Strange Necessity

Patrick Collier

Strange Necessity:

The Strange Necessity Rebecca West, 2010-12-21 In this intellectually challenging collection of literary criticism Rebecca West undertakes the question of art's value examining the works of her contemporaries and their places in history The *Strange Necessity* one of the twelve essays collected here and first published in 1928 anchors West's quest to understand why art matters and how aesthetics of every caliber can not only inspire but reveal the author's inner world Whether juxtaposing Ulysses's prose with Pavlov's research or comparing Sinclair Lewis with actress and pianist Yvonne Printemps West finds that a satisfying emotion overrides an artistic work's form Her intricately crafted essays reveal her experience in the literary circles of the twenties and thirties and the important role this question played in her own writing West's keenly observed criticism offers invaluable insight not only into her work but into her impressions of early twentieth century literature

The Strange Necessity, 1976 **The Strange Necessity** Rebecca West, 1980-06-01 The Strange Necessity Rebecca West, 1928 *Rebecca West's Subversive Use of Hybrid Genres* Laura Cowan, 2015-05-21 Bringing new insights from genre theory to bear on the work of the journalist and novelist Rebecca West this study explores how West's use of and combinations of multiple genres often in single works was informed and furthered by her subversive feminist goals Rebecca West's *Subversive Use of Hybrid Genres* analyzes West's sense of genres as dynamic and strategic processes with transgressive political ends rather than as fixed and reified taxonomies a radical new approach at the time that is now mirrored in much contemporary theory Surveying her oeuvre from this point of view the book goes on to examine systematically West's writing from 1911-1941 including her early journalism and criticism such novels as *The Return of the Soldier* and her controversial multi genre epic *Black Lamb and Grey Falcon*

Rebecca West Today Bernard Schweizer, 2006 Almost the entire corpus of West's fiction receives attention in this volume with the exception of *The Thinking Reed* which is in itself a telling fact Jacket The Fountain Overflows Rebecca West, 2002-12-31 The lives of the talented Aubrey children have long been clouded by their father's genius for instability but his new job in the London suburbs promises for a time at least reprieve from scandal and the threat of ruin Mrs Aubrey a former concert pianist struggles to keep the family afloat but then she is something of a high strung eccentric herself as is all too clear to her daughter Rose through whose loving but sometimes cruel eyes events are seen Still living on the edge holds the promise of the unexpected and the Aubreys who encounter furious poltergeists turn up hidden masterpieces and come to the aid of a murderess will find that they have adventure to spare In *The Fountain Overflows* a 1957 best seller Rebecca West transmuted her own volatile childhood into enduring art This is an unvarnished but affectionate picture of an extraordinary family in which a remarkable stylist and powerful intelligence surveys the elusive boundaries of childhood and adulthood freedom and dependency the ordinary and the occult

Automatic Timothy Wientzen, 2021-08-31 A fascinating study of how behavioral science shaped twentieth century politics and the modernist literary period The advent of the twentieth century famously brought about new

personal and political freedoms including radical changes in voting rights and expressions of gender and sexuality Yet writers and cultural critics shared a sense that modern life reduced citizens to automatons capable of interacting with the world in only the most reflexive ways In Automatic Timothy Wientzen asks why modernists were deeply anxious about the role of reflexive behaviors and the susceptibility of bodies to physical stimuli in the new political structures of the twentieth century Engaging with historical thinking about human behaviors that fundamentally changed the nature of political and literary practice Wientzen demonstrates the ways in which a politics of reflex came to shape the intellectual and cultural life of the modernist era Documenting some of the ways that modernist writers and their contemporaries mapped harnessed and intervened in a political sphere dominated by conditioned reflexes Wientzen reads writers like D H Lawrence Rebecca West Wyndham Lewis and Samuel Beckett in conversation with fields that include public relations physiology sociology and vitalism Ultimately he justifies a reckoning with some of the most enduring preoccupations of modernist studies Automatic further emphasizes the role of politics and science in the aesthetic projects of modernist writers At a moment when political enfranchisement and the mass media promised new modes of freedom agency and choice Wientzen argues that the modernist era was beset by apprehension about the conscription of liberty through the conditioning force of everyday life Analyzing such thinking through a neglected archive about embodiment and reflex reveals modernists responding to the historically novel conditions of political life in the twentieth century conditions that have become entrenched in the politics of our own century

