Tax Advisers Guide To Trusts Second Edition:

Wealth Management Planning Malcolm James Finney, 2010-04-01 Wealth Management Planning addresses the major UK tax issues affecting wealth management planning for both the UK domiciled and non UK domiciled individual. It explains with numerous worked practical examples the principles underpinning the three main taxes: income tax, capital gains tax and inheritance tax. It is aimed at those involved in providing advice in the field of wealth management planning including solicitors, accountants, financial planners, private bankers, trustees, students of tax and law and the layman seeking in depth knowledge. The recent Finance Acts 2006 and 2008 in particular have modified significantly the tax rules in key areas applicable to wealth management planning. These new tax rules are all addressed in detail in this book and include the pre and post Finance Act 2006 inheritance tax treatment of trusts, the new post Finance Act 2008 residence rules and the new Finance Act 2008 rules applicable to non domiciled individuals and the tax treatment of off shore trusts. In view of the increasingly international nature of wealth management planning, the book attempts to place the UK tax rules in an international context, addressing such issues as the role of wills in the international arena, the implications of the EU, the suitability of off shore financial centres and the role and use of double taxation agreements. Appendices bring together useful material produced by HMRC and a detailed bibliography for the interested reader is also included. This book gives comprehensive coverage to the complicated subject of taxation for Financial Planners. It will be very valuable to all those Financial Planners who wish to extend their learning and reference and desire to meet the needs of clients.

NICK CANN

In this book Malcolm Finney presents a comprehensive summary of the UK tax rules in straightforward language and with many practical examples. MARK McLAUGHLIN MARK McLAUGHLIN ASSOCIATES

Hiring financial help is a task that many otherwise savvy people approach the wrong way, opting to go on recommendations from family and friends, chance encounters or advertisements rather than on sound research. In engaging, accessible prose, nationally syndicated columnist Charles A. Jaffe takes the reader through the basics of how to locate appropriate candidates, understand their credentials, check references, conduct initial interviews, maintain control of the relationships and one's finances and fire an adviser who is not working out. The book contains guidance on hiring and checking the backgrounds of seven types of advisers: brokers, financial planners, insurance agents, lawyers, tax preparers, bankers and real estate agents, as well as specific questions to ask to determine whether an adviser is a good, qualified match. In addition, the book offers guidance on how to help the advisers function as a team. The author's aim is to help the reader assemble and manage a pool of advisers to serve every major financial need for the rest of his or her lifetime. This new edition has been updated throughout.
