Strangers to England Colin Nicolson, 1974 **Shakespeare's Strangers and English Law** Paul Raffield, 2023-01-26

Through analysis of 5 plays by Shakespeare Paul Raffield examines what it meant to be a stranger to English law in the late Elizabethan and early Jacobean period The numbers of strangers increased dramatically in the late sixteenth century as refugees fled religious persecution in continental Europe and sought sanctuary in Protestant England In the context of this book strangers are not only persons ethnically or racially different from their English counterparts be they immigrants refugees or visitors The term also includes those who transgress or are simply excluded by their status from established legal norms by virtue of their faith sexuality or mode of employment Each chapter investigates a particular category of stranger Topics include the treatment of actors in late Elizabethan England and the punishment of counterfeits Measure for Measure the standing of refugees under English law and the reception of these people by the indigenous population The Comedy of Errors the establishment of Troynovant as an international trading centre on the banks of the Thames Troilus and Cressida the role of law and the state in determining the rights of citizens and aliens The Merchant of Venice and the disenfranchised estranged position of the citizen in a dysfunctional society and an acephalous realm King Lear This is the third sole authored book by Paul Raffield on the subject of Shakespeare and the Law The others are Shakespeare's Imaginary Constitution Late Elizabethan Politics and the Theatre of Law 2010 and The Art of Law in Shakespeare 2017 both published by Hart

Bloomsbury **Strangers and the Enchantment of Space in Victorian Fiction, 1830-1865** Kristen Pond, 2023-10-20

Tracing the origins of how we think about strangers to the Victorian period Strangers and the Enchantment of Space in Victorian Fiction 1830 1865 explores the vital role strangers had in shaping social relations during the cultural transformations of the Industrial Revolution transportation technologies and globalization While studies of nineteenth century Britain tend to trace the rise of an aloof cosmopolitanism and distancing narrative strategies this volume calls attention to the personalizing impulse in nineteenth century literary form investigating the deeply personal reflections on individual and national identities In her book Dr Pond leads the reader through homes of the urban poor wandering the Great Exhibition in the Crystal Palace loitering in suburban neighborhoods riding the railway and touring a country estate Readers will experience how the ordinary can be enchanting and how the mundane can be unexpected discovering a new way of thinking about strangers and their influence on our lives Through an examination of the short and long fictional forms of Martineau Dickens Brontë Gaskell and Braddon this study locates the figure of the stranger as a powerful topos in the story of Victorian literature and the ethics of social relations This book will be ideal for those seeking to understand the dynamics of the stranger in Victorian fiction as a figure for understanding the changing dynamics of social relations in England in the early nineteenth century **England's Other Countrymen** Onyeka Nubia, 2019-06-15 The Tudor period remains a source of timeless fascination with endless novels TV programmes and films depicting the period in myriad ways And yet our image

of the Tudor era remains overwhelmingly white This ground breaking and provocative new book seeks to redress the balance revealing not only how black presence in Tudor England was far greater than has previously been recognised but that Tudor conceptions of race were far more complex than we have been led to believe Onyeka Nubia s original research shows that Tudors from many walks of life regularly interacted with people of African descent both at home and abroad revealing a genuine pragmatism towards race and acceptance of difference Nubia also rejects the influence of the Curse of Ham myth on Tudor thinking persuasively arguing that many of the ideas associated with modern racism are in fact relatively recent developments England s Other Countrymen is a bravura and eloquent forgotten history of diversity and cultural exchange and casts a new light on our own attitudes towards race Stranger's Guide Through Birmingham, Being an Account of All the Public Buildings, Religious, Educational and Charitable Foundations, Literary and Scientific Institutions, and Manufactories William Cornish,1855 *The stranger's guide to Hampton court palace and gardens [founded on the work by J.
