Metro-Goldwyn-Mayer, 1959 **From My Cold, Dead Hands** Emilie Raymond, 2006-08-18 Charlton Heston is perhaps most famous for his portrayal of Moses in Cecil B DeMille's epic *The Ten Commandments* and for his Academy Award winning performance in the 1959 classic *Ben Hur* Throughout his long career Heston used his cinematic status as a powerful moral force to effect social and political change Author Emilie Raymond examines Heston's role as a crusader for individual rights and his evolution into a major American political figure with a pivotal role in the conservative movement Heston's political activities were as varied as they were time consuming He worked with the Kennedy Johnson Nixon Reagan and first Bush administrations He marched in support of black civil rights served as the president of the Screen Actors Guild and helped shape policy for the National Endowment for the Arts before taking on his most high profile position president of the National Rifle Association Over the course of his career Heston became disillusioned with the Democrats he formally registered with the Republican Party in the 1980s arguing that the decision was in keeping with his longtime advocacy of individual rights *From My Cold Dead Hands* is far more than a biography it is a chronicle of the resurgence of American conservative thought and in particular the birth of neoconservatism Heston's brand of neoconservatism differed from that of the exclusively intellectual wing and he came to represent a previously ignored segment of neoconservatives operating on the basis of more common emotionally oriented concerns The neocons brought new life to the GOP and Raymond convincingly argues that Heston revitalized conservatism in general his image of morality individualism and masculinity lent the conservative movement credibility with a larger public He effectively campaigned for conservative candidates and causes using his popularity and image to fuel and legitimize his political activities Heston's high degree of political engagement not only paved the way for many of today's Hollywood activists but also helped popularize many of the beliefs of the neoconservative movement A balanced look at Heston and his offscreen work *From My Cold Dead Hands* explains how this charismatic man of conviction propelled his personal beliefs into the political mainstream of America **American Blockbuster** Charles R. Acland, 2020-07-24 *Ben Hur* 1959 *Jaws* 1975 *Avatar* 2009 *Wonder Woman* 2017 the blockbuster movie has held a dominant position in American popular culture for decades In *American Blockbuster* Charles R Acland charts the origins impact and dynamics of this most visible entertaining and disparaged cultural form Acland narrates how blockbusters emerged from

Hollywood's turn to a hit driven focus during the industry's business crisis in the 1950s. Movies became bigger, louder, and more spectacular. They also became prototypes for ideas and commodities associated with the future of technology and culture, accelerating the prominence of technological innovation in modern American life. Acland shows that blockbusters continue to be more than just movies; they are industrial strategies and complex cultural machines designed to normalize the ideologies of our technological age.

Running the Race Brian Steel Wills, 2022-09-27 From Moses and Michelangelo to Andrew Jackson and Thomas Jefferson, Wills provides a compelling treatment of Heston's long and successful career. Gary W. Gallagher, author of *The Confederate War*, Brian Steel Wills captures for the first time a comprehensive view of Charlton Heston's climb to fame, his search for the perfect performance, and the meaningful roles he played in support of the causes he embraced in *Running the Race*. The Public Face of Charlton Heston: The actor was born and raised in the Michigan woodlands and suburbs of Chicago, where he found his love of acting in the books he read and the movies he saw. After the Second World War interrupted his journey when he served his country, the lights of New York City and Broadway beckoned. Live television offered an important platform, but Hollywood and feature films were his destiny. His roles were as varied as they were powerful and included stints as Moses, Ben-Hur, El Cid, Michelangelo, Mike Vargas, and Charles, Chinese Gordon, under legendary directors like Cecil B. DeMille, William Wyler, Franklin Schaffner, and Orson Welles. He shifted to science fiction in *Planet of the Apes* and *Soylent Green*, a wide range of action and disaster films, and more nuanced roles such as Will Penny. Over his decades of performance, Heston defined and redefined his public face in a constant quest for an audience for his work. He undertook wide-ranging public service roles for the government, the arts, and other causes. In *Running the Race*, award-winning historian Brian Steel Wills digs deep to paint a rich portrait of Heston's extraordinary life, a mix of complications and complexities that touched film, television, theater, politics, and society.