Up to Maugthy London Eleni Loukopoulou, 2017-01-23 Fundamentally alters the received wisdom that tends to award Paris a far more central place in the making of Joyce the modernist John McCourt author of *The Years of Bloom* James Joyce in Trieste 1904 1920 In readings equally attentive to text avant text and context this book shows us how many roads in Joyce s life and work led to London Yet the first city of the British Empire is also decentered here enmeshed by Joyce with Dublin through the place names cartographies and imperial history the two cities shared Loukopoulou has written the atlas of their entanglement a Londub A to Z Paul K Saint Amour author of *Tense Future Modernism Total War* Encyclopedic Form The effect of Dublin and other cities such as Trieste Zurich and Paris on James Joyce and his works has been studied extensively but few Joyceans have explored the impact of London on the trajectory of his literary career In *Up to Maugthy London* Eleni Loukopoulou offers the first sustained account of Joyce s engagement with the imperial metropolis She considers both London s status as a matrix for political and cultural formations and how the city is reimagined in Joyce s work Loukopoulou examines newly discovered or largely neglected material including newspaper and magazine articles anthology contributions radio broadcasts sound recordings and other writings published and unpublished She also assesses the promotion of Joyce s work in London s literary marketplace London emerges not just as a setting for his writings but as a key cultural and publishing vector for the composition and dissemination of his work Eleni Loukopoulou is an independent scholar living in London A volume in the Florida James Joyce Series edited by Sebastian D G Knowles

The Strange

Necessity, Essays and Reviews. Reissued Rebecca West (pseud. de Civily Isabel Fairfield, Mme Henry Maxwell Andrews.),1931 **Fateful Beauty** Douglas Mao,2010-05-03 When Oscar Wilde said he had seen wallpaper which must lead a boy brought up under its influence to a life of crime his joke played on an idea that has often been taken quite seriously both in Wilde s day and in our own In *Fateful Beauty* Douglas Mao recovers the lost intellectual social and literary history of the belief that the beauty or ugliness of the environment in which one is raised influences or even determines one s fate Weaving together readings in literature psychology biology philosophy education child rearing advice and interior design he shows how this idea abetted a dramatic rise in attention to environment in many discourses and in many practices affecting the lives of the young between the late nineteenth century and the middle of the twentieth Through original and detailed analyses of Wilde Walter Pater James Joyce Theodore Dreiser Rebecca West and W H Auden Mao shows that English language writing of the period was informed in crucial but previously unrecognized ways by the possibility that beautiful environments might produce better people He also reveals how these writers shared concerns about environment evolution determinism freedom and beauty with scientists and social theorists such as Herbert Spencer Hermann von Helmholtz Ivan Petrovich Pavlov and W H R Rivers In so doing Mao challenges conventional views of the roles of beauty and the aesthetic in art and life during this time *Odyssey of the Psyche* Jean Kimball,1997 The result of this confrontation Kimball argues as a central tenet in her unique reading of Ulysses is the gradual development of a relationship between the two protagonists that parallels C G *Rereading Modernism* Lisa Rado,2012-08-21 Until about 1986 feminists generally considered modernism a reactionary misogynist and hegemonic mire not worth investigating Since then enough studies of modernism have appeared that 17 feminist critics can now review and debate their treatment of the period They evaluate the progress and goals of the new era of modernist scholarship As the authors in this volume suggest instead of condemning writers for not practicing or portraying an acceptable politics of gender we ought instead to show how their assumptions about the nature of the sexes inform their texts both in their creation and in their reception This also allows examination of the complex and changing relationship between human subjectivity and aesthetics This volume is a highly reflective dialogue introspective and evaluative at a moment of crisis within modernist studies and feminist studies The analysis of critical work on early twentieth century literature not only helps reread and redefine a definition of modernism it also intends to redirect and reintegrate feminist theory **The Cambridge History of Modernism** Vincent Sherry,2017-01-11 This *Cambridge History of Modernism* is the first comprehensive history of modernism in the distinguished *Cambridge Histories* series It identifies a distinctive temperament of modernism within the modern period establishing the circumstances of modernized life as the ground and warrant for an art that becomes modernist by virtue of its demonstrably self conscious involvement in this modern condition Following this sensibility from the end of the nineteenth century to the middle of the twentieth tracking its manifestations across pan European and transatlantic locations the forty three chapters offer a remarkable combination of

breadth and focus Prominent scholars of modernism provide analytical narratives of its literature music visual arts architecture philosophy and science offering circumstantial accounts of its diverse personnel in their many settings These historically informed readings offer definitive accounts of the major work of twentieth century cultural history and provide a new cornerstone for the study of modernism in the current century

