## Strange Glory:

Strange Glory Charles Marsh, 2015-04-28 Winner Christianity Today 2015 Book Award in History Biography Shortlisted for the PEN Jacqueline Bograd Weld Award for Biography In the decades since his execution by the Nazis in 1945 Dietrich Bonhoeffer the German pastor theologian and anti Hitler conspirator has become one of the most widely read and inspiring Christian thinkers of our time With unprecedented archival access and definitive scope Charles Marsh captures the life of this remarkable man who searched for the goodness in his religion against the backdrop of a steadily darkening Europe From his brilliant student days in Berlin to his transformative sojourn in America across Harlem to the Jim Crow South and finally once again to Germany where he was called to a ministry for the downtrodden we follow Bonhoeffer on his search for true fellowship and observe the development of his teachings on the shared life in Christ We witness his growing convictions and theological beliefs culminating in his vocal denunciation of Germany's treatment of the Jews that would put him on a crash course with Hitler Bringing to life for the first time this complex human being his substantial flaws inner torment the friendships and the faith that sustained and finally redeemed him *Strange Glory* is a momentous achievement **The**

**Sovereign Human Being** Valentin Jeutner, 2024-10-31 Sovereign is who decides and who decides is responsible The book develops these two arguments by comparing Carl Schmitt's and Dietrich Bonhoeffer's theories of sovereignty Carl Schmitt was an influential jurist of Nazi Germany Dietrich Bonhoeffer was a Lutheran priest hanged for his involvement in a plot to assassinate Adolf Hitler In many ways the two men could not be more different But they both struggled with the question of how to maintain order and how to prevent violence at times of crisis In this considered work Jeutner brings these two thinkers into careful dialogue They both agreed that order is established not by appealing to existing norms or general principles but by an individual's sovereign decision Ascribing sovereignty to individuals communicates that they always have a choice and that they are always responsible for these choices Thus it is not just powerful individuals who have the choice to bring wars to an end or who can combat climate change This exploratory work reveals that by making sovereign decisions ordinary individuals too can work towards the peaceful resolution of conflicts or reduce their carbon footprint Making such sovereign decisions is not easy for individuals who are taught to follow orders and norms For this reason this book supplements the comparative analysis of Schmitt and Bonhoeffer with an action guiding decision making framework While the proposed framework departs from Schmitt's and Bonhoeffer's theses by recognizing the agency responsibility and sovereignty of all individuals Jeutner argues that this acknowledgement of the universal sovereignty of individuals is the only way to bring about the orderly and peaceful world of which Schmitt and Bonhoeffer dream *Living Together in Unity with Dietrich Bonhoeffer* Nicholas J. Abraham, 2023-02-08 The church is Christ existing within community The church needs community that is deep and real In *Living Together in Unity with Dietrich Bonhoeffer* Nicholas J Abraham reclaims Bonhoeffer's vision for Christian community By exploring Bonhoeffer's life and writings Abraham identifies the foundations

for community and how we can build upon them Truly Christian fellowship is through Jesus and in Jesus It is created by Jesus and maintained by the Spirit Unity does not come through trending techniques or correct opinions but through love forgiveness and God s word Bonhoeffer provides a thoughtful and timely vision for life together in Christ **The Gospel of**

attribution steps are described precisely to give readers replicable instructions on how they can apply them to any text from any period that they are interested in determining an attribution for This method can be applied to solving criminal linguistic mysteries such as who wrote the Unabomber Manifesto or theological mysteries such as if any of the Dead Sea Scrolls might have been forged by a modern author This method is uniquely accurate because it uses 27 different quantitative tests that measure a text's dimensions and its similarity or divergence to other texts automatically without the statisticians being able to skew the outcome by altering the experiment's analytical design Re Attribution guides researchers not only on how to perform the basic calculations but also how to perform the biographical and documentary research to derive who among the potential bylines in a single signature group is the ghostwriter while the others are merely ghostwriter contractors or pseudonyms Reliable accuracy is achieved by also performing other types of attribution tests to check if these alternative approaches validate or contradict the 27 tests findings Non quantitative tests discussed include deciphering the hidden implications of contemporary pufferies as well as comparing structural elements such as characters plot and element borrowings Part II presents a revised version of the history of the birth of the theater in Britain by reviewing forensic accounting evidence in Philip Henslowe's Diary and the documented history of homicidal lending practices and government corruption connected with troupes and theaters Parts III VIII explain precisely how this series derived that the British Renaissance was ghostwritten by only six linguistic signatures Richard Verstegan Josuah Sylvester Gabriel Harvey Benjamin Jonson William Byrd and William Percy The parts on each of these ghostwriters not only explain how their biographies fit with the timelines of the texts being attributed to them but also provide various types of evidence that explains their motives for ghostwriting And Part IX returns for an intricate analysis of a few pseudonyms or ghostwriting contractors who were uniquely difficult to exclude as potential ghostwriters in parallel these chapters question the reasons these individuals would have needed to purchase ghostwriting services The complete series on British Renaissance Re Attribution and Modernization by Anna Faktorovich is a remarkable accomplishment Based on her own unbiased method of computational linguistic authorial attribution she has critically examined an entire collection of texts many previously inaccessible and untranslated to modern English From a variety of distinct factors that have been ignored or unnoticed in the past she identifies a group of ghost writers behind many miss attributed Renaissance works Of particular interest are works traditionally attributed to William Shakespeare Dr Faktorovich is a prolific writer very well informed in English literature philology and literary criticism and she is clearly thorough and detail oriented Her re attribution and modernization series demonstrates solid scholarship fresh perspective and willingness to challenge conventional thought and methodology Midwest Book Review Lesly F Massey December 2021 I have long had an interest in linguistics and enjoy reading the frequent Who really wrote Shakespeare's works Therefore this book was extremely interesting to me So my recommendation is that if you have an interest in linguistics and scholarly research you will love this book Very interesting and well laid out book LibraryThing
