Some Assembly Required Poems:

Some Assembly Required George Bradley, 2021-04-21 George Bradley whose previous work has drawn praise from James Merrill and Harold Bloom here meditates on contemporary culture on the natural world and the world imagined and on the life of the poet Whether he is standing in line at the SuperSave where tabloids beckon or contemplating the change of seasons in a classic sonnet sequence Bradley juxtaposes the sublime workings of the mind with the mundane static that surrounds it What he finds in this conjunction is a surprising beauty a uniquely contemporary formal music and often a curative dose of humor Even verse itself is not exempt from his clarifying view as he proves in *How I Got in the Business* a wild ride through several sorts of commerce including the poetry trade Throughout *Some Assembly Required* Bradley savors both the riveting accident of everyday life and the long view afforded by art in poetry that is taut witty and dynamic

Some Assembly Required Calvin Chen,2020-03-17 One linchpin of China s expansion has been township and village enterprises TVEs a vast group of firms with diverse modes of ownership and structure Based on the author s fieldwork in Zhejiang this book explores the emergence and success of rural enterprises This study also examines how ordinary rural residents have made sense of and participated in the industrialization engulfing them in recent decades How much does TVE success depend on the ruthless exploitation of workers How did peasants turned workers develop such impressive skills so quickly To what extent do employees values affect the cohesion and operations of companies And how long can peasant workers sustain these efforts in the face of increasing market competition The author argues that the resilience of these factories has as much to do with how authority is defined and how people interact as it does with the ability to generate profits How social capital was deployed and replenished at critical moments was central to the eventual rise and consolidation of these enterprises as effective robust institutions Without mutual respect company leaders would have found it impossible to improve their firms productivity workplace stability and long term viability

Love Mending Wall The Gypsy Within Counter Clockwise Capture Nightfall Money Moon O Negative Toy Law No Crib for a Bed That Train **The Friendly Poets and Some of Their Poems Frequently Required for Memory Work in the Schools** William Henry Mandrey, Anna Louise Curtis, 1921 **Your Story** Joanne Fedler, 2017-07-25 We either think our lives are so special that everyone should be interested in what's happened to us or so ordinary that we can't imagine anyone would care. The truth lies somewhere in between: yes, we are all special, and no, people will not care unless we write with them in mind. Joanne Fedler, a beloved writing teacher and mentor, has written *Your Story* to help all people, even those who don't necessarily identify as writers, value their life stories and write them in such a way that they transcend the personal and speak into a universal story. This book shows how to write from your life but for the benefit of others. Each human life is unique, and the meaning we each make from our joys and suffering can, if written with a reader in mind, be an act of generosity and sharing. Filled with practical wisdom and tools, the book tackles mindset issues that prevent us from writing, ways to develop trust in yourself, the process, the mystery, triggers or prompts to elicit our own stories. Joanne's original techniques for lifewriting, developed over a decade of teaching and mentoring, and much more. Joanne understands the writer's loneliness; says one such writer whose life she's touched, the award-winning Israeli author Nava Semel. In this book, she has created a menu of encouraging possibilities on how to overcome our fears and dig deep into our souls so that our true voice can emerge.
