Some things There:

Something's Down There Mickey Spillane, 2004 The legendary master of hard boiled classics returns with a razor sharp espionage thriller When fellow fishermen in the Caribbean begin falling prey to a mysterious sea entity retired government operative Mako Hooker investigates *Why there is Something rather than Nothing* Bede Rundle, 2004-02-05 Why should there be anything at all Why in particular should a material world exist Bede Rundle advances clear non technical answers to these perplexing questions If as the theist maintains God is a being who cannot but exist his existence explains why there is something rather than nothing However this can also be explained on the basis of a weaker claim Not that there is some particular being that has to be but simply that there has to be something or other Rundle proffers arguments for thinking that that is indeed how the question is to be put to rest Traditionally the existence of the physical universe is held to depend on God but the theist faces a major difficulty in making clear how a being outside space and time as God is customarily conceived to be could stand in an intelligible relation to the world whether as its creator or as the author of events within it Rundle argues that a creator of physical reality is not required since there is no alternative to its existence There has to be something and a physical universe is the only real possibility He supports this claim by eliminating rival contenders he dismisses the supernatural and argues that while other forms of being notably the abstract and the mental are not reducible to the physical they presuppose its existence The question whether ultimate explanations can ever be given is forever in the background and the book concludes with an investigation of this issue and of the possibility that the universe could have existed for an infinite time Other topics discussed include causality space verifiability essence existence necessity spirit fine tuning and laws of Nature *Why There Is Something Rather Than Nothing* offers an explanation of fundamental facts of existence in purely philosophical terms without appeal either to theology or cosmology It will provoke and intrigue anyone who wonders about these questions *Is Something There?* Barrie Bussey, 2018-09-14 It is a barren part of space No star systems certainly no planets and nothing that could sustain life Why then are people attracted here and why do they start acting in strange ways when they arrive Is there something here after all This is a science fiction novel describing a series of separate tales of mysterious behaviour including murder assault and sabotage but they are all linked together in a common theme surrounding this peculiar part of space *There's Something About Saipan!* Walt F.J. Goodridge, 2021-06-09 Yes there s something about Saipan that endears it to visitors and residents alike But what is it exactly Is it the weather Is it the unique history Is it the warm welcoming indigenous Chamorro and Carolinian people Is it the unique mix of guest workers and expats from all over the world Is it the unique possibly magical energetically enhanced proximity to the Marianas Trench a combination of all these or something as yet unidentified Read more at <https://www.waltgoodridge.com/books> **There Must Be Something More!** Sid Roth, 2009-09-28 As a young Jewish businessman Sid Roth s goal was to be a millionaire before age 30 At age 29 he realized that was not going to happen Sid left his wife family and job at Merrill Lynch to look for

happiness Instead things got much worse Sid's search took him into the New Age where he became suicidal and almost lost his mind He knew the demons attacking him were real Where could he go for help No psychiatrist could solve his problem No rabbi Not even his devoted parents On the worst night of Sid's life a tangible presence entered his room and filled him with an indescribable peace

There's Something In The Water Ingrid R. G. Waldron, 2021-03-25T00:00:00Z In *There's Something In The Water* Ingrid R G Waldron examines the legacy of environmental racism and its health impacts in Indigenous and Black communities in Canada using Nova Scotia as a case study and the grassroots resistance activities by Indigenous and Black communities against the pollution and poisoning of their communities Using settler colonialism as the overarching theory Waldron unpacks how environmental racism operates as a mechanism of erasure enabled by the intersecting dynamics of white supremacy power state sanctioned racial violence neoliberalism and racial capitalism in white settler societies By and large the environmental justice narrative in Nova Scotia fails to make race explicit obscuring it within discussions on class and this type of strategic inadvertence mutes the specificity of Mi kmaq and African Nova Scotian experiences with racism and environmental hazards in Nova Scotia By redefining the parameters of critique around the environmental justice narrative and movement in Nova Scotia and Canada Waldron opens a space for a more critical dialogue on how environmental racism manifests itself within this intersectional context Waldron also illustrates the ways in which the effects of environmental racism are compounded by other forms of oppression to further dehumanize and harm communities already dealing with pre-existing vulnerabilities such as long standing social and economic inequality Finally Waldron documents the long history of struggle resistance and mobilizing in Indigenous and Black communities to address environmental racism

Kolakowski,2007-11-20 Do we have free will How can we know anything What is justice Why is there evil in the world What is the source of truth Is it possible for God not to exist Can we really believe what we see These are some of the questions that

have intrigued the world's greatest thinkers over the ages. They are questions that make us think about the way we live, work, relate to each other, and see the world. In elegant and accessible prose, the eminent philosopher Leszek Kolakowski explores the essence of these ideas and their ongoing relevance as he introduces us to the great figures of Western thought from Socrates to St Augustine, Descartes to Nietzsche and beyond. Reflecting on the great issues that animate our lives: good and evil, truth and beauty, faith and the soul, free will and consciousness. Why Is There Something Rather Than Nothing offers a guided tour of Western philosophy by one of the world's greatest living experts. **Something Wicked out There** Dave Gamboa, 2021-07-07 After a stressful day at the office, graphics designer Andrew White heads home for the day but is followed by a series of strange happenings. But when he crosses the darkness, what he discovers next is something he never should have stepped into: another world. A world beyond an eerie cave where the inhabitants live only to succumb to the evil therein. A world where creatures of the night await their prey. Not to mention Zyprexela, the mysterious vixen who is not always what she appears. Escape is not an option, and Andrew must fight the wicked warrior Drago. However, if he can befriend an old prisoner who holds a deadly secret that could save him from a certain death, he just might live. But then again, can he ever escape the wicked world?

There's Something I Think You Should Know Jon Morrison, 2009-07 What are you going to do after high school? What is the purpose of my existence on earth? How come people never achieve their dreams? Does God have anything to say about my life? There are so many questions that a young graduate must answer. They could use a little help figuring it out. *If There is Something to Desire* Vera Pavlova, 2012-01-10 Now in paperback, the widely acclaimed collection of one hundred poems of extraordinarily elegant simplicity by one of the best-selling poets in Russia, whose presence on the American poetry scene is increasingly strong. Pavlova writes about love, both sexual love and the love that reaches beyond sex, about motherhood, about the memories of childhood that continue to feed us about our lives as passionate souls abroad in the world. Sensitively translated by her husband Steven Seymour, Pavlova's poems are highly disciplined miniatures. I broke your heart. Now barefoot I tread on shards. A whole poem in ten words. Pavlova is a poet who storms our hearts with pure talent and a seemingly effortless gift for shaping poems.
