Stage 3 is a practical manual to help teachers of 11-14 year olds to focus on key aspects of developing their pupils' non-fiction writing. The book presents a clear teaching sequence that emphasizes the link between reading and writing and can raise pupils' attainment levels in both areas. Practical writing workshops focus on the six main types of non-fiction as defined in the NLS Framework for Year 7: information, recount, explanation, instruction, persuasion and discussion texts. Each workshop includes photocopiable sample texts, instructions for teachers and tasks for pupils to complete. With advice on how to make best use of a writing journal and how to progress in sentence construction, how to make sentences more flexible and better adapted to purpose, the book is a practical and immediately useful resource for KS3 teachers. National Curriculum National Disaster looks beyond the classroom and discusses the way in which the infrastructure of school codes of conduct, the physical environment of school sites and the hierarchy of human resources within schools impact on the aims and reality of the National Curriculum. An alternative skills-based educational programme is also outlined, which may be more likely to fulfil the expectations that many parents now hold for the education of their children.
