Strange Case Of Dr Kappler:

The Strange Case of Dr. Kappler Keith R. Ablow, 1994 In 1975 Dr John Kappler secretly attempted to kill three of his patients Ten years later when he tried again he was arrested but freed on a technicality Then in 1990 Kappler deliberately ran down and killed two absolute strangers Here is a chilling portrait of a doctor gone wrong and a medical establishment that looked the other way

Field Guide to the Spirit World Susan B. Martinez, 2019-03-26 A comprehensive examination of the many ways the spirit world affects our minds and the material plane Provides a detailed guide to the Afterlife and its inhabitants Reveals the spirit influence behind many mental disorders as well as psi abilities and creative genius Includes checklists of symptoms of spirit overshadowing methods from the world's top exorcists and instructions on how to free unwanted spirits from the material plane We are spirits housed in a body and just as houses can be haunted so can people When the living succumb to dissociative states of consciousness they become a magnet for lost but clinging spirits Known as jinn dybbuk daemon wuqabi or simply the undead they hover unseen on the earth plane ready to inhabit the most suitable body available Documenting the life of wandering spirits and their impact on vulnerable human targets Susan Martinez offers a radical departure from the standard psychological explanations for a host of pathological behaviors including multiple personality autism epilepsy migraines obsessive compulsive disorder depression schizophrenia anxiety PTSD self destructive urges and strange outbursts and reveals that hallucinations are often true impressions of spirit input Martinez explains how mental health comes down to the delicate balance between self control and spirit control When trauma triggers an escape response the soul takes flight leaving the mind susceptible to possession by discarnate entities However the spirit world can also bestow gifts upon those whose psyches are open such as in the case of mediums shamans people who communicate with angels and many of the world's creative geniuses Martinez presents overshadowing by spirits as a universal cross cultural phenomenon documenting modern and traditional accounts as well as corroborating indigenous beliefs She examines soul decay soul travel both before and after death as well as how knowledge of the spirit world can offer positive treatments for disorders like schizophrenia and autism Providing a detailed guide to the spirit world and its inhabitants the author offers checklists of symptoms of overshadowing methods from the world's top exorcists and instructions on how to free spirits so they can continue their journey into the beyond all the tools necessary to forearm us against soul snatchers and other enemies of the Light

Homicide Carl P. Malmquist, 2007-04-02 Most professional books on the subject of homicide convey a criminological or legal standpoint Homicide A Psychiatric Perspective complements those approaches by offering a clinical understanding unique in the literature considering not merely the crime but the broad spectrum of homicidal behavior Combining psychiatric knowledge of that behavior with actual case material this work provides a single expert point of view synthesizing current literature while maintaining a focused perspective that not only reviews the macroscopic findings of descriptive nosology but also places the individual murderer under the microscope This new edition considers aspects of

homicidal behavior in American society that were not prominent a decade ago as evidenced by such phenomena as the Columbine killings and public fascination with *The Sopranos*. Dr Malmquist draws on his extensive background in forensic psychiatry and consultancy experience in hundreds of murder cases blending medical biological psychological and social factors to forge a psychiatric understanding of homicide in the twenty first century. He provides insight into such key concerns as epidemiology the ongoing difficulty of predicting homicidal behavior in psychotic individuals and the contrasting viewpoints of psychiatry and the legal system and he describes how various clinical psychiatric conditions such as narcissism and depression have their own special vulnerabilities for homicidal violence. The book uses DSM IV TR as a diagnostic framework and adds a psychodynamic component for appropriate cases offering a broad overview of homicide today. Cases are drawn from evaluated homicidal individuals not simply generic examples and reflect homicides that involve a legal conviction a confession or clinical material beyond media reportage. New to this edition are insights into recent homicide trends such as sexual and serial murders school killings homicide among preadolescents stalking murder by health care personnel and close combat killings in the military. Statistical data on epidemiology have been updated recent cases have been added and the latest legal decisions are discussed all making this book as timely as it is authoritative. **Homicide A Psychiatric Perspective** is an essential reference for mental health professionals as well as attorneys correctional officers or social workers engaged in criminal law. With its keys to evaluating patients or defendants who have engaged in serious acts of violence it offers unprecedented clinical insights into the homicidal mind.

Without Mercy Russell Ablow, 2024-05-01 The New York Times bestselling psychologist and true crime author examines the twisted mind of a doctor driven to kill time and again. Dr John Kappler was a well respected physician in dozens of California hospitals yet none of his patients ever imagined that his true calling was murder. The horror began the day he secretly attempted to kill three patients including a pregnant woman who suffered permanent brain damage at his hands. Then in a driving rampage Kappler rammed another car stole it and used it as a lethal weapon. Yet incredibly his fellow doctors bailed him out of jail and he was soon back on the job. Desperate to satisfy his lust for killing Kappler plunged a patient into cardiac arrest. Next he pulled the plug on an unconscious man. Finally he exploded in a terrifying rage of violence and murder. Pressing the accelerator of his car to the floor he cut down a promising young doctor and seconds later maimed a toddler's mom for life. In **Without Mercy** Keith Ablow examines Kappler's many crimes his eventual murder trial and his unsuccessful insanity defense.

The Insanity Offense: How America's Failure to Treat the Seriously Mentally Ill Endangers Its Citizens E. Fuller Torrey, 2012-01-02 A leading expert on mental illness outlines the tragic consequences of deinstitutionalization and sounds the call for reform. Torrey weaves together narratives of individual tragedies with sobering data on the nation's failure to treat the mentally ill.

Geronticide Michael Brogden, 2001 Overview **American Psychosis** E. Fuller Torrey, 2013-08-22 Fifty years after John F Kennedy's speech on mental illness and retardation E Fuller Torrey's book provides an insider's perspective on the birth of

the federal mental health program Torrey draws on his own first hand account of the creation and launch of the program as well as extensive research one on one interviews with those involved and recently unearthed audiotapes of interviews with major figures involved in the legislation **Atlantis Rising Magazine - 110 March/April 2015** J. Douglas
