Open Heart Surgery For The Planet Mildred Maiorino, 2004-12 Do You Ever Wonder what's wrong or right with living on this planet? Why we're here? What we're supposed to be doing? Mildred Maiorino has wondered a lot over her four score plus years. Unlike some people, she got some answers. When you come to know Mildred, you begin to understand that she's been to some pretty interesting places and not all of them are exactly located in what you'd call the physical world. She has the rare gift of being able to see more than most people. And she has the ability to relate the intricacies of what she's seen, heard and experienced in plain language as if she's just talking to a friend. Which in fact she does, as she relates what she's learned about life in *Open Heart Surgery for the Planet*. This is one of those books you can open to any page and gain understandable answers to some pretty heady questions. There is no beginning and really no end to this work. It is a never-ending story of how to look at life so you can live more successfully, more happily, more fulfilled in a world that arguably can use some help.
