The Church Eric George Jay,1977 **The Church** Eric George Jay,1977 The church: its changing image through twenty centuries : The first seventeen centuries Eric George Jay,1977 **The Church** Eric G. Jay,1977 **The Church** Eric G. Jay,1977 The Church of God and Its Human Face Martin Madar,2019-06-12 The Church of God and Its Human Face is the first comprehensive study of perhaps the most original U S ecclesiolgologist of our times Joseph A Komonchak In language accessible to a wide audience the author offers an exposition of Komonchak s thought on the church and explores its distinctive features including its implications for church practice **The Unity of the Church** Eddy A. J. G. van der Borght,2009 In contrast to its original name Ecclesia Reformata ecclesiology did not develop into a major theme within the Reformed tradition Notwithstanding the undeniable schismatic tendency and the ecclesial embarrassment about disunity the unity of the church did not rise to prominence as a theological topic This volume challenges this traditional low key attitude towards the unity of the church It investigates theological aspects that contributed to a weak sensus unitatis and explores approaches that remedy the disease of division It discusses the role played by scripture the sacraments confessions and discipline it searches for the best theological practices within other Christian traditions it links the unity of the church to the unity of God and reformulates the nature of the church John Calvin and the Church Timothy George,1990-01-01 The coherence of this volume arises from the way in which John Calvin serves as the centering focus of various disciplines and scholarly approaches that touch on the life of the church Its five sections convey a wide range of interests among the contributors Calvin and his times theology ecclesiology interpretation of Holy Scripture and worship and preaching

Christian Community in History Roger Haight,2004 E F G H I J K L M N O P Q R S T U V W Y Z **Christian Community in History Volume 2** Roger D. Haight,2005-03-17 Ecclesiology from below as it operates in this work is directed to history it moves through the actual church of history to ecclesiology or to an understanding of the church both as it is and as it should be In the first volume that passage was fairly explicit because comprehensive ecclesiologies in our sense did not exist In this volume ecclesiology itself becomes much more directly the subject matter of the book but without losing sight of concrete history and the degree to which these ecclesiologies are historically conditioned Put somewhat differently the main goal of this comparative ecclesiology is not simply to lay down one after another different ecclesiologies that emerged over the last five hundred years although that describes the book with empirical accuracy Its larger intent is to show the richness vitality and creativity of the whole church as it moves through history adjusting to new times places and cultures
