Some Problems of Transitivity in Swahili W. H. Whiteley, 1975 *Some Problems of Transitivity in Swahili* W. H. Whiteley, 2005-08-04 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **Some Problems of Transitivity in Swahili** Wilfred Howell Whiteley, 1968 **African Language Review** David Dalby, 2013-12-16 First published in 1971 The Sierra Leone Language Review is the African Language Journal of Fourah Bay College the University College of Sierra Leone The Journal is devoted to the detailed study of languages in Sierra Leone and neighbouring areas of West Africa and also to the more general study and discussion of African languages and language problems United Kingdom Publications and Theses on Africa 1967-68 Miriam Alman, 2013-07-04 First published in 1973 This is the fifth issue in the series and covers the years 1967 and 1968 Books and pamphlets have been considered as published in the United Kingdom when their publishers are listed in Whitaker s Publishers in the United Kingdom and their addresses February 1971 This includes many foreign publishers mainly American who have branches in the United Kingdom and whose publications are listed in the British National Bibliography Books published abroad and distributed by British publishers are not included **Generative Investigations** Piotr Bański, Beata Łukaszewicz, Monika Opalińska, 2020-05-15 This volume is a collection of studies in generative morpho syntax and phonology which grew out of the 6th Generative Phonology in Poland GLiP meeting that took place at the University of Warsaw in the spring of 2008 The sixteen papers written by the leading scholars in linguistics as well as young researchers give a representative flavour of investigations across morpho syntax and phonology from the current generative perspective Drawing on recent advances in formal linguistics the majority of studies in this volume test the applicability of available theoretical frameworks to selected bodies of data Some papers discuss the adequacy of competing theoretical solutions in the light of new experimental results The empirical data is drawn from a variety of languages including standard and dialectal Polish Russian Croatian Czech English Frisian and Swahili The purpose is not only to illustrate long standing problems but also to highlight less known facts The collection will thus be relevant to those concerned with theoretical accounts experimental findings Slavic and general linguistics Routledge Library Editions: Linguistics Various, 2021-12-02 Routledge Library Editions Linguistics brings together as one set mini sets or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from Applied Linguistics and Language Learning to Experimental Psycholinguistics and Sociolinguistics Today International Perspectives this set provides in one place a wealth of important reference sources from a wide range of authors expert in the field *Universal Grammar (RLE Linguistics A: General Linguistics)* Edward L. Keenan, 2014-02-03 This collection of 15 articles reflects Edward Keenan s long standing research interests in the comparative syntax of the languages of the world It includes two seminal foundation articles Noun Phrase Accessibility and Universal Grammar with Bernard Comrie and Towards a Universal Definition of Subject of Most of the other articles have

appeared in a variety of relatively inaccessible places and so this book brings together for the first time a large body of work supporting the research directions taken in the foundation articles In addition one article of a psycholinguistic sort was specially prepared for this volume Applicative Morphology Sara Pacchiarotti, Fernando Zuniga, 2022-10-03 This book is about recurrent functions of applicative morphology not included in typologically oriented definitions Based on substantial cross linguistic evidence it challenges received wisdom on applicatives in several ways First in many of the surveyed languages applicatives are the sole means to introduce a non Actor semantic role into a clause When there is an alternative way of expression the applicative counterpart often has no valence increasing effect on the targeted root Second applicative morphology can introduce constituents which are not syntactic objects and or co occur with obliques Third functions such as conveying aspectual nuances to the predicate intensity repetition habituality or its arguments partitive P highly individuated P narrow focusing constituents and functioning as category changing devices are attested in geographically distant and genetically unrelated languages Further this volume reveals that spatial related morphology is prone to developing applicative functions in disparate languages and phyla Finally several contributions discuss the diachrony of applicative constructions and their non syntactic attested functions including a case of applicatives in the making **Grammatical Voice** Fernando Zúñiga, Seppo Kittilä, 2019-03-14 The first ever textbook devoted to the cross linguistic study of voice covering various topics and discussing data from numerous languages *An Introduction to Sociolinguistics* Janet Holmes, 2013-10-31 Sociolinguistics is the study of the interaction between language and society In this classic introductory work Janet Holmes examines the role of language in a variety of social contexts considering both how language works and how it can be used to signal and interpret various aspects of social identity Written with Holmes customary enthusiasm the book is divided into three sections which explain basic sociolinguistic concepts in the light of classic approaches as well as introducing more recent research This fourth edition has been revised and updated throughout using key concepts and examples to guide the reader through this fascinating area including New sections on koines and koineisation linguistic landscapes New Englishes Stylistic language and sexuality societal approaches to attitude research forensic linguistics A new selection of informative examples exercises and maps Fully updated further reading and references sections An Introduction to Sociolinguistics is an essential introductory text for all students of sociolinguistics and a splendid point of reference for students of applied linguistics It is also an accessible guide for those who are simply interested in language and the many and varied uses we put it to **Syntax. 2. Halbband** Joachim Jacobs, 1995 No detailed description available for SYNTAX JACOBS U A HSK 9 2 Case, Semantic Roles, and Grammatical Relations Petra Campe, 1994-07-01 This is the first of a series of 6 books dealing with case phenomena in different languages both Indo and non Indo European resulting from work by a team of 20 specialists at the University of Leuven It is the first time such a large scale investigation into case has been undertaken and a remarkable feature of the project is the use of computer corpora of authentic material This

