prejudiced they see but a part of what is going on they leave many gaps but after all they tell the story The collection was selected and edited in 1900 by Albert Bushnell Hart Professor of History at Harvard University and a well respected and published scholar **American History Told by Contemporaries ...** Albert Bushnell Hart,1901

Fractured Modernity Thomas Welskopp,Alan Lessoff,2016-07-11 The ten essays in this volume deal with the debates and conflicts about modernity in a period of American history when the tensions and strains caused by seemingly unrestrained change and the reactions to it were particularly severe and tangible Partly concentrating on the margins or dark underworlds of modernity such as racism and violence partly focusing on the allegedly unlimited space to negotiate and create social order from scratch the contributions to this volume show that and discuss why modernity was an issue in contemporary United States which seemed to have been even more hotly contested than in Europe at the same time albeit sometimes in terms of Americanism rather than modernism In this book European scholars of the United States apply variations on the transnational discourse on modernity to unexpected dimensions of U S history making this volume a fascinating example of the present day enterprise of internationalizing American studies *The Magazine of American History with Notes and Queries* Martha Joanna Lamb,John Austin Stevens,Henry Phelps Johnston,Benjamin Franklin DeCosta,Nathan Gillett Pond,William Abbatt,2024-08-03 Reprint of the original first published in 1877 **School Work**,1910
