The Christian Philosophy Of Saint Augustine:

The Christian Philosophy of Saint Augustine Étienne Henry Gilson, 1967 *The City of God* Saint Augustine, 2018-10-19

The City of God Against the Pagans Latin De civitate Dei contra paganos often called The City of God is a book of Christian philosophy written in Latin by Augustine of Hippo in the early 5th century AD The book was in response to allegations that Christianity brought about the decline of Rome and is considered one of Augustine's most important works standing alongside The Confessions The Enchiridion On Christian Doctrine and On the Trinity As a work of one of the most influential Church Fathers The City of God is a cornerstone of Western thought expounding on many profound questions of theology such as the suffering of the righteous the existence of evil the conflict between free will and divine omniscience and the doctrine of original sin

Augustine: On the Trinity Books 8-15 Saint Augustine (of Hippo), Agustín (Santo, Obispo de Hipona.), 2002-07-04 An appropriate motto for Augustine's great work On the Trinity is faith in search of understanding In this treatise Augustine offers a part theological part philosophical account of how God might be understood in analogy to the human mind On the Trinity can be fairly described as the first modern philosophy of mind it is the first work in philosophy to recognize the problem of other minds and the first to offer the argument from analogy as a response to that problem Other subjects that it discusses include the nature of the mind and the nature of the body the doctrine of illumination and thinking as inner speech This volume presents the philosophical section of the work and in a historical and philosophical introduction Gareth Matthews places Augustine's arguments in context and assesses their influence on later thinkers

The City of God Saint Augustine, 2021-05-07 The City of God is a book of Christian philosophy written in Latin by Augustine of Hippo in the early 5th century AD The book was in response to allegations that Christianity brought about the decline of Rome and is considered one of Augustine's most important works Augustine wrote The City of God as an argument for the truth of Christianity over competing religions and philosophies He argues that Christianity was not responsible for the Sack of Rome but instead responsible for its success Even if the earthly rule of the Empire was imperiled it was the City of God that would ultimately triumph As a work of one of the most influential Church Fathers The City of God is a cornerstone of Western thought expounding on many profound questions of theology such as the suffering of the righteous the existence of evil the conflict between free will and divine omniscience and the doctrine of original sin

Love One Another, My Friends Saint Augustine, 2009-01-02 Augustine's interpretation is spiritual his were not scholarly or academic concerns and John Leinenweber's translation is fresh and accessible capturing the clarity brilliance and inspired passion of the original John has said many things stated Augustine and almost all of them concern love The first six of the ten homilies were delivered on the days of the Easter octave This period proved too short for

Augustine to cover the whole of the letter and he preached four additional homilies later in the spring In his Confessions Augustine spoke of his great longing as a youth to love and be loved a topic that appealed greatly to his listeners During the course of delivering these homilies he was interrupted time and again by applause and shouts of enthusiasm The ten homilies are broken up into twenty four short chapters for example The Commandment of Love Two Loves of God and of the World Christ and Antichrists Unanswered Prayer God is Love God Has Loved Us First Love Casts Out Fear His are in large part moral teachings dealing with such topics as prayer our enemies fear of God the church the world so important in Saint John s writings What does one actually do to love God and others What are the pitfalls of loving How can one learn to love more Throughout the homilies Augustine s great desire to love and be loved and to live eternally with God are eloquently expressed Believing himself ignorant of Scripture he had initially considered himself ill prepared for the priesthood Augustine s subsequent tireless studies unleashed a stream of biblical commentaries that led him to be ranked with Thomas Aquinas as one of the greatest teachers the Western Church has ever produced and one of its greatest Fathers His towering intellect molded the thought of Western Christianity and his ideas dominated the thinking of the Western world for a thousand years after his death Augustine wrote profusely explaining and defending the faith Called Doctor of Grace his best known works are his Confessions one of the greatest spiritual classics of all time and City of God an exposition of a Christian philosophy of history *The Christian philosophy of Saint Augustine*, tr Etienne Gilson, The Christian Philosophy of St. Augustine ,
