Strains Of Utopia:

Strains of Utopia Caryl Flinn, 1992-06-15 When Dmitri Tiomkin thanked Johannes Brahms Johann Strauss Richard Strauss and Richard Wagner upon accepting the Academy Award for his score of *The High and the Mighty* in 1954 he was honoring a romantic style that had characterized Hollywood's golden age of film composition from the mid 1930s to the 1950s Exploring elements of romanticism in film scores of composers ranging from Erich Korngold to Bernard Herrmann Caryl Flinn argues that films tended to link music to the sense of an idealized lost past Just as the score of *Gone with the Wind* captured the grandeur of the antebellum South others prompted flashbacks or suggested moments of emotional intensity and sensuality Maintaining that many films treated this utopian impulse as a female trait Flinn investigates the ways Hollywood genre films particularly film noir and melodrama sustained the connection between music and nostalgia utopia and femininity The author situates Hollywood film scores within a romantic aesthetic ideology noting compositional and theoretical affinities between the film composers and Wagner with emphasis on authorship creativity and femininity Pointing to the lasting impact of romanticism on film music Flinn draws from poststructuralist Marxist feminist and psychoanalytic criticism to offer fresh insights into the broad theme of music as an excessive utopian condition *The ^AOxford Handbook of New Audiovisual Aesthetics* John Richardson, Claudia Gorbman, Carol Vernallis, 2013-08-20 This handbook provides powerful ways to understand changes in the current media landscape Media forms and genres are proliferating as never before from movies computer games and iPods to video games and wireless phones This essay collection by recognized scholars practitioners and non academic writers opens discussion in exciting new directions **The Oxford Handbook of New Audiovisual Aesthetics** John Richardson, Claudia Gorbman, Carol Vernallis, 2013-10-03 Media forms and genres are proliferating as never before from movies computer games and iPods to video games and wireless phones This essay collection by recognized scholars practitioners and non academic writers opens discussion in exciting new directions

Seeing Through Music Peter Franklin, 2011-08 *Seeing Through Music* levels the critical playing field between film music and so called serious music reflecting upon gender related ideas about music and modernism as much as about film It proposes a history of twentieth century music that would include the scores of a number of the major Hollywood movies discussed here

Traditions, Institutions, and American Popular Tradition John Covach, Walter Everett, 2013-12-19 This issue explores the often uneasy relationship between rock and classical music by presenting a range of essays on the composers performers theorists historians critics and listeners who welcome the difficult but fruitful intercourse between classical and popular culture Fascinating philosophical and analytical issues arise as a picture of the rich historical relationship between the two media emerges John Covach is associate professor of music at the University of North Carolina at Chapel Hill He has published numerous articles on rock music twelve tone music and theory and the philosophy of music He is co editor with Graeme Boone of *Understanding Rock Essays in Musical Analysis* Oxford UP 1997 Also includes 32

musical examples Walter Everett is associate professor of music of Music at the University of Michigan He has published numerous articles on rock music art song opera Schenkerian theory and other topics He is author of *The Beatles as Musicians: Revolver through the Anthology* O

Music in Film Pauline Reay, 2004 *Music in Film Soundtracks and Synergy* discusses a broad range of films from classical Hollywood through to American independents and European art films and offers a brief history of the development of music in film from the silent era to the present day In particular this book explores how music operates as a narrative device and also emotionally and culturally By focusing on the increasing synergy between film and music texts it includes an extended case study of *Magnolia* as a film script which developed from a pop song Emphasis is also placed on the divide between the high culture of the orchestral score and the low culture of the pop song

A Critical Companion to Wes Craven John Darowski, Fernando Gabriel Pagnoni Berns, 2023-08-08 In *A Critical Companion to Wes Craven* contributors use a variety of theoretical frameworks to analyze distinct areas of Craven's work including ecology auteurism philosophy queer studies and trauma This book covers both the successes and failures contained in Craven's extensive filmography ultimately revealing a variegated portrait of his career Scholars of film studies horror and ecology will find this book particularly interesting

Post-Theory David Bordwell, Noel Carroll, 2012-11 Since the 1970s the academic study of film has been dominated by Structuralist Marxism varieties of cultural theory and the psychoanalytic ideas of Freud and Lacan With *Post Theory* David Bordwell and Noel Carroll have opened the floor to other voices challenging the prevailing practices of film scholarship Addressing topics as diverse as film scores national film industries and audience response *Post Theory* offers fresh directions for understanding film

