Gilbert, 2007-11-04 Stacy created this book in response to the many African

American women that approach her on a daily basis These women ask her questions about her hair and express that they would like to do something similar to their hair It s impossible to give a stranger on the street the knowledge and experience you have gained for years Stacy decided to put it in writing Initially it was going to be a website but that didn t work out She is now glad that it didn t The book is a self help inspirational book designed to hopefully change the negative thinking African Americans have about their God given hair The book contains some poetry written by the author It also shares many of the author s ups and downs when she transitioned from CROP Chemically Relaxed Or Pressed hair to an African inspired hairstyle The book presents four aspects that African American women will likely have to go through She hopes that African American women will realize how beautiful their hair truly is without it being straightened The four aspects the book presents are listed below in brief summaries

Spiritual Transformation A good start to begin the transformation from CROP hair to natural is to get quiet before God and simply ask Him for direction regarding your hair It will be difficult hearing from God if you re not in a quiet place or if your mind is not quiet full of stress and worries Take deep breaths and close your eyes Meditate on the scripture found in Genesis 1 31 God did not make a mistake with your hair He purposely made our hair different from all of the other races I don t know any other race of people whose hair is as unique as ours And yet we will bend over backwards to straighten it Remember every thing that God made was good Every thing

Mental Transformation Become cognizant of your own language when describing your hair or someone else s hair texture Control the atmosphere in your home by surrounding yourself with pictures of beautiful women with African inspired hairstyles I have seen some beautiful natural hairstyles on packages of hair products Instead of throwing the package away hold on to it for inspiration Look at these pictures everyday

Physical Transformation You may have to take baby steps if you have worn your hair straight for most of your life A baby step could be to give your weave a break If you don t wear weaves then start letting your relaxer grow out When you finally transition your hair celebrate it If you wear make up put it on with your new hairstyle Put your accessories on and your favorite outfit Stand in front of the mirror alone with no distractions Ask yourself what do you see Don t ask anyone else until you have decided what you think about it If you do ask someone ask a close loved one Say a simple prayer before you leave your house Ask God to give you a boost in your security level with your new look You will come to a point when you will not need to pray for confidence regarding your appearance

Emotional Transformation Surround yourself with people who are more concerned with the inner you Superficial people make superficial friends Remember people do no like change People will not accept change or won t be able to see your beauty if you can t see it for yourself If you ever come to the point where you feel the need to backslide because of what they say look at the person that is being negative Do you admire their personal style Do they have a personal style or are they wearing the same styles as everybody else I can honestly say that every negative comment look or snare always always came from someone whose style clothes hair etc I did not personally think much of Although this book is written for African American women the book has a
