Strange Studies From Life And Other Narratives:

Strange Studies from Life and Other Narratives Arthur Conan Doyle, Peter A. Ruber, 1992 *Blood & Ink* Albert Borowitz, 2002 The interplay between crime fact and crime fiction can be detected back to literature's earliest beginnings True crime has long been the basis of many plots of memorable literature from Nathaniel Hawthorne's *The Scarlet Letter* to Jean Genet's play *The Maids* there has often been blood on the page Conan Doyle for the Defense Margalit Fox, 2019-06-25 A wonderfully vivid portrait of the man behind Sherlock Holmes Like all the best historical true crime books it's about so much more than crime Tana French author of *In the Woods* A sensational Edwardian murder A scandalous wrongful conviction Sir Arthur Conan Doyle to the rescue a true story After a wealthy woman was brutally murdered in her Glasgow home in 1908 the police found a convenient suspect in Oscar Slater an immigrant Jewish cardsharp Though he was known to be innocent Slater was tried convicted and consigned to life at hard labor Outraged by this injustice Arthur Conan Doyle already world renowned as the creator of Sherlock Holmes used the methods of his most famous character to reinvestigate the case ultimately winning Slater's freedom With an eye for the telling detail a forensic sense of evidence and a relish for research *The Wall Street Journal* Margalit Fox immerses readers in the science of Edwardian crime detection and illuminates a watershed moment in its history when reflexive prejudice began to be replaced by reason and the scientific method Praise for Conan Doyle for the Defense Artful and compelling Fox's narrative momentum never flags Conan Doyle for the Defense will captivate almost any reader while being pure catnip for the devotee of true crime writing *The Washington Post* Developed with brio Fox is excellent in linking the 19th century creation of policing and detection with the development of both detective fiction and the science of forensics ballistics fingerprints toxicology and serology as well as the quasi science of criminal anthropology *The New York Times Book Review* Fox has an eye for the telling detail a forensic sense of evidence and a relish for research *The Wall Street Journal* Gripping The book works on two levels much like a good Holmes case First it is a fluid story of a crime Second and more pertinently it is a deeper story of how prejudice against a class of people the covering up of sloppy police work and a poisonous political atmosphere can doom an innocent We should all heed Holmes's salutary lesson rationally follow the facts to find the truth Time Foul Deeds & Suspicious Deaths in Shrewsbury and Around Shropshire David J. Cox, 2008-10-16 Sixteen true crime cases with a connection to two West Midlands English towns from the Middle Ages to the early decades of the twentieth century Criminal cases give us a fascinating often harrowing insight into crime and the criminal mind into policing methods and the justice system They also tell us much about social conditions and attitudes in the past And such cases make absorbing reading David Cox's graphic account of 16 notorious cases in Shrewsbury and around Shropshire is a particularly strong and revealing study of this kind Using newspaper reports census returns and court records he reconstructs each case in vivid detail At the same time he looks into the background of the crimes and into the lives of the criminals and he describes the methods of detection and the

punishments that were imposed The cases he s chosen range in date from the medieval period to the twentieth century Included are the case of the forger who had his ear nailed to a post the father who killed his infant son with vitriol the transportation of a seventy year old woman the murder of an inmate in a lunatic asylum a twentieth century highway robber and a VC winner involved in bigamy The personal dramas David Cox explores in this book will be compelling reading for anyone who is interested in the sinister side of human nature and human weakness Criminal cases give us a fascinating often harrowing insight into crime and the criminal mind into policing methods and the justice system They also tell us much about social conditions and attitudes in the past And such cases make absorbing reading David Cox s graphic account of 16 notorious cases in Shrewsbury and around Shropshire is a particularly strong and revealing study of this kind Using newspaper reports census returns and court records he reconstructs each case in vivid detail At the same time he looks into the background of the crimes and into the lives of the criminals and he describes the methods of detection and the punishments that were imposed The cases he s chosen range in date from the medieval period to the twentieth century Included are the case of the forger who had his ear nailed to a post the father who killed his infant son with vitriol the transportation of a 70 year old woman the murder of an inmate in a lunatic asylum a twentieth century highway robber and a VC winner involved in bigamy The personal dramas David Cox explores in this book will be compelling reading for anyone who is interested in the sinister side of human nature and human weakness *Class List for English Prose Fiction* Boston Public Library,1877

