Sonetos Completos:

Sonetos completos Jorge Guillén, 1988 **Sonetos de amor** Victor de Lama, 1996 Selección de 150 sonetos de la lengua española El arte en la Italia del Renacimiento John T. Paoletti, Gary M. Sonnets and Poems of Anthero de Quental Anthero de Quental, 1922 **El Siglo de Oro en escena** Odette Gorsse, Frédéric Serralta, 2006 Love Poetry in the Spanish Golden Age Isabel Torres, 2013 This work engages with a broader evaluation of early modern poetics that foregrounds the processes rather than the products of thinking The locus of the study is the Imperial home space where love poetry meets early modern empire at the inception of a very conflicted national consciousness and where the vernacular language Castilian emerges in the encounter as a strategic site of national and imperial identity The political is therefore a pervasive presence teased out where relevant in recognition of the poet's sensitivity to the ideologies within which writing comes into being But the primary commitment of the book is to lyric poetry and to poets individually and in their dynamic interconnectedness Moving beyond a re-evaluation of critical responses to four major poets of the period Garcilaso de la Vega Herrera Gongora and Quevedo this study disengages respectfully with the substantial body of biographical research that continues to impact upon our understanding of the genre and renegotiates the Foucauldian concept of the epistemic break often associated with the anti-mimetic impulses of the Baroque This more flexible model accommodates the multiperspectivism that interrogated Imperial ideology even in the earliest sixteenth century poetry and allows for the exploration of new horizons in interpretation Cover page 4 **A Revisionary History of Portuguese Literature** Miguel Tamen, Helena C. Buescu, 2021-10-28 First published in 1999 this volume is a collection of papers on Portuguese literature giving a historical and more updated review Included are twelve essays presented in chronological order providing students with a series of assessments and developments **From Lack to Excess** Yolanda Martínez-San Miguel, 2008 From Lack to Excess analyzes the narrative and rhetorical structures of Latin American colonial texts by establishing a dialogue with studies on minority discourse minor literatures and postcolonial theory After reviewing the main contributions and limitations of Transatlantic Early Modern and Postcolonial studies for the interpretation of Latin American colonial textualities Martínez San Miguel takes as a point of departure the subtle yet pervasive semantic link between the

terms minority and colonialism prevalent in current studies on ethnic and sexual identities She then engages the disciplinary debate between Colonial Latin American studies and Early Modern Transatlantic and Postcolonial studies paying attention to the epistemic and institutional junctures that explain the current reconfiguration of these fields As an alternative to an exhausted debate Martinez San Miguel uses Gilles Deleuze and Felix Guattari's notion of a minor literature along with current studies on minority discourse to propose new close readings of texts by Hernan Cortes Alvar Nunez Cabeza de Vaca the Inca Garcilaso de la Vega Carlos de Sigüenza y Gongora and Sor Juana Ines de la Cruz From Lack to Excess traces a discursive voyage that configures a linguistic matrix from the initial lack of language to the excessive Baroque representation of American reality BOOK JACKET Las Indias Occidentales en la poesía sevillana del Siglo de Oro Mercedes Cobos, 1997

facets epistemological ontological cultural and historical the author reads the fragmented lyric subject of Gongorist poetics back against Renaissance precursors Rojas Celestina and the poetry of Bosc n and Garcilaso and in anticipation of the truncated and isolated subject of modernity The study concludes with an examination of the interaction between the legacies of Gongorism and French Symbolism in the work of selected poets of the Latin American Vanguard Gorostiza Paz and Vallejo