Trilogies as Cultural Analysis Gregory Stephens, 2018-10-12 This book offers a big picture view of three universal themes as seen in literary representations sea crossing tales human animal relations and late father son relationships Seen in triptych these writings demonstrate how passing between worlds and across cultures has become the normative human condition Authors analyzed within a hemispheric and post national frame include works by Ernest Hemingway J M Coetzee's late Jesus novels and Esmeralda Santiago's *When I Was Puerto Rican* Fusing literary criticism communication studies and literary nonfiction within a writing studies framework *Trilogies* argues for the inclusion in our writing of personal institutional and disciplinary perspectives The book invites readers to re imagine writing and communication styles How can we envision and communicate the representations of between world experiences that are all around us What kinds of writing and communication styles can travel beyond our bubbles engage General Education students and gain a hearing in the public sphere

Utopia Method Vision Tom Moylan, Raffaella Baccolini, 2007 This collection addresses the ways in which the contributors approach their study of the objects and practices of utopianism understood as social anticipations and visions produced through texts and social experiments and of how in turn those objects and practices have shaped their intellectual work and research perspectives

The Poitier Effect Sharon Willis, 2015-03-01 The civil rights struggle was convulsing the nation its violence broadcast into every living room Against this

fraught background Sidney Poitier emerged as an image of dignity discipline and moral authority Here was the picture perfect black man helping German nuns build a chapel in *The Lilies of the Field* and overcoming the prejudices of recalcitrant students in *To Sir with Love* a redneck sheriff in *In the Heat of the Night* and a prospective father in law in *Guess Who's Coming to Dinner* In his characters restrained responses to white people's ignorance and bad behavior Poitier represented racial reconciliation and reciprocal respect the Poitier effect that Sharon Willis traces through cinema and television from the civil rights era to our own The Poitier effect in Willis's account is a function of white wishful thinking about race relations It represents a dream of achieving racial reconciliation and equality without any substantive change to the white world This notion of change without change conforms smoothly with a fantasy of colorblindness a culture in which difference makes no difference Willis demonstrates how Poitier's embodiment of such a fantasy figures in the popular cinema of the civil rights era and reasserts itself in recent melodramas such as *The Long Walk Home* *Pleasantville* *Far from Heaven* and *The Help* From change without change to change we can believe in her book reveals how the Poitier effect complicated by contemporary ideas about feminism sexuality and privilege continues to inform our collective memory as well as our visions of a postracial society

John Williams's Film Music Emilio Audissino, 2014-06-12 John Williams is one of the most renowned film composers in history He has penned unforgettable scores for *Star Wars* the *Indiana Jones* series *E.T. the Extra Terrestrial* *Jaws* *Superman* and countless other films Fans flock to his many concerts and with forty nine Academy Award nominations as of 2014 he is the second most Oscar nominated person after Walt Disney Yet despite such critical acclaim and prestige this is the first book in English on Williams's work and career Combining accessible writing with thorough scholarship and rigorous historical accounts with insightful readings John Williams's *Film Music* explores why Williams is so important to the history of film music Beginning with an overview of music from Hollywood's Golden Age 1933-58 Emilio Audissino traces the turning points of Williams's career and articulates how he revived the classical Hollywood musical style This book charts each landmark of this musical restoration with special attention to the scores for *Jaws* and *Star Wars* Williams's work as conductor of the Boston Pops Orchestra and a full film music analysis of *Raiders of the Lost Ark* The result is a precise enlightening definition of Williams's neoclassicism and a grounded demonstration of his lasting importance for both his compositions and his historical role in restoring part of the Hollywood tradition Best Special Interest Books selected by the American Association of School Librarians Best Books for General Audiences selected by the Public Library Reviewers

Opera as Soundtrack Jeongwon Joe, 2016-05-13 Filmmakers' fascination with opera dates back to the silent era but it was not until the late 1980s that critical enquiries into the intersection of opera and cinema began to emerge Jeongwon Joe focusses primarily on the role of opera as soundtrack by exploring the distinct effects opera produces in film effects which differ from other types of soundtrack music such as jazz or symphony These effects are examined from three perspectives peculiar qualities of the operatic voice various properties commonly associated with opera such as excess otherness or death

and multifaceted tensions between opera and cinema for instance opera as live embodied high art and cinema as technologically mediated popular entertainment Joe argues that when opera excerpts are employed on soundtracks they tend to appear at critical moments of the film usually associated with the protagonists and the author explores why it is opera not symphony or jazz that accompanies poignant scenes like these Joe's film analysis focuses on the time period of the post 1970s which is distinguished by an increase of opera excerpts on soundtracks to blockbuster titles the commercial recognition of which promoted the production of numerous opera soundtrack CDs in the following years Joe incorporates an empirical methodology by examining primary sources such as production files cue sheets and unpublished interviews with film directors and composers to enhance the traditional hermeneutic approach The films analysed in her book include Woody Allen's Match Point David Cronenberg's M. Butterfly and Wong Kar wai's 2046