The Hollywood Story Joel Waldo Finler, 2003 This fully revised and updated edition of an award-winning classic traces the history of Hollywood from the silent era to the present day. *The Hollywood Story* comprehensively covers every aspect of movie making in America, taking in nickelodeons, drive-ins, and multiplexes; the transition from silent to sound, black and white to color; the relationships of producers, directors, stars, and technicians; and the function and output of the studios, their major hits, and most expensive flops.

The Movies are Carl Sandburg, 2000 A compilation of hundreds of Sandburg's writings on film during the silent era for the *Chicago Daily News*, showing how this great American writer was an early champion of movies and their possibilities, and thus set the stage for future film criticism.

Chronicling Ben-Hur's Climb, 1880-1924 Barbara Ryan, 2019-04-29 First published in 1880, Lew Wallace's *Ben-Hur* is one of the best-selling novels of all time. Employing analytical strategies from the fields of literature, fan studies, reception history, and media research, Barbara Ryan traces *Ben-Hur*'s popularity from 1880 to 1924. She analyzes fan mail as well as a wide range of manuscript and print sources, using as her starting place two letters in which admirers declared that they would rather be the author of *Ben-Hur* than to be President of the United States.

Ryan's discussion of the novel in terms of its contemporary fandom makes it possible for her to dispel misconceptions about the novel's audience which include assumptions about its popularity with all Christians. She makes fascinating connections between Ben Hur slavery discourse and the changing nature of U.S. politics to challenge critics who assume that Wallace consciously used a sure-fire formula. By shedding light on attempts to squash the novel's popularity, Ryan examines dramatizations of Ben Hur by amateurs and on Broadway. Her in-depth reception history of Ben Hur's incarnations in print and on stage establishes the novel's importance for understanding nineteenth-century U.S. literature, politics, and culture.

Sadlier, 2019-08-09. A beautifully illustrated look inside of Indiana University Bloomington's renowned library of rare books, manuscripts, and related oddities. What do locks of Edgar Allan Poe's hair, Sylvia Plath's attractive handmade paper dolls, John Ford's Oscars, and Ian Fleming's James Bond 007 cigars have in common? They are just a few of the fascinating objects found in the world-famous Lilly Library located on the campus of Indiana University Bloomington. In this beautifully illustrated A to Z volume, Darlene J. Sadlier journeys through the library's wide-ranging collections to highlight dozens of intriguing items and the archives of which they are a part. Read about life and death masks of John Keats, Abraham Lincoln, and Theodore Dreiser; Walt Whitman's last pencil and vintage board games, mechanical puzzles, and even comic books. Among the more peculiar items are a pair of elk teeth and an eerily realistic wall-mount bust of Boris Karloff. Sadlier writes engagingly about the Lilly Library's major historical collections which include Civil War diaries and a panopticon of the war called the Myriopticon War of 1812, payment receipts to spies, and the World War II letters and V-mail of journalist Ernie Pyle. This copiously illustrated, entertaining, and educational book will inspire you to take your own journey and discover for yourself the wonders of the Lilly Library. **The Gladiators vs. Spartacus, Volume 1** Henry MacAdam, Duncan Cooper, 2020-11-13. Using previously unpublished correspondence and personal journal entries from screenwriter Abraham Polonsky, neglected notices in *Variety* and other Hollywood trade publications, and a wide range of published sources, this narrative backstory of rival movie productions of *The Gladiators* vs. *Spartacus* documents that intense competition with greater precision and clarity than any other existing account. The key role that this little-known chapter of Hollywood's blacklist history played in connection with Dalton Trumbo's successful effort to win screen credit for *Spartacus* is now for the first time available to film historians and lay readers. A companion study, Volume 2, is devoted to Abraham Polonsky's rediscovered screenplay. [Harper & Brothers' descriptive List of their publications.
