James Stackpole,1927      *The Ohio Newspaper* ,1921      *The Garment Worker* ,1922      *Newspaper Editing - A Manual For Editors, Copyreaders And Students Of Newspaper Desk Work* Grant Milnor Hyde,2021-01-08 Much has happened in the newspaper profession and in the schools of journalism since this book was first published ten years ago The newspapers have covered a World War and war periods have always brought the greatest changes in American newspapers have wrestled with doubled costs of production reduced staffs much merging curtailed income and are now deep in the perplexities of reconstruction Meanwhile schools and courses in journalism have greatly increased in number enrolment and branches of instruction When the book was presented in 1915 it was the first textbook entirely devoted to the problems and technique of newspaper desk work It has therefore been widely used in classes in copyreading headline writing and make up as well as in newspaper offices Its contents have been put to a severe test and some have been found wanting The author himself in using it year after year in class filled many page margins with suggestions for improvement Hence in preparation for its tenth anniversary it is well that the book should receive a thorough overhauling to bring it up to date to put in some things omitted before to make it more usable and teachable Its general structure has not been changed Most of the alterations are in the chapters on copyreading headline writing make up and type but many additions have been made in other chapters Class exercises have now been added to each chapter to present in brief much of the technique of teaching as it has developed in the larger schools They are intended to be suggestive not only to the teacher but to independent students and young newspaper workers A bibliography has been added to suggest further reading In the schools of journalism the methods of

teaching copyreading have developed during the period since first publication probably more than any other branch and have been somewhat standardized