Utopia: Social Theory and the Future Keith Tester, Michael Hviid Jacobsen, 2016-02-17 In the light of globalization's failure provide the universal panacea expected by some of its more enthusiastic proponents and the current status of neo liberalism in Europe a search has begun for alternative visions of the future alternatives to the free market and to rampant capitalism Indeed although these alternatives may not be conceived of in terms of being a perfect order there does appear to be a trend towards utopian thinking as people including scholars and intellectuals search for inspiration and visions of better futures If as this search continues it transpires that politics has little to offer then what might social theory have to contribute to the imagination of these futures Does social theory matter at all What resources can it offer this project of rethinking the future Without being tied to any single political platform Utopia Social Theory and the Future explores some of these questions offering a timely and sustained attempt to make social theory relevant through explorations of its resources and possibilities for utopian imaginations It is often claimed that utopian thought has no legitimate place whatsoever in sociological thinking yet utopianism has remained part and parcel of social theory for centuries As such in addition to considering the role of social theory in the imagination of alternative futures this volume reflects on how social theory may assist us in understanding and appreciating utopia or utopianism as a special topic of interest a special subject matter a special analytical focus or a special normative dimension of sociological thinking Bringing together the latest work from a leading team of social theorists this volume will be of interest to sociologists social and political theorists anthropologists and philosophers

Utopia's Discontents Faith Hillis, 2021-04-16 Utopia's Discontents provides the first synthetic treatment of the Russian revolutionary emigration before the Revolution It argues that neighborhoods created by Russian exiles became sites of revolutionary experimentation that offered their residents a taste of their anticipated utopian future

Beautiful Monsters Michael Long, 2008 A virtuoso performance In this work of vastly erudite cultural imagination Long both dazzles and illuminates He has fashioned in elegant prose a thrilling mosaic of critical interpretation one that is assured a central place on the leading edge of music scholarship Albin Zak author of The Poetics of Rock Cutting Tracks Making Records

The Rise and Fall of an African Utopia Stanley

Barrett,2010-10-30 In 1947 a group of Yoruba speaking fishermen who had been persecuted because of their religious beliefs founded their own community in order to worship in peace Although located in an impoverished part of Nigeria within a few years the village enjoyed remarkable economic success This was partly because the fishermen held all goods in common pooled the profits in the community treasury and attempted to reduce the importance of the family and marriage After about a generation the utopia began to fall apart The early religious zeal faded private enterprise replaced communalism and the family became strong once more In an attempt to explain the initial success and eventual decline of the utopia the author compares it with neighbouring villages that embraced similar religious beliefs but did not enjoy the same economic success He sets the problem firmly in a broad comparative framework and draws the implications for theories of development especially Weber's Protestant ethic thesis **Discourse** ,1994 **Sounding American** Jennifer Fleegeer,2014-05-01 Sounding American Hollywood Opera and Jazz tells the story of the interaction between musical form film technology and ideas about race ethnicity and the nation during the American cinema's conversion to sound Contrary to most accepted narratives about the conversion which tend to explain the competition between the Hollywood studios film sound technologies in qualitative and economic terms this book argues that the battle between disc and film sound was waged primarily in an aesthetic realm Opera and jazz in particular though long neglected in studies of the film score were extremely important in defining the scope of the American soundtrack not only during the conversion but also once sound had been standardized Examining studio advertisements screenplays scores and the films themselves author Jennifer Fleegeer concentrates on the interactions between musical form and film technology arguing that each of the major studios appropriated opera and jazz in a unique way in order to construct its own version of an ideal American voice Traditional histories of Hollywood film music have tended to concentrate on the unity of the score a model that assumes a passive spectator Sounding American claims that the classical Hollywood film is essentially an illustrated jazz opera with a musical structure that encourages an active form of listening and viewing in order to make sense of what is ultimately a fragmentary text Music and Cinema James Buhler,Caryl Flinn,David Neumeyer,2000-11 A wide ranging look at the role of music in film
