Strange Synergy:

Strange Synergy Steve Jackson, 2003 *Mastering the Globalization of Business* Roger Cartwright, 2017-03-14 The book is designed to provide a basic understanding of the dynamics of globalization and its relevance for all types and sizes of business Commencing with a brief history that shows that globalization is not just a late 20th and early 21st century phenomenon but has been a factor in world trade since the 1600s the text then considers the two opposing views held about globalization The material goes on to look at the global implications for customer relationships marketing human resources finance and information These are areas in which a narrow national view is becoming increasingly of less value to the student The book includes questions and case studies to aid understanding **Cosmosis** Rainer Rey, 2014-11-11 Jace Kelton and Madison Marro are on a parallel quest for answers answers that others have sought but not survived to tell Tracking his father's alleged killer to a doomed Gulf of Mexico oil rig sinking in a hurricane Jace discovers a bizarre connection with Maddy both of their parents played pivotal roles in the search for a source of limitless energy to replace fossil fuels After her only living relative is murdered as part of a cover up Maddy is forced to complete her family's powerful quest for sustainable resources This family mission pulls Maddy and Jace into a whirlwind race against a ruthless mercenary task force that's killing everyone in its way to get there first The relentless competition for energy supremacy crosses continents touching on legendary mysteries of ancient peoples and enigmatic landmarks including the Bermuda Triangle Easter Island the Pyramids of Giza and the Nazca Plain Together Jace and Maddy explore these wonders of the past that may reveal the answers they've been seeking With an overwhelming killing force on their heels they stumble upon a mystical interstellar connection between the energy needs of Earth and the future of all humankind Time is quickly running out for Jace and Maddy to act or else a catastrophe more frightening than they could ever dream will devastate the entire globe *Death Glitch* Tamara Kneese, 2023-08-15 An accessible yet erudite deep dive into how platforms are remaking experiences of death Since the internet's earliest days people have died and mourned online In quiet corners of past iterations of the web the dead linger But attempts at preserving the data of the dead are often ill fated for websites and devices decay and die just as people do Death disrupts technologists' plans for platforms It reveals how digital production is always collaborative undermining the entrepreneurial platform economy and highlighting the flaws of techno solutionism Big Tech has authority not only over people's lives but over their experiences of death as well Ordinary users and workers though advocate for changes to tech companies' policies around death Drawing on internet histories along with interviews with founders of digital afterlife startups caretakers of illness blogs and transhumanist tinkerers the technology scholar Tamara Kneese takes readers on a vibrant tour of the ways that platforms and people work together to care for digital remains What happens when commercial platforms encounter the messiness of mortality Sit on Our Hands, or Stand on Our Feet? Roger Philip Abbott, 2013-01-07 The aim of *Sit on Our Hands or Stand on Our Feet* is not to present a theology that explains disasters In fact there is no such

theology Nor is this work primarily for those who are responded to it is not part of the theological grab bag that Christian responders carry with them to use for the benefit of casualties It is more a part of the Christian s engaged practical theological apprenticeship prior to and during a response This book represents the role of the practical theologian who empowers the church community s legitimation and contribution in disaster response and who encourages individual Christians whose calling into particularly relevant professions whose natural skills and or professional training could find them placed in a major incident responding status paid or voluntary doing their work as unto the Lord It is a serious must read for any Christians who have hearts heavy with compassion but who are not sure what to do or why when disaster strikes
