

The City In Ancient Israel

Rainer Kessler

The City In Ancient Israel:

The City in Ancient Israel Frank S. Frick, 1977 A revision of the author's thesis Princeton 1970 presented under title The city in the Old Testament

The City in Ancient Israel Volkmar Fritz, 1995-01-01 Fritz traces not only the location layout size architecture building materials and water provision of Israelite cities but also their economics and the social organization of their inhabitants their everyday life administration and culture He traces the history of urban life in the southern Levant from about 3000 BCE to the end of the biblical period This comprehensive informative and entertaining account is illustrated throughout with concrete examples taken from the latest archaeological research illustrated with numerous maps and plans

Memory and the City in Ancient Israel Diana V. Edelman, Ehud Ben Zvi, 2014-11-07 Ancient cities served as the actual worldly landscape populated by material sites of memory Some of these sites were personal and others were directly and intentionally involved in the shaping of a collective social memory such as palaces temples inscriptions walls and gates Many cities were also sites of social memory in a very different way Like Babylon Nineveh or Jerusalem they served as ciphers that activated and communicated various mnemonic worlds as they integrated multiple images remembered events and provided a variety of meanings in diverse ancient communities Memory and the City in Ancient Israel contributes to the study of social memory in ancient Israel in the late Persian and early Hellenistic periods by exploring the city both urban spaces and urban centers It opens with a study that compares basic conceptualizing tendencies of cities in Mesopotamia with their counterparts in ancient Israel Its essays then explore memories of gates domestic spaces threshing floors palaces city gardens and parks natural and domesticated water in urban settings cisterns and wells Finally the studies turn to particular cities of memory in ancient Israel Jerusalem Samaria Shechem Mizpah Tyre Nineveh and Babylon The volume which emerged from meetings of the European Association of Biblical Studies includes the work of Stephanie Anthonioz Yairah Amit Ehud Ben Zvi K re Berge Diana Edelman Hadi Ghantous Anne Katrine Gudme Philippe Guillaume Russell Hobson Steven W Holloway Francis Landy Daniel Pioske Ulrike Sals Carla Sulzbach Karolien Vermeulen and Carey Walsh

The City Gate in Ancient Israel and Her Neighbors Daniel A. Frese, 2020-01-20 In The City Gate in Ancient Israel and Her Neighbors Daniel A Frese provides a wide ranging portrayal of one of the most prominent social institutions in the kingdoms of the southern Levant during the Iron II period the use of the city gate as a hub for numerous and diverse civic functions The book provides an up to date description of the architecture of gate complexes based on archaeological evidence and a systematic description of the many functions of the gate seen in hundreds of texts from the Hebrew Bible and the broader ancient Near East The final chapters of the book discuss the conceptual significance of gates in Israelite culture based on idiomatic and symbolic gate terminology in the Hebrew Bible

Towns in Ancient Israel and in the Southern Levant Claudia Sagona, C. H. J. de Geus, 2003 Many towns flourished in the Southern Levant during the 9th to 7th centuries BCE More than a century of excavations of these towns in Jordan Israel and the Palestinian Territories has

resulted in an increased understanding of how such towns functioned and what they looked like The remains of Megiddo Samaria or Hazor for instance have received numerous visitors This book aims at summarizing what is now actually known about the architecture of the towns The reader will be surprised and impressed when he starts to realize the degree of style these rather small towns could have With this book the author conducts a virtual city walk through such a town from the later Iron Age in this region The City in the Hebrew Bible James K Aitken, Hilary F. Marlow, 2018-10-18 These essays explore the idea of the city in the Hebrew Bible by means of thematic and textual studies The essays are united by their portrayal of how the city is envisaged in the Hebrew Bible and how the city shapes the writing of the literature considered In its conceptual framework the volume draws upon a number of other disciplines including literary studies urban geography and psycho linguistics to present chapters that stimulate further discussion on the role of urbanism in the biblical text The introduction examines how cities can be conceived and portrayed before surveying recent studies on the city and the Hebrew Bible Chapters then address such issues as the use of the Hebrew term for city the rhythm of the city throughout the biblical text as well as reflections on textual geography and the work of urban theorists in relation to the Song of Songs Issues both ancient and modern historical and literary are addressed in this fascinating collection which provides readers with a multifaceted and interdisciplinary view of the city in the Hebrew Bible The Social History of Ancient Israel Rainer Kessler, An accessible social history of ancient Israel designed for Old Testament courses Includes a timeline and glossary of terms