Explorations in Narrative Research Ivor F. Goodson,Avril M. Loveless,David Stephens,2013-02-12 There has been a major turn towards narrative biographical and life history approaches in the academy over the last 30 years What are some of the new directions in narrative research How do narrative research approaches help us to understand the world differently What do we learn by listening to stories and narratives How do narratives extend our understanding that other research approaches do not This collection of work grows from a symposium organised to explore new directions in narrative research What emerges is a fascinating innovative and generative series of essays generally exploring narrative enquiry and more specifically themes of culture and context identity teacher education and methodology This book will be useful for students and researchers using narrative and biographical methods in a range of disciplines including education sociology cultural and development studies ... **English Prose Fiction, Including Translations** ... The Thing on the Doorstep and Other Weird Stories H. P. Lovecraft,2013-10-01 A definitive edition of stories by the master of supernatural fiction Howard Phillips Lovecraft s unique contribution to American literature was a melding of traditional supernaturalism derived chiefly from Edgar Allan Poe with the genre of science fiction that emerged in the early 1920s This Penguin Classics edition brings together a dozen of the master s tales from his early short stories Under the Pyramids originally ghostwritten for Harry Houdini and The Music of Erich Zann which Lovecraft ranked second among his own favorites through his more fully developed works The Dunwich Horror The Case of Charles Dexter Ward and At the

Mountains of Madness The Thing on the Doorstep and Other Weird Stories presents the definitive corrected texts of these works along with Lovecraft critic and biographer S T Joshi s illuminating introduction and notes to each story For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

When the Body Is the Target Sharon Klayman Farber,2002-11-05 In this comprehensive and insightful work Dr Sharon K Farber provides an invaluable resource for the mental health professional who is struggling to understand self harm and its origins Using attachment theory to explain how addictive connections to pain and suffering develop she discusses various kinds and functions of self harm behavior From eating disorders to body modifications such as tattooing Dr Farber explores the language of self harm and the translation of that language and its psychic functions in the therapeutic setting She tells us When the body weeps tears of blood we need to wonder what terrible sorrows cannot be spoken Brilliantly illustrated with rich clinical material this book offers a practical approach to the diagnosis assessment and treatment of the increasing number of patients whose emotions are expressed through bodily harm The challenges of working with patients who tend to view the world of relationships in terms of predator and prey are clearly explicated and the stormy countertransference responses that threaten to destroy the treatment are given a full hearing Finally she shows how the attachment relationship formed in treatment can repair the traumatic attachment in mind body psyche and soul and can serve as the cornerstone of therapeutic change A Jason Aronson Book

Small Press Record of Books in Print Len Fulton,1991 [Biblical Narrative Learning](#) Tung Chiew Ha,2015-10-02 Biblical narrative learning is a non critical educational approach for Christian communities with diverse learning backgrounds involving three sets of movement inquire and invent interpret and imagine inspire and imitate and impart It is grounded in humankind s universal capacity to teach and learn through stories and built on practices in narrative learning along with biblical narratives The Gospel of John provides a model for this interpretive process that continues the teaching of living in a loving relationship with God and one another John uses many literary devices to enhance an affective and reflective learning The literary devices create the familiar strange effect John s narrative fosters remembrance of the Story and guides the learner to adequate faith in God It inculcates adequate faith to wait in suspense while the Jesus Story and our stories when they are remembered create new understanding and transform the life experiences of the person

The Play Versus Story Divide in Game Studies Matthew Wilhelm Kapell,2015-11-16 Since the emergence of digital game studies a number of debates have engaged scholars The debate between ludic play and narrative story paradigms remains the one that famously

never happened This collection of new essays critically frames that debate and urges game scholars to consider it central to the field The essayists examine various digital games assessing the applicability of play versus narrative approaches or considering the failure of each The essays reflect the broader history while applying notions of play and story to recent games in an attempt to propel serious analysis
