**Individuality Incorporated** Joel Pfister, 2004-02-16 Explores the drive of whites to individualize Indians showing them how they should pursue happiness find the meaning of life and how they should labor **American Ideal** Paul M. Rego, 2008-04-28 This book examines the political thought of Theodore Roosevelt specifically his ceaseless desire and effort to reconcile America's individualistic tradition with the more collectivistic ideals of his Progressive brethren Many scholars and lay people alike cast Roosevelt as either conservative or liberal but his political thought defies so simple an interpretation it was more nuanced and had a larger purpose than mere ideology A thorough study of Roosevelt's writings reveals his conviction that the concepts of personal autonomy and civic concern were not mutually exclusive In fact Roosevelt argued that it was because the principles of self reliance and personal freedom were important that it was sometimes necessary for the entire community to use its collective power and in some cases the institutions of the government to enable individuals to do what they could not do alone Moreover while Roosevelt advocated and was responsible for a great expansion in the regulatory powers of the national government he understood in contrast to many other Progressive reformers that inspirational rhetoric and positive example could be as good as institutional reform and the force of law in compelling individuals to support one another in a spirit of civic attachment In his public writings Roosevelt sought to shape the American mind in ways that he thought proper Even his writings on nature hunting ranching and military life were part of his political thought in that they were intended to teach Americans about the importance of balancing those individualistic values that are healthy and vital to a society discipline personal responsibility and a strong work ethic with such positive collectivistic values as an appreciation for mutual support and a concern for the good of the community [Making Another World Possible](#) Peter Ryley, 2013-07-18 Making Another World Possible identifies the British contribution to the genealogy of modern green and anti capitalist thinking by examining left libertarian ideologies in the late 19th and early 20th century Britain and highlighting their influence on present day radical thought As capitalism heralded the triumph of technology

greater production and a new urban industrial society some imagined alternatives to this notion of progress based on endless economic growth The book examines the development of ideas from these dissidents who included communists class warriors free thinkers secularists and Christian communitarians All shared the same beliefs that the benefits of industrialism could only be realized through equality and that urban culture depended on a healthy agriculture and harmony with the natural world concerns that are still of great importance today This distinctive history of anarchist ideas reappraises the work of thinkers and revises the historical picture of the radical milieu in 19th and 20th century Britain It will be an essential resource to anyone researching the history of ideas and studying anarchism     The Cumulative Book Index ,1995 A world list of books in the English language     **Capitalism and Classical Social Theory, Second Edition** John Bratton,David Denham,2014-01-24 Most texts on classical social theory offer exhaustive coverage of every possible theorist making it difficult to use the book in one semester Capitalism and Classical Social Theory Second Edition represents a departure from this approach by offering solid coverage of the classical triumvirate Marx Durkheim and Weber but also extending the canon strategically to include Simmel four early female theorists and the writings of Du Bois The result is a manageable but thorough examination of the key classical theorists The second edition has been updated throughout and includes two new chapters one on Weber and rationalization and one on Du Bois and his writings on race A new concluding chapter links classical theory to current developments in capitalism during an age of austerity     Juncture in Time Robert / T. Jefferson,2009-04     **Bibliographic Index** ,1994     **Afterlives of Chinese Communism** Christian Sorace,Ivan Franceschini,Nicholas Loubere,2019-06-25 Afterlives of Chinese Communism comprises essays from over fifty world renowned scholars in the China field from various disciplines and continents It provides an indispensable guide for understanding how the Mao era continues to shape Chinese politics today Each chapter discusses a concept or practice from the Mao period what it attempted to do and what has become of it since The authors respond to the legacy of Maoism from numerous perspectives to consider what lessons Chinese communism can offer today and whether there is a future for the egalitarian politics that it once promised     **Jesus in an Age of Neoliberalism** James G. Crossley,2014-10-20 Jesus in an Age of Neoliberalism analyses the ideology underpinning contemporary scholarly and popular quests for the historical Jesus Focusing on cultural and political issues the book examines postmodernism multiculturalism and the liberal masking of power The study ranges across diverse topics the dubious periodisation of the quest for the historical Jesus biblioblogging Jesus the Great Man and western individualism image conscious Jesus scholarship the Jewishness of Jesus and the multicultural Other evangelical and mythical Jesuses and the contradictions between personal beliefs and dominant ideological trends in the construction of historical Jesuses Jesus in an Age of Neoliberalism offers readers a radical revisioning of contemporary biblical studies     Karl Polanyi Gareth Dale,2016-08-25 The work of Karl Polanyi has gained in influence in recent years to become a point of reference to a wide range of leading authors in the fields of economics politics

sociology and social policy Newly available in paperback this volume is a combination of reflections on and assessment of the nature of Polanyi's contribution and new strands of work both theoretical and empirical that has been inspired by Polanyi's insights It gathers together the key contributions to the first ever workshop on the work of Karl Polanyi held in the United Kingdom Several of the contributions develop Pol