Refiguring Modernism: Women of 1928 Bonnie Kime Scott, 1995 an invaluable aid to the reconfiguration of literary modernism and of the history of the fiction of the first three decades of the twentieth century Novel her readings of texts are quite smart and eminently readable Tulsa Studies in Women's Literature a challenging and discerning study of the modernist period James Joyce Broadsheet note review of volume 1 only highly important and beautifully written constructing a contextually rich cultural history of Anglo American modernism It wears its meticulous erudition lightly synthesizing an enormous amount of research much of it original archival work Signs Through her thoughtful exploration of the lives and work of these three female modernists Scott shapes a new feminist literary history that successfully reconfigures modernism Woolf Studies Annual In this revisionary study of modernism Bonnie Kime Scott focuses on the literary and cultural contexts that shaped Virginia Woolf Rebecca West and Djuna Barnes Her reading is based upon fresh archival explorations combining postmodern with feminist theory Selected Letters of Rebecca West Rebecca West, 2000-02-09 From the time that George Bernard Shaw remarked that Rebecca West could handle a pen as brilliantly as ever I could and much more savagely West's writings and her politics have elicited strong reactions This collection of her letters the first ever published has been culled from the estimated ten thousand she wrote during her long life The more than two hundred selected letters follow this spirited author critic and journalist from her first feminist campaign for women's suffrage when she was a teenager through her reassessments of the twentieth century written in 1982 in her ninetieth year The letters which are presented in full include correspondence with West's famous lover H G Wells and with Shaw Virginia Woolf Emma Goldman Noel Coward and many others offer pronouncements on such contemporary authors as Norman Mailer Nadine Gordimer and Arthur Schlesinger Jr and provide new insights into her battles against misogyny fascism and communism West deliberately fashions her own biography through this intensely personal correspondence challenging rival accounts of her groundbreaking professional career her frustrating love life and her tormented family relations Engrossing to read the collection sheds new light on this important figure and her social and literary milieu

Behaviorism, Consciousness, and the Literary Mind Joshua Gang, 2021-11-16 What might behaviorism that debunked school of psychology tell us about literature If inanimate objects such as novels or poems have no mental properties of their own then why do we talk about them as if they do Why do we perceive the minds of characters narrators and speakers as if they were comparable to our own In Behaviorism Consciousness and the Literary Mind Joshua Gang offers a radical new approach to these questions which are among the most challenging philosophical problems faced by literary study today Recent cognitive criticism has tried to answer these questions by looking for similarities and analogies between

literary form and the processes of the brain In contrast Gang turns to one of the twentieth century s most infamous psychological doctrines behaviorism Beginning in 1913 a range of psychologists and philosophers including John B Watson B F Skinner and Gilbert Ryle argued that many of the things we talk about as mental phenomena aren t at all interior but rather misunderstood behaviors and physiological processes Today behaviorism has relatively little scientific value but Gang argues for its enormous critical value for thinking about why language is so good at creating illusions of mental life Turning to behaviorism s own literary history Gang offers the first sustained examination of the outmoded science s place in twentieth century literature and criticism Through innovative readings of figures such as I A Richards the American New Critics Samuel Beckett Harold Pinter and J M Coetzee *Behaviorism Consciousness and the Literary Mind* reveals important convergences between modernist writers experimental psychology and analytic philosophy of mind while also giving readers a new framework for thinking about some of literature s most fundamental and exciting questions *Novel Theory and Technology in Modernist Britain* Heather Fielding,2018-04-26 Reveals that technology played a major role in modernism s theory of the novel *The Artificiality of Christianity* M. B. Pranger,2003 In *The Artificiality of Christianity* the author s primary goal is to distill from monastic literature a poetical tool that can be used to decipher the literary structure of religious texts a secondary goal is to show the centrality of monasticism to the specific experiences of Christian reading *Modernism on Fleet Street* Patrick Collier,2016-12-05 British modernism came of age at a time of great cultural anxiety about the state of journalism The new newspapers with their brief flashy articles striking visuals hyperbolic headlines and sensational news stood at the center of debates about reading in the period seeming to threaten the viability of representative democracy the health and vitality of the language and the very future of literature itself Patrick Collier s study brings an impressive array of archival research to his exploration of modernism s relationship to the newspaper press People who sought to make their way as writers could neither remain neutral on this issue nor abandon journalism which offered an irreplaceable source of income and self advertisement Collier discusses five modern writers T S Eliot James Joyce Virginia Woolf Rebecca West and Rose Macaulay showing how their work takes part in contemporary debates about journalism and examining the role journalism played in establishing their careers In doing so he uncovers tensions and contradictions inherent in the identity of the serious artist who relied on the ephemeral forms of journalism for money and reputation

This is likewise one of the factors by obtaining the soft documents of this **Strange Necessity** by online. You might not require more become old to spend to go to the ebook commencement as skillfully as search for them. In some cases, you likewise do not discover the publication Strange Necessity that you are looking for. It will no question squander the time.

However below, as soon as you visit this web page, it will be suitably totally simple to acquire as well as download lead Strange Necessity

It will not take on many grow old as we tell before. You can realize it while act out something else at house and even in your workplace. fittingly easy! So, are you question? Just exercise just what we come up with the money for below as capably as review **Strange Necessity** what you subsequent to to read!
