

Preparing the Classroom for Handwriting Instruction

Your students write frequently throughout the day, not just during handwriting lessons. To provide ongoing handwriting reinforcement, place alphabet models throughout your classroom for students to reference as needed. The following handwriting support materials will help support legible handwriting in every subject.

Alphabet Wall Strips Every classroom should have Alphabet Wall Strips, which are usually displayed above the chalkboard or along a wall. They should be placed high enough so that all students can see them clearly. Alphabet Wall Strips are "far point" models and therefore should not be cluttered with illustrations. These are for letter recognition purposes and should have nothing but the letters on them.

Alphabet Wall Poster Another helpful classroom alphabet reference is the Alphabet Wall Poster. This large poster shows all of the basic strokes, letter forms, numerals, and paper and pencil position. This poster should be placed where all students can see it clearly. Sometimes students may wish to walk up to the poster and use their fingers to trace the letter in question. This is great visual and kinesthetic/tactile reinforcement.

Alphabet Desk Strips It's also important for students to have "near point" letter models to reference when they write at their desks. Alphabet Desk Strips include all of the uppercase and lowercase letters and numerals for quick reference. They can be placed on the top of each student's desk.