**Capitalism and Classical Social Theory, Third Edition** John Bratton, David Denham, 2019-05-31 In this third edition of Capitalism and Classical Social Theory John Bratton and David Denham build on the classical triumvirate Karl Marx, Emile Durkheim and Max Weber by extending the conversation to include early female theorists such as Mary Wollstonecraft and Charlotte Perkins Gilman as well as the writings of W E B Du Bois and G H Mead Connecting current headlines in the political mainstream to concepts like alienation, anomie, class, gender, race and the environment Capitalism and Classical Social Theory sheds light on how classical social theories may be applied and understood within a contemporary context This revised and expanded third edition features topical discussions of socio-economic shifts in the post Trump and post Brexit world and uses original excerpts and additional readings to further contextualize the significance of classical social theory today

**The Overman in the Marketplace** Ishay Landa, 2009-04-01 This book explores the emergence and significance of a Nietzschean heroic model in 20th century popular culture some notable examples of which are James Bond, Tarzan and Hannibal Lecter

**How Will Capitalism End?** Wolfgang Streeck, 2016-11-08 In How Will Capitalism End the acclaimed analyst of contemporary politics and economics Wolfgang Streeck argues that the world is on the cusp of enormous change The marriage between democracy and capitalism ill-suited partners brought together in the shadow of the Second World War is unravelling The regulatory institutions that once restrained the financial sector's excesses have collapsed and there is no political agency capable of rolling back the liberalization of the markets

**American Zombie Gothic** Kyle William Bishop, 2010-02-09 Zombie stories are peculiarly American as the creature was born in the New World and functions as a reminder of the atrocities of colonialism and slavery The voodoo-based zombie films of the 1930s and 40s reveal deep-seated racist attitudes and imperialist paranoia but the contagious cannibalistic zombie horde invasion narrative established by George A Romero has even greater singularity This book provides a cultural and critical analysis of the cinematic zombie tradition starting with its origins in Haitian folklore and tracking the development of the subgenre into the twenty-first century Closely examining such influential works as Victor Halperin's White Zombie, Jacques Tourneur's I Walked with a Zombie, Lucio Fulci's Zombi 2, Dan O'Bannon's The Return of the Living Dead, Danny Boyle's 28 Days Later and of course Romero's entire Dead series it establishes the place of zombies in the Gothic tradition Instructors considering this book for use in a course may request an examination copy here

**Middle Class: An Intellectual History through Social Sciences** Matteo Battistini, 2022-07-18 Matteo Battistini offers a critical deconstruction of the fetish that social sciences have forged for legitimising American capitalism The intellectual history of the middle class provides the social history of a political concept that assumes a specific scientific content acquiring an

ideological centrality that has no equal in European history The social sciences have freed the middle class from its historical relationship with work in an attempt to emancipate it from the tension into which it was continually dragged by class conflict In this way the social sciences overturn the image of opposing forces of labour and capital into a consensual order whereby capitalism and democracy would coexist without tension This book was originally published as *Storia di un feticcio La classe media americana dalle origini alla globalizzazione* by Mimesis Milan Italy 2020

**Parkour, Deviance and Leisure in the Late-Capitalist City** Thomas Raymen, 2018-12-05 This book examines the contradictions surrounding popular lifestyle sports such as parkour and freerunning and their exclusion from our hyper regulated city centres The author combines ethnographic data and complex theory to move beyond tropes of resistance and acknowledge and explain the paradox of parkour against a backdrop of late capitalism

**In Need of a Master** Dominik Finkelde, Rebekka Klein, 2021-05-10 The volume *In Need of a Master Politics Theology and Radical Democracy* discusses how our so called postmodern age of widespread ideological critique paves the way for reactionary and conservative political movements At center stage is the question of whether these movements can and must be contrary to widespread beliefs among liberal elites interpreted both as a symptom of a political awakening in the horizon of political theology in our era of immanence as well as perhaps the perilous end of democracy as we know it The book brings to the fore political theology as the hidden agenda of politics and presents at the same time Christian and Jewish theological traditions as an antidote to a global empire with its often unacknowledged rule of immanence

### **Strange Death Of Capitalist Individualism Introduction**

In today's digital age, the availability of Strange Death Of Capitalist Individualism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Strange Death Of Capitalist Individualism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Strange Death Of Capitalist Individualism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Strange Death Of Capitalist Individualism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Strange Death Of Capitalist Individualism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Strange Death Of Capitalist Individualism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Strange Death Of Capitalist Individualism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT

OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Strange Death Of Capitalist Individualism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Strange Death Of Capitalist Individualism books and manuals for download and embark on your journey of knowledge?
