Thoughts to make You Wonder MGA Brown,2011-12-05 After I overcame a stroke which paralysed me on my right hand side I was determined to recover and did not give up until I re gained my ability to walk I also fought with dyslexia it was a challenge to write books but I have proved that you can achieve many things if you are determined This book is about how the way you think can influence your results in life i e what is the subconscious mind and how can it help to contribute to finding success in the things that you do in life It is an established idea that success comes to people who do things in a certain way Indeed it has been said that people who understand how their mind works could tend to achieve more in life So read and enjoy the thoughts that are presented in this book Best Wishes MGA Brown
