

A still life photograph featuring a hand holding a bouquet of dried flowers and leaves. The hand is positioned in the center, with fingers gently gripping the stems. The bouquet includes various types of dried flowers, some with large, flat petals and others with more delicate, feathery structures. The leaves are also dried, showing a range of shapes and textures. The entire scene is set against a dark, textured background, which makes the light-colored dried plants stand out. The lighting is soft, highlighting the textures of the dried flowers and the skin of the hand.

Tactile Values Poems:

Tactile Values Mark Scott, 2000 In this volume of poetry Mark Scott writes of human feelings and human touch in poems about the deaths of two brothers and in poems of love and friendship **Excel Poetry Workbook Years 7-8** Derek Lewis, 2006 **Later Poems** Adrienne Rich, 2013 Presents a selection of poetry that draws from twelve volumes of the late author's published work as well as a manuscript posthumously left behind *Studies in the Lyric Poems of Friedrich Hebbel* Albert Edward Gubelmann, 1912 **Fundamentals of the Art of Poetry** Oscar Mandel, 1998-04-01 Fundamentals of the Art of Poetry takes the reader on a journey that sets out with a consideration of the various arts humankind has created and then focuses on the special art of poetry what poetry is what it does and must do in order to succeed for whom it does what it does and in detail how it goes about doing what it tries to do Twenty two chapters deal with subjects like The Constituencies for Art What Meaning Means Acceptable and Unacceptable Propositions The Right Word in the Right Place The Sounds that Matter in Poetry Energetic Metaphor the Major Figure and so on including an eloquent epilogue Touching Genius Writing with great brio and tough minded lucidity the Belgo American poet dramatist scholar and essayist examines a host of concepts concerning the arts in general and poetry in particular This highly original Ars poetica will be of interest to general readers college students poets curious about their own metier and last but not least literary critics and theorists who will encounter many a discreet challenge to current ideas in its pages Poems without Irony Alex Wong, 2016-11-15 Poems without Irony is Alex Wong's first collection In subject tone and form it ranges widely The book as a whole does not address any one particular theme but much of it is concerned with the experience of particularity with the bounds of moral calculation and with the need for precision of thought and of speech as an aim or obligation Tensions between the natural and the artificial intention and expression good faith and bad are recurrently felt as the poems negotiate their various kinds of ambivalence The style is governed by a desire for simplicity almost equal to the lure of extravagance and by the tendency of its subtly differentiated voices towards an elusive playfulness in the face of serious matters The poems are designed to be read aloud or at least using the mouth Wong's patient and sympathetic listening to the sounds of English poetry in all periods has enriched the patterns of his own The poems therefore enfold many memories of earlier styles revived or still vital but also gaining new tonal energy in a functional strangeness **Poetry, Publishing, and Visual Culture from Late Modernism to the Twenty-first Century** Natalie Pollard, 2020 Exploring works by Djuna Barnes David Jones F T Prince Denise Riley Paul Muldoon and Ted Hughes this volume traces the relationship between twentieth century poetry and art to question the role of art in society Adrienne Rich's Later Poetry Alec Marsh, 2024-12-12 Reorienting understandings of Adrienne Rich's later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich's political vision can best be described as Marxist Humanist Until recently very little

attention has been paid to Rich's interest in Marx there is no in depth treatment of the effect of Marx's humanistic philosophy on Rich's later work or even on her unwavering but altered dedication to Women's Liberation This book fills this gap showing how Rich's discovery of Marx's humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry

Selected Poems and Related Prose Filippo Tommaso Marinetti, Luce Marinetti, 2002-01-01 In which Marinetti used the language of machines and explosions to express his view of poetry as reportage from the front Words in Freedom in which he declared war on poetry by destroying syntax and spelling and by experimenting with typography and finally love poems to his wife Benedetta in which he returned in part to subjects and forms that he had previously rejected
