She shows how these varying representations have helped to colour the attitudes, beliefs, and assumptions

of different generations of Australians To what extent have children's books enabled readers to understand Aboriginal culture relations between Aboriginal and non Aboriginal people and relationships between Aboriginality and national identity Bradford draws on examples from popular and literary children's books of all genres fiction non fiction picture books and school texts She reveals that many children's books display the tensions and uncertainties inherent in relations between Aboriginal and non Aboriginal people Bradford also uncovers the different ideologies of race that have informed Australian children's texts from the nineteenth century to currently popular writers demonstrating cultural shifts in the representation of Aboriginality over time The result is a ground breaking and intelligent picture of how Australian children's books by both white and Aboriginal writers have negotiated the matter of race Reading Race will enhance the ways in which we come to read and understand the complex and delicate issues around Aboriginal white relations It will be an invaluable resource in the fields of post colonial studies Indigenous and Aboriginal studies literary and cultural studies and children's literature
