Take Control Of Your Subconscious Mind:

Take Control of Your Subconscious Mind Anthony Galie, 2000-05-19 Success does not come knocking at your door. You need to be in control of the process. High achievers know where they are going and how they are going to get there. They are on a program for success. In this book you will learn three highly effective ways of programming your subconscious mind to do what you want it to do. This will allow you to use your goals to help you grow personally and professionally. Successfully use visualization techniques to improve performance. Develop a personalized prosperity plan. Become your own motivational coach. *Reclaim Your Subconscious Mind* Marie Ireland, 2014-04-14 There is nothing more powerful than being in control of your own life. How millions of people are searching for the answer to that question. When you are not willing or able to see how your subconscious mind is affecting your life, you lose the awareness of knowing how to change your life. The key is the power of your subconscious mind and knowing how NOT to allow your past and your present to continue affecting your life. When you understand WHY this is so important, you will then function with a great awareness for changing your life. But when you know HOW, then you will have the secret of changing your life for good and be one of the few who actually know how to accomplish it. This book has been written in a simple and concise way to help those who are still wanting to know how to change their life without too much overwhelming information. A FREE 40 page workbook is available from www.1desire.com so you can identify your subconscious mind with all the steps you need to create all you desire. *Reprogram Your Subconscious - Use The Power Of Your Mind To Change Your Life* Kelly Wallace, 2013-11-17 The Mind Is An Incredible Thing. Your brain is capable of storing more information than a roomful of computers. It remembers the way things look, smell, sound, feel, and taste. Unfortunately, the brain is also guilty of faulty programming. By the age of five, you've already received 50% of your emotional programming from the adults and events in your life. By your early teens, you've been programmed 75% or more. Even if you had the most stress-free and loving upbringing, is it wise to allow a small child or teenager to lead the way? Of course not. Those lessons have gone deep into your subconscious, though, and try as you might, it's hard to make changes. You want to change, you need to change, you know you can, but how? Once you follow the steps in this book and create some new habits, you're going to see how incredibly easy it is to finally succeed in life. Whether you want to attract love, be more confident, find your ideal career, lose weight, or anything else you've yearned for and dreamed about for so very long, you can finally achieve it. *Take Control With Astrology: Teach Yourself* Lisa Tenzin-Dolma, 2010-01-29 If you want to make better lifestyle, relationship, and professional choices, *Take Control with Astrology* will give you the skills you need. It will show you how to correctly read your natal chart so you can learn your strengths and weaknesses and will help you to understand the connection between you, the sun, and the stars, and what it means for your life. Even sceptics will be amazed by the enhanced self-awareness that an informed approach to astrology can offer, as this sensitive but practical book explains. NOT GOT MUCH TIME.
