Straight Thinking in an Age of Exotic Beliefs Dan Day, Marvin Moore, 2012 Hanging on by Your Fingernails Dan Day, 1993 **Paperbound Books in Print**, 1992 **American Book Publishing Record**, 1988 *Subject Guide to Books in Print*, 1993 Forthcoming Books Rose Army, 1988-09 **Punk Rock is My Religion** Francis Stewart, 2017-06-26

As religion has retreated from its position and role of being the glue that holds society together something must take its place Utilising a focused and detailed study of Straight Edge punk a subset of punk in which adherents abstain from drugs alcohol and casual sex Punk Rock is My Religion argues that traditional modes of religious behaviours and affiliations are being rejected in favour of key ideals located within a variety of spaces and experiences including popular culture Engaging with questions of identity construction through concepts such as authenticity community symbolism and music this book furthers the debate on what we mean by the concepts of religion and secular Provocatively exploring the notion of salvation redemption forgiveness and faith through a Straight Edge lens it suggests that while the study of religion as an abstraction is doomed to a simplistic repetition of dominant paradigms being willing to examine religion as a lived experience reveals the utility of a broader and more nuanced approach

Theosis Michael Paul Gama, 2017-02-20 Evangelicalism is reaching an inflection point The exodus of millennials from Evangelical churches and the growth of those self identifying as Nones as in None of the Above for their church affiliation is concerning for the movement's future Evangelical leaders offer mixed responses to this challenge from circling the wagons to an enthusiastic Everything must change posture Theosis takes a different approach Seeking to understand Evangelicalism and its origins this book suggests that Evangelicalism is best understood as the sibling of western Enlightenment Modernity which served it well until the modern cultural ethos began to shift dramatically toward post modernity In this shift young Evangelicals principally postmoderns themselves are abandoning their father's Evangelicalism and its perceived linearity hyper rationalism either or exclusivity and faith expression too often perceived as stripped of mystery and wonder Theosis proposes that to move forward Evangelicalism must go back to the future to re engage with the patristic understanding of salvation as theosis deification or union with God This radical return and broadening of the doctrine of salvation has begun to gain traction in Western Christendom slowly being considered as it has always in the Christian East as mere Christianity

psychological context of maturing thought and the implications for religious education which are provocative and far reaching are explored Teachers clergy and parents will find this book a challenge to reconsider not only how the growing child views what he is taught but also the reasons why he frequently misunderstands religious teaching By presenting a systematic account of religious thinking from 6 to 17 years Dr Goldman adds a new dimension to our insights into child development
