Te Rangi Hiroa John Bell Condliffe, 1971 **Review Article** Katharine Luomala, 1974 The Remnants of Race Science Sebastián Gil-Riaño, 2023-08-29 After World War II UNESCO launched an ambitious international campaign against race prejudice Casting racism as a problem of ignorance it sought to reduce prejudice by spreading the latest scientific knowledge about human diversity to instill mutual understanding between groups of people This campaign has often been understood as a response led by British and U S scientists to the extreme ideas that informed Nazi Germany Yet many of its key figures were social scientists either raised in or closely involved with South America and the South Pacific The Remnants of Race Science traces the influence of ideas from the Global South on UNESCO s race campaign illuminating its relationship to notions of modernization and economic development Sebasti n Gil Ria o examines the campaign participants involvement in some of the most ambitious development projects of the postwar period In challenging race prejudice these experts drew on ideas about race that emphasized plasticity and mutability in contrast to the fixed categories of scientific racism Gil Ria o argues that these same ideas legitimated projects of economic development and social integration aimed at bringing ostensibly backward indigenous and non European peoples into the modern world He also shows how these experts promotion of studies of race relations inadvertently spurred a deeper reckoning with the structural and imperial sources of racism as well as the aftermath of the transatlantic slave trade Shedding new light on the postwar refashioning of ideas about race this book reveals how internationalist efforts to dismantle racism paved the way for postcolonial modernization projects **Legacy** Whiti Hereaka, 2018-07-31 Seventeen year old Riki is worried about school and the future but mostly about his girlfriend Gemma who has suddenly stopped seeing or texting him But on his way to see her he s hit by a bus and his life radically changes Riki wakes up one hundred years earlier in Egypt in 1915 and finds he s living through his great great grandfather s experiences in the M ori Contingent At the same time that Riki tries to make sense of what s happening and find a way home we go back in time and read transcripts of interviews Riki s great great grandfather gave in 1975 about his experiences in this war and its impact on their family Gradually we realise the fates of Riki and his great great grandfather are intertwined Museums, Anthropology and Imperial Exchange Amiria Henare, 2005-06-17 Amiria Henare explores the role of material cultural research in anthropology and related disciplines from the late eighteenth century to the present A History of New Zealand Literature Mark Williams, 2016-04-19 A History of New Zealand Literature traces the genealogy of New Zealand literature from its first imaginings by Europeans in the eighteenth century Beginning with a comprehensive introduction that charts the growth of and challenges to a nationalist literary tradition the essays in this History illuminate the cultural and political intricacies of New Zealand literature surveying the multilayered verse fiction and drama of such diverse writers as Katherine Mansfield Allen Curnow Frank Sargeson Janet Frame Keri Hulme Witi Ihimaera and Patricia Grace Written by a host of leading scholars this History devotes special attention to the lasting significance of
