Monthly Bret Harte,1925 *Poems* Mrs. Thomas Yarrell (Sr.),1913 **Continent** ,1917 **Slow War** Benjamin Hertwig,2017-08-14 Benjamin Hertwig s debut collection of poetry *Slow War* is at once an account of contemporary warfare and a personal journey of loss and the search for healing It stands in the tradition of Wilfred Owen s *Dulce et Decorum Est* and Kevin Powers s *Letter Composed During a Lull in the Fighting* A century after the First World War Hertwig presents both the personal cost of war in poems such as *Somewhere in Flanders* *Afghanistan* and *Food Habits of Coyotes as Determined by Examination of Stomach Contents* and the potential for healing in unlikely places in *A Poem Is Not Guant namo Bay* This collection provides no easy answers Hertwig looks at the war in Afghanistan with the unflinching gaze of a soldier and the sustained attention of a poet In his accounting of warfare and its difficult aftermath on the homefront the personal becomes political While these poems inhabit both experimental and traditional forms the breakdown of language channels a descent into violence and an ascent into a future that no longer feels certain where history and trauma are forever intertwined Hertwig reminds us that remembering war is a political act and that writing about war is a way we remember **India in Translation, Translation in India** GJV Prasad,2019-06-20 *India in Translation* Translation in India seeks to explore the contours of translation of and in India how Indian texts travel around the world in translation how Indian texts travel across languages in the subcontinent and how texts from various languages of the world travel to India The book poses pertinent questions like What influences the choice of texts and the translations both within and outside India Are there different ideas of India produced through these translations What changes have occurred over the last two hundred odd years from the time of colonialism and anti colonial struggle to that of globalisation How does one rate the success or otherwise of a translation What is the role of these translations in their host languages in their cultural and literary polysystems The book includes eighteen essays from eminent academics and researchers who examine the numerous facets of the rich and varied translation activity It shows how borders both national and subnational and generic are created how they are reinforced and how they are crossed While looking at the theory methodology and language of translation the essays also enunciate the role of translations in political social and cultural movements **The Book of Deuteronomy, Chapters 1-11** Bill T. Arnold,2022-11-01 The book of Deuteronomy can rightly be called a compendium of the most important ideas of the Old Testament So begins this commentary on the book of Deuteronomy which Bill Arnold treats as the heart of the Torah and the fulcrum of the Old Testament crystallizing the themes of the first four books of the Bible and establishing the theological foundation of the books that follow After a thorough introduction that explores these and other matters Arnold provides an original translation of the first eleven chapters of Deuteronomy along with verse by verse commentary with the translation and commentary of the remaining chapters following in a second volume As with the other entries in the *New International Commentary on the Old Testament* Arnold remains rooted in the book s historical context while focusing on its meaning and use as Christian Scripture today Ideal for pastors students scholars and interested laypersons this commentary is an