The People of Ancient Israel J. Kenneth Kuntz, 2009-07-01 Intended primarily as a textbook for undergraduates this volume has the following major divisions each divided into chapters I An introduction to the People including the essential stance of the biblical material methods of analysis and the geographical setting II The Origins of the People including a brief history of Old Testament criticism the patriarchal traditions the exodus event and the covenant at Sinai III The Growth of the People from the wilderness period to the time of Elijah IV The Demise of the People from the emergence of the literary prophets to the time of the exile V The Renewal of the People from the Second Isaiah through the end of the Old Testament period There is an extensive bibliography arranged topically and by chapters indexes of authors and subjects and photos and maps scattered appropriately throughout the volume Concerning many basic issues a range of scholarly opinions is cited followed by a judicious evaluation and a list of the author's conclusions Only occasionally may the average informed reader want to take serious issue with the author Each chapter dealing with the biblical text is accompanied by a list of passages which the student is to read in conjunction with it a helpful procedure Treatment of a particular segment of biblical material often includes discussion of its theological stance The author has included coverage of many more topics than introductions of comparable size From The Journal of Biblical Literature review by Lloyd R Bailey Duke University Professor Kuntz has written a very helpful introductory text The traditions and texts of the Hebrew Bible are set within a historical framework but the text is more than a history of ancient Israel Kuntz presents in a succinct fashion major historiographical and

interpretative positions He has included an excellent bibliography which includes commentaries atlases journals as well as bibliographies structured along the lines of the table of contents Kuntz has written a very readable and thorough introduction to the Hebrew Bible From The Journal of the American Academy of Religion by Richard D Hecht University of California Santa Barbara Although the subtitle includes the three areas of literature history and thought this volume is primarily concerned with the literature of the Old Testament A vast amount of information is made available in a breezy well articulated and engaging style Kuntz keeps his readers informed on presently controversial issues but he does not allow the intricacies of such current debates to obscure the flow of the work as a whole Each chapter is amply footnoted and an extensive annotated bibliography concludes the volume Some seventy photographs enhance an already clear and concise presentation The vigorous and open stance of the work evident in its lack of defensive or apologetic intent finds confirmation in the author s statement to engage in the Old Testament hermeneutical task is to engage in a dialogue with ancient Israel As that dialogue unfolds the interpreter will be required to place his own view of the world on trial Kuntz has ably demonstrated that the major task of introducing the Old Testament to the interested layperson can be accomplished successfully without jargon and sophisticated detail This volume deserves a wide readership and will serve as a very fine foundation in introductory courses to the entire Old Testament From The Catholic Biblical Quarterly by David P Reid SS CC Washington Theological Coalition Silver Spring Maryland [The Fortifications of Ancient Israel and Judah 1200-586 BC](#) Samuel Rocca,2012-10-20 A detailed study of the fortifications of the founders of ancient Israel from the time of their first settlement in the Middle East through the periods of the united and divided kingdoms until the sack of Jerusalem in 586 BC It begins in the period of Israelite settlement in the First Iron Age period 1200 1000 BC The extensive fortifications created by the famous kings Saul David and Solomon are covered including Gibeah Jerusalem Megiddo Hazor and Gezer which are described in the Bible The period of the Divided Monarchy saw the creation of two separate political entities the kingdoms of Israel and Judah The enemies the two kingdoms faced in this period included Moab Edom and the Arameans as well as the mighty empires of Assyria Babylonia and Egypt This book is a must have for fans of warfare in the ancient Middle East

The A to Z of Ancient Israel Niels Peter Lemche,2010-04-09 Of the many ancient civilizations we are aware of few are smaller than the ancient Kingdom of Israel Small both in geographical area and population it was barely noticed by the major civilizations of the time in Egypt Mesopotamia and elsewhere which either ignored or crushed it Yet several millennia later Israel is the civilization we remember most acutely which we know or think we know the most about and which has even been revised after a manner Alas what we know or think we know about Israel comes partly from the Old Testament and partly from fragmentary and sometimes distorted bits of historical evidence For these very reasons because Ancient Israel means so much to us and because we actually know so little for sure The A to Z of Ancient Israel is particularly important It examines the usual sources in the Old Testament and surveys the findings of more recent archaeological research to help us

determine just what happened and when a far from simple task It includes entries on most of the persons places and events which are generally considered and shows more broadly what the Kingdoms of Israel and Judah were like and what role they played in the ancient world but it also defines them as closely as possible according to the latest data While the results may differ from traditional views they are essential correctives

Delve into the emotional tapestry woven by in Experience **The City In Ancient Israel** .
