**Taddeo and Federico Zuccaro** Julian Brooks, Peter M. Lukehart, Christina Strunck, Robert Williams, 2007 One of the most important series of drawings in late sixteenth century Italian art the twenty large sheets by Federico Zuccaro ca 1541-1609 showing the early life of his older brother Taddeo 1529-1566 was acquired by the J Paul Getty Museum in 1999 Never fully published the series shows Taddeo's trials and tribulations as a young artist trying to achieve success in Renaissance Rome and his eventual triumph The drawings contain charming details of the life of a struggling artist and reveal much about the younger brother Federico a successful artist in his own right This volume published to coincide with an exhibition at the J Paul Getty Museum to be held from October 1, 2007 to January 6, 2008 presents Federico Zuccaro's twenty drawings and accompanying poems in their historical and artistic context and will be of interest to art historians and general readers alike Of particular importance is its examination of the role of the copying of masterworks in the training of young Renaissance artists **Taddeo Zuccaro** John Arthur Giles Gere, 1969 **The Life of Taddeo Zuccaro by Federico Zuccaro**, 1990

*Rome* Marcia B. Hall, 2005-04-18 Publisher Description **Taddeo Zuccaro** John A. Gere, Taddeo Zuccaro, 1995 **The Power and the Glorification** Jan L. de Jong, 2015-09-22 Focusing on a turbulent time in the history of the Roman Catholic Church The Power and the Glorification considers how in the fifteenth and sixteenth centuries the papacy employed the visual arts to help reinforce Catholic power structures All means of propaganda were deployed to counter the papacy's eroding authority in the wake of the Great Schism of 1378 and in response to the upheaval surrounding the Protestant Reformation a century later In the Vatican and elsewhere in Rome extensive decorative cycles were commissioned to represent the strength of the church and historical justifications for its supreme authority Replicating the contemporary viewer's experience is central to De Jong's approach and he encourages readers to consider the works through fifteenth and sixteenth century eyes De Jong argues that most visitors would only have had a limited knowledge of the historical events represented in these works and they would likely have accepted or been intended to accept what they saw at face value With that end in mind the painters' advisors did their best to manipulate the viewer accordingly and De Jong discusses their strategies and methods **Still Lives** Maria H. Loh, 2015-03-22 How portraits of artists during the Renaissance helped create the first art stars in modern history Michelangelo was one of the biggest international art stars of his time but being Michelangelo was no easy thing he was stalked by fans lauded and lambasted by critics and depicted in unauthorized portraits Still Lives traces the process by which artists such as Michelangelo Durer and Titian became early modern celebrities Artists had been subjects of biographies since antiquity but Renaissance artists were the first whose faces were sometimes as recognizable as their art Maria Loh shows how this transformation was aided by the rapid expansion of portraiture and self-portraiture as independent genres in painting and sculpture She examines the challenges confronting artists in this new image economy What did it mean to be an image maker haunted by one's own image How did these

changes affect the everyday realities of artists and their workshops And how did images of artists contribute to the way they envisioned themselves as figures in a history that would outlive them Richly illustrated *Still Lives* is an original exploration of the invention of the artist portrait and a new form of secular stardom **An Italian Journey** Linda Wolk-Simon, Carmen Bambach, Stijn Alsteens, Metropolitan Museum of Art (New York, N.Y.), 2010 Published in conjunction with an exhibition on view at the Metropolitan Museum of Art New York May 12 Aug 15 2010 *Sixteenth-century Italian Drawings in New York Collections* William Griswold, Linda Wolk-Simon, Metropolitan Museum of Art (New York, N.Y.), 1994 Focusing exclusively on examples from the 16th century the great age of Italian drawing this stunning volume published to accompany an early 1994 exhibition at The Metropolitan Museum of Art includes 124 prized works from The Metropolitan the Pierpont Morgan Library the Cooper Hewitt Museum and some 20 private collections in New York The catalogue is organized by school and within each section chronologically by artist Each drawing is illustrated and presented with a discussion that places it in the context of the artist's career and explores the purpose for which it was made Paper edition unseen 35 Annotation copyright by Book News Inc Portland OR Lorenzo Gambara's Caprarola and On Poetic Composition Paul G. Gwynne, Patrick M. Owens, 2025-07-24 In 1569 Lorenzo Gambara published a long verse description of the Farnese palace at Caprarola which was dedicated to Cardinal Alessandro Farnese Twelve years later this poem was thoroughly revised and considerably lengthened In the meantime the aged poet had repudiated the compositions of his youth and repented his lascivious verse This dramatic change of heart is documented in a Latin treatise in which poets are encouraged to eschew pagan and classical themes in favor of Christian subject matter This volume presents the first English translation with commentary of the revised poem and the treatise which is newly ascribed to the Jesuit polymath Antonio Possevino