bibliography presents the many dimensions involved in research into case and case related phenomena This includes not only morphological case markers but also the crossconstituent semantic and grammatical relations expressed by morphological case or by its various counterparts morpho syntactic processes such as transitivity and passivization and pragmatic and textual considerations In addition the bibliography reflects the implications of case research for other disciplines such as foreign language teaching and artificial intelligence More than 6000 publications are listed An extensive Subject Index provides easy access to all the topics and major concepts covered A Language Index and a Guide to Languages Language Families conclude the book The other volumes in the series include The Dative 2 vols The Genitive The Nominative and Accusative and Non nuclear Cases Participation Hansjakob Seiler,Waldfried Premper,1991 A History of African Linguistics H. Ekkehard Wolff,2019-06-13 The first global history of African linguistics as an emerging autonomous academic discipline covering Africa the Americas Asia Australia and Europe **The White Spaces of Kenyan Settler Writing** Terrence L. Craig,2017-03-27 The White Spaces of Kenyan Settler Writing provides an overview of Kenyan literature by white writers in the half century before Independence in 1964 Such literature has been over shadowed by that of black writers to the point of critical ostracism It deserves attention for its own sake as the expression of a community that hoped for permanence but suffered both disappointment and dispossession It deserves attention for its articulation of an increasingly desperate colonial and Imperial situation at a time when both were being attacked and abandoned in Africa as in other colonies elsewhere and when a counter discourse was being constructed by writers in Britain as well as in Africa Kenya was likely the best known twentieth century colony for it attracted publicity for its iconic safaris and its Happy Valley scandals Yet behind such scenes were settlers who had taken over lands from the native peoples and who were trying to make a future for themselves based on the labour willing or forced of those people This situation can be seen as a microcosm of one colonial exercise and can illuminate the historical tensions of such times The bibliography is an attempt to collect the literary resources of white Kenya in this historically significant period Language Typology and Syntactic Description: Volume 1, Clause Structure Timothy Shopen,1985-07-25 The three volumes of Language Typology and Syntactic Description offer a unique survey of syntactic and morphological structure in the languages of the world Topics covered include parts of speech passives complementation relative clauses adverbial clauses inflectional morphology tense aspect and mood and deixis The major ways these notions are realized in the languages of the world are explored and the contributors provide brief sketches of relevant aspects of representative languages Each volume is written in an accessible style with new concepts explained and exemplified as they are introduced Although each volume can be read independently together they provide a major work of reference that will serve as a manual for field workers and anyone interested in cross linguistic generalizations *Essays on Language Function and Language Type* Joan L. Bybee,John Haiman,Sandra A. Thompson,1997-01-01 In their subject matter and in their theoretical orientation all the papers in this volume reflect the powerful influence of T Giv n Most of them

deal with questions of morphosyntactic typology pragmatics and grammaticalization theory Many of them are directly based on extensive fieldwork on local languages of the Americas Africa Asia and the Pacific Others are based on statistical analyses of extensive written and spoken corpora of texts

The Passive ANNA SIEWIERSKA, 2024-05-01 First published in 1984 The Passive surveys a wide range of different constructions which have all been termed passives by linguists using data from a large number of genetically and typologically diverse languages Chapter 1 raises questions about the nature of passives and exposes some of the difficulties inherent in the traditional assumptions Chapter 2 examines the personal passive and includes a discussion on the relationship between the passive and transitivity Chapter 3 to 5 deal with impersonal periphrastic and reflexive passives exploring the varied problems raised by each construction and focusing particularly on English and Southeast Asian languages The two final chapters look at various attempts to explain exceptions to the passive in both semantic and syntactic terms with an additional section on pragmatics This book will appeal to all of those involved in the field of comparative linguistics

Historical Linguistics 1991 Jaap van Marle, 1993-08-06 This volume contains 22 of the 95 papers presented during ICHL 10 The articles included here clearly reflect the on going interest in the general mechanisms of language change the close relationship between present day historical linguistics and linguistic theory and the renewed interest in language contact The papers deal with more general issues as well as with specific problems in diverse languages and language groups The volume contains three indexes of names of languages and of subjects
