Strange Bedfellow:

Strange Bedfellow Janet Dailey,1992 *The True Self and False Self* Matthew Brett Vaden,2022-01-06 We go through life focusing our attention on many things But how much do we focus on ourselves We may be aware of many things but are we self aware This is a question our contemporary culture asks us to consider more and more and words like self awareness personal identity authenticity and mindfulness are becoming not just buzz words but virtues The ancient dictum know thyself reverberates in all corners of our lives from Disney characters on our TVs to DISC profiles at our workplaces Some of the more mindful members of our society may even be tempted to disdain those who are not as mindful as they are But what if our self aware culture hailing us to pursue our true selves is unaware of itself What if our definitions of true and false self understanding are myopic slanted towards a narrow solipsism that is actually leading people away from authenticity while all the while championing it If so how would we know Who is best able to define these things and to teach us how to know ourselves truly Matthew Brett Vaden traces the wisdom of past and modern day sages to discover how we can truly discover ourselves **Catalog of Copyright Entries.
