Strategic Defense and Extended Deterrence: A New Transatlantic Debate Jacquelyn K. Davis, 1986 The Future of Extended Deterrence Stéfanie von Hlatky, Andreas Wenger, 2015-09-01 Are NATO's mutual security commitments strong enough today to deter all adversaries Is the nuclear umbrella as credible as it was during the Cold War Backed by the full range of US and allied military capabilities NATO's mutual defense treaty has been enormously successful but today's commitments are strained by military budget cuts and antinuclear sentiment The United States has also shifted its focus away from European security during the wars in Afghanistan and Iraq and more recently with the Asia rebalance Will a resurgent Russia change this The Future of Extended Deterrence brings together experts and scholars from the policy and academic worlds to provide a theoretically rich and detailed analysis of post Cold War nuclear weapons policy nuclear deterrence alliance commitments nonproliferation and missile defense in NATO but with implications far beyond The contributors analyze not only American policy and ideas but also the ways NATO members interpret their own continued political and strategic role in the alliance In depth and multifaceted The Future of Extended Deterrence is an essential resource for policy practitioners and scholars of nuclear deterrence arms control missile defense and the NATO alliance

Extended Deterrence Stephen J. Cimbala, 1987 **Technology Transfer and the Strategic Defense Initiative Research Agreements** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Arms Control, International Security, and Science, 1986 U.S. Nuclear Policy in the 21st Century Robert G. Joseph, Ronald F. Lehman, 1998 Nuclear weapons will continue indefinitely to play an indispensable role in U S national security policy as a hedge against uncertainties to deter potential aggressors who are both more diverse and less predictable than in the past and to allow the United States to construct a more stable security environment Recent nuclear tests by India and Pakistan make it clear that nuclear weapons remain part of the security setting The aggressive pursuit of nuclear biological and chemical weapons by states such as Iran and North Korea underscores the role of deterrence as a central component of U S security strategy Soviet Imperatives for the 1990's: Crisis of will in the NATO alliance United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on European Affairs, 1986 **Strategic Defense and Deterrence** James A. Thomson, Rand Corporation, 1984 **The Geopolitics Of Super Power** Colin S. Gray, 2021-10-21 What is Soviet American competition all about Is the Soviet Union a security problem that the United States must solve Or is it an insecurity condition with which the U S must learn to live and if so on what terms What kind of a player is the United States in the great game of power politics In The Geopolitics of Super Power one of our most respected strategic theorists answers these and other questions In geopolitical terms Colin Gray sees the Soviet American antagonism as an enduring contest between a continental empire and a maritime coalition each with its distinctive character and purposes Gray explores the roots of the American style in foreign policy and strategy and how that style relates to defense options He identifies four broad

alternatives for U S national security policy passive and active means of containment disengagement from foreign security commitments and the rollback of the Soviet empire Gray argues vigorously for active containment for the systematic deemphasis of nuclear weapons and for the intelligent use for deterrence and defense purposes of the West s great competitive strengths in the political economic and technological spheres **Crisis of Will in the NATO Alliance** United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on European Affairs,1986 Soviet Imperatives for the 1990's United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on European Affairs,1986

The Evolution in Military Affairs: Shaping the Future U.S. Armed Forces ,1997 The author assesses potential aspects of the future international security environment which will succeed the post Cold War era and provides a context for sketching the types of military capabilities the nation will require in about 20 years He defines national security interests describes the future international security environment identifies derivative future national security objectives and strategic concepts and discerns the military capabilities that will be required in the early 21st century The author s analysis should highlight to American national security strategists political leaders and military strategists issues that should be considered in making the decisions which will shape the U S armed forces of the 21st century **Report to the Congress on the Strategic Defense Initiative** Strategic Defense Initiative Organization (U.S.),1985 *U.S.- Japan Relations* Richard B. Strategic Defences in the 1990's Ivo H. Daalder,1991-06-18 Examines the value of deploying strategic missile defences to counter the threat of nuclear accidents It concludes that the deployment of strategic defences in the 1990s will not be strategically desirable technically feasible or economically affordable **Arms Control, the FRG, and the Future of East-West Relations** Wolfram F. Hanrieder,2019-04-05 The political dimension of arms control has always had special significance for the Federal Republic of Germany not only because of the issue of a divided Germany and a partitioned Europe but also because of the country s key position in the Western security alliance In the wake of NATO s recent decision to deploy more nuclear weapons on German soil and in the absence of progress on arms control it has become clear that arms control measures and negotiations have assumed an importance far beyond their military technical components fundamental questions about the nature of East West relations and the future shape of the transatlantic alliance and the European political order also have been raised These essays explore the implications of arms control negotiations for the Federal Republic of Germany and consider why Germany has traditionally found it impossible to divorce considerations of arms control from their larger political context **Proceedings of the National Security Affairs Conference** ,1980

Soviet Imperatives for the 1990's: A NATO strategy for the 1990's United States. Congress. Senate. Committee on Foreign Relations.
