Teaching 3-8 Mark O'Hara,2000 Providing comprehensive coverage of the issues involved in the new government chapters on 3 8 teaching this is a textbook for initial teacher training and for newly qualified teachers Meeting the Standards in Primary Mathematics Tony Brown,2003-09-02 This book guides readers through the professional standards and requirements to reach Qualified Teacher Status explaining what trainees need to know The author discusses the best ways of developing mathematical knowledge and teaching skills and how to acquire the professional know how needed to complete the training successfully will help readers to understand the Standards related to mathematics teaching offer detailed guidance on the primary mathematics curriculum help readers prepare for the QTS skills test help readers to develop the pedagogical knowledge that you need for effective teaching of mathematics help readers prepare for school based training provide ideas suggestions and further reading to support during their training and their NQT year This practical guide to meeting the standards is invaluable for students on primary training courses lecturers and mentors supporting trainees in mathematics education programmes and newly qualified teachers *Teaching 3-8* Mark O'Hara,2004 Providing comprehensive coverage of the issues involved in the new government chapters on 3 8 teaching this is a textbook for initial teacher training and for newly qualified teachers **The Effective Induction of Newly Qualified Primary Teachers** Sara Bubb,Peter Mortimore,2013-12-19 First Published in 2000 As this book illustrates the processes of induction are particularly tricky in today s schools where colleagues with responsibility for supporting new entrants to the profession are also charged with judging their capabilities and monitoring their progress The author has drawn on her experience as a teacher a teacher trainer and an inspector to analyse exactly what needs to be done in order to maximise the value of the induction process for new teachers and to guide the work of experienced tutors so that their role is both rigorous and gratifying She has tested her understanding of induction by running courses for tutors and by interrogating the latest research findings on the subject The result is a comprehensive handbook packed with information a set of useful forms and a series of related activities with which induction tutors can test their own understanding of the most pertinent issues **Teaching Assistant's Handbook: Primary Edition** Janet Kay,2005-12-08 *Observing, Assessing and Planning for Children in the Early Years* Sandra Smidt,2005 Using theories and case studies this is an introductory text for all involved in the development of young children **Training to Teach in Primary Schools** Jane Medwell,2015-03-19 Full of practical help and guidance this is a must have for primary trainees on school experience whether they are in a school based or university based teacher training programme It begins by helping trainees to plan their own journey through training and beyond Taking control of their own training in this way supports student teachers to approach the course with confidence and secure their first teaching job The book provides guidance on adapting to working in school observing planning and evaluating in school teaching on placement assessing monitoring and reporting on children s progress self evaluation and how to pre empt and resolve issues securing

the first teaching job and succeeding in the NQT year For student teachers the experience of school based training is exciting but also challenging this book supports them throughout and prepares them for the journey ahead Student feedback on this book Having been on a variety of teaching placements myself I know just how daunting and overwhelming experiences in school can be at times even with a supportive mentor by your side Hence I felt that this book can smooth out and rectify those worries one may face during a school placement and offers the reader a realistic insight into school experiences In my opinion the most useful chapter by far is the Moving On chapter near the end of the book This explains how to conclude a school placement what to expect from an interview and even how to set out a CV for a teaching position This was not something I expected to find in this book however it was very much welcomed and is in fact a very important valuable part of the book This is the type of book you can buy on your very first day of teacher training and use well into your days as a newly qualified teacher Jasmin Primary Teacher Trainee University of Northampton

Teaching History 3-11 Lucy O'Hara, Mark O'Hara, 2001-01-01 These books provide a constructive highly accessible and above all practical introduction to the teaching of Geography and History in early years and primary settings In particular they prepare initial teacher training students to meet government requirements for entry into the teaching profession These are comprehensive guides to o Geographical and historical knowledge and understandingo Planning teaching and class managemento Monitoring assessment recording reporting and accountabilityo General professional requirements

Professional Standards for Teachers and School Leaders Howard Green, 2013-04-15 What do the professional standards mean for teachers and school leaders Everyone working in education needs a clear understanding of the professional standards required of teachers and school leaders Written by a team of expert and well respected contributors this book provides the definitive guide to the standards that are now widely used for initial teacher training induction continuing professional development and performance management In addition it covers the standards for subject leaders which underpin the national programme for subject leaders and the standards for headteachers which are now used as an essential requirement for headship The main element of each of the standards reflects the broad dimensions of teaching and leadership covering everything from planning and assessing learning to relations with the wider community and managing one s own performance and development Clearly explaining the nature of the standards the writers demonstrate how they relate to the real world of teaching and leadership and point out key issues for the future The final chapters of the book set the application of standards into a more critical framework and suggest how the standards can meet future as well as current needs
