The Coming Century Of Peace:

The Coming Century of Peace Mikhail Sergeevich Gorbachev,1986 **WAR, PEACE AND VICTORY: STRATEGY AND STATECRAFT FOR THE NEXT CENTURY** Colin S. Gray,1991-06-15 From Simon Schuster War Peace and Victory is Colin S Gray s exploration of strategy and statecraft for the next century In War Peace and Victory Colin S Gray shows how geography technology history and national culture shape government policy and explains how nations pursue their strategic interests in times of peace *Peacemaking and Peacekeeping for the New Century* Michael W. Doyle,Olara A. Otunnu,Nelson Mandela,2000-01-01 The UN s record in peace operations is long various distinguished by both accomplishments and failures and most importantly innovative Unfulfilled expectations and escalating violence in Somalia Rwanda and Bosnia forced retrenchment upon UN peace operations_ but at the same time a new opportunity to enhance capacities review strategies redefine roles and reaffirm responsibilities has opened up Here a dynamic group of leading diplomats academics and journalists combines forces with UN policymakers and leaders including current Secretary General Kofi Annan and former Secretary General Boutros Boutros Ghali to explore how the international community can improve its practice in negotiating and implementing peace They look at what works and what doesn t in UN peacemaking and peacekeeping and then map out alternative futures for UN action in the 21st century **Forecasts of the Coming Century by a Decade of Writers** Alfred Russel Wallace,Tom Mann,William Morris,Bernard Shaw,1897 War And Peace In The 20th Century And Beyond, The Nobel Centennial Symposium Geir Lundestad,Olav Njolstad,2003-03-21 At the turn of the 21st Century the world was immediately gripped by the War on Terrorism followed by the Iraq War In reflection the 20th Century was a period marked by tremendous technological and economic progress but it was also the most violent century in human history It witnessed two horrendous world wars as well as the conflicts during the Cold War Why do wars persistently erupt among nations particularly the Great Powers What are the primary factors that drive nations to violence power prestige ideology or territory Or is it motivated by pure fear and mistrust Peering nervously at the 21st Century we wonder whether American supremacy and globalization will help ensure peace and stability Or will shifts in power with the emergence of new economic super nations lead to further tensions and conflicts in this century Together with 29 Peace Nobel laureates an outstanding group of scholars gathered in Oslo Norway on December 6 2001 for the three day Nobel Centennial Symposium to discuss The Conflicts of the 20th Century and the Solutions for the 21st Century Read this book for the scholars candid insights and analyses as well as their thought provoking views on the factors that led to conflicts in the 20th Century and whether the 21st Century will be a more peaceful one This is a rare and possibly the best and only book compilation of the highly intellectual analyses by world experts and Nobel Peace laureates on the perennial issues of War Peace **Daisaku Ikeda's Philosophy of Peace** Olivier Urbain,2010-03-30 Who is Daisaku Ikeda At one level he is the leader of a religious movement Soka Gakkai which began in Japan where it still has its headquarters but which now claims 12 million adherents

around the world At another level he is a globetrotting figure whose formal conversations with diverse writers thinkers and diplomats including Arnold Toynbee Joseph Rotblat and Mikhail Gorbachev have garnered him an international profile as well as academic recognition Perhaps above all else Daisaku Ikeda is viewed as a campaigner for peace And it is Ikeda s specific contribution to peacebuilding notably through the central emphasis he has placed on the significance of dialogue that this book explores the first to do so in a concerted way Olivier Urbain shows that while Soka Gakkai the value society may stem from the medieval principles of Nichiren Buddhism under Ikeda s leadership it has taken these classic wisdoms and transformed them Now essentially classless and secularised as well as adaptable and sensitive to modern challenges like resource shortages and climate change this argues the author is a pragmatic approach to peace which has proved both popular and eminently transportable

A Forum for Peace Olivier Urbain,2014-06-02 Every year since 1983 the Buddhist leader and thinker Daisaku Ikeda has issued a peace proposal that presents solutions to a variety of global problems While the proposals themselves are both wide ranging and specific covering topics as diverse as counter terrorism relations the prohibition of child soldiers denuclearization of the Arctic and strategies to prevent global warming the common denominator at their center is the role and effectiveness of the United Nations in addressing structural challenges and inequality This substantial volume brings together for the first time in one place excerpts from the most topical and important of Ikeda s peace proposals Themes like human security the empowerment of women nuclear disarmament and the centrality of dialogue are throughout informed by an unshakeable belief in the potential and promise of the UN s world mission as well as by Ikeda s own experience of the cruelty of war and his articulation of Buddhism as a practical route to peace The book makes a timely and vital contribution to ethics peace studies and international relations

Diplomacy for the Next Century Abba Eban,1998-01-01 A perspective on the practice of diplomacy during the second half of the 20th century and the diplomatic changes of the post Cold War era Abba Eban interweaves history with personal reminiscences to show how the wisdom of the past can help in negotiating and maintaining peace in the future

A Century of War and Peace Timothy L.H. McCormack,Michael Tilbury,Gillian D. Triggs,2021-10-18 This the first volume in the new series Melbourne Studies in Comparative and International Law contains the revised and updated versions of papers presented to the Asia Pacific Regional Conference held at The University of Melbourne to commemorate the centenary of the 1899 Hague Peace Conference and the 50th anniversary of the 1949 Geneva Conventions Within the context of the Asia Pacific region the collection by a wealth of international scholars and expert practitioners explores the major issues addressed at the Conference in 1899 including the peaceful settlement of disputes international humanitarian law and arms control and disarmament

Peace in World History Peter Stearns,2014-04-03 In *Peace in World History* Peter N Stearns examines the ideas of peace that have existed throughout history and how societies have sought to put them into practice Beginning with the status of peace in early hunter gatherer and agricultural societies and continuing through the present day the narrative

gives students a clear view of the ways people across the world have understood and striven to achieve peace throughout history Topics covered include Comparison of the pax Romana and pax Sinica of Rome and China Concepts of peace in Buddhism Christianity and Islam and their historical impact The place of peace in the periods of expanding empires The emergence starting in the 19th century of formal schemes to promote peace amid increasingly destructive technologies for warfare Moving away from the view of history as a series of military conflicts Peace in World History offers a new way of looking at world history by focusing on peace Showing how concepts of peace have evolved over time even as they have been challenged by war and conflict this lively and engaging narrative enables students to consider peace as a human possibility
