

THE CLANSMAN

The Clansman

Lingsheng Yao

The Clansman:

The Birth of a Nation Robert Lang, 1994 The birth of a nation follows the lives of two white families divided by and enduring the American Civil War and includes elaborate cameos of historical events such as the assassination of Abraham Lincoln System on the Farm, 1920 *In the Shadow of The Birth of a Nation* Melvyn Stokes, Paul McEwan, 2023-03-14 This collection brings together many of the world's leading scholars on race and film to reconsider the legacy and impact of D W Griffith's deeply racist 1915 epic *The Birth of a Nation* While this film is often cited there is a considerable dearth of substantial research on its initial impact and global reach These essays fill important gaps in the history of the film including essential work on its sources international reception and African American responses This book is a key text in the history of the most infamous and controversial film ever made and offers crucial new insights to scholars and students working in film history African American history and the history of race relations

Race in American Literature and Culture John Ernest, 2022-06-16 Exploring the unsteady foundations of American literary history *Race in American Literature and Culture* examines the hardening of racial fault lines throughout the nineteenth century and into the twentieth while considering aspects of the literary and interrelated traditions that emerged from this fractured cultural landscape A multicultural study of the influential and complex presence of race in the American imagination the book pushes debate in exciting new directions Offering expert explorations of how the history of race has been represented and written about it shows in what ways those representations and writings have influenced wider American culture Distinguished scholars from African American Latinx Asian American Native American and white American studies foreground the conflicts in question across different traditions and different modes of interpretation and are thus able comprehensively and creatively to address in the volume how and why race has been so central to American literature as a whole

Stagestruck Filmmaker David Mayer, 2009-03 An actor a vaudevillian and a dramatist before he became a filmmaker D W Griffith used the resources of theatre to great purpose and to great ends In pioneering the quintessentially modern medium of film from the 1890s to the 1930s he drew from older more broadly appealing stage forms of melodrama comedy vaudeville and variety In *Stagestruck Filmmaker* David Mayer brings Griffith's process vividly to life offering detailed and valuable insights into the racial ethnic class and gender issues of these transitional decades Combining the raw materials of theatre circus minstrelsy and dance with the newer visual codes of motion pictures Griffith became the first acknowledged artist of American film *Birth of a Nation* in particular demonstrates the degree to which he was influenced by the racist justifications and distorting interpretations of the Civil War and the Reconstruction era Moving through the major phases of Griffith's career in chapters organized around key films or groups of films Mayer provides a mesmerizing account of the American stage and cinema in the final years of the nineteenth century and the first three decades of the twentieth century Griffith's relationship to the theatre was intricate complex and enduring Long recognized as the dominant creative figure of American motion pictures throughout twenty six years of making more

than five hundred films he pillaged adapted reshaped revitalized preserved and extolled By historicizing his representations of race ethnicity and otherness Mayer places Griffith within an overall template of American life in the years when film rivaled and then surpassed the theatre in popularity **The Bookman** ,1905 The Selected Writings of James Weldon Johnson: The New York Age editorials (1914-1923) James Weldon Johnson,1995 These two volumes of writings represent Johnson s experiences as one of black America s premier civil rights statesmen and leader participant and historian of the Black Literary Movement in the 1920s *The Movie Magazine* ,1915 Culture and Belonging in Divided Societies Marc Howard Ross,2012-02-28 From cartoons of Muhammad in a Danish newspaper to displays of the Confederate battle flag over the South Carolina statehouse acts of cultural significance have set off political conflicts and sometimes violence These and other expressions and enactments of culture whether in music graffiti sculpture flag displays parades religious rituals or film regularly produce divisive and sometimes prolonged disputes What is striking about so many of these conflicts is their emotional intensity despite the fact that in many cases what is at stake is often of little material value Why do people invest so much emotional energy and resources in such conflicts What is at stake and what does winning or losing represent The answers to these questions explored in *Culture and Belonging in Divided Societies* view cultural expressions variously as barriers to or opportunities for inclusion in a divided society s symbolic landscape and political life Though little may be at stake materially deep emotional investment in conflicts over cultural acts can have significant political consequences At the same time while cultural issues often exacerbate conflict new or redefined cultural expressions and enactments can redirect long standing conflicts in more constructive directions and promote reconciliation in ways that lead to or reinforce formal peace agreements Encompassing work by a diverse group of scholars of American studies anthropology art history religion political science and other fields *Culture and Belonging in Divided Societies* addresses the power of cultural expressions and enactments in highly charged settings exploring when and how changes in a society s symbolic landscape occur and what this tells us about political life in the societies in which they take place *The American Dream and Dreams Deferred* Carlton D. Floyd,Thomas Ehrlich Reifer,2022-11-14 *The American Dream and Dreams Deferred* A Dialectical Fairy Tale shows how rival interpretations of the Dream reveal the dialectical tensions therein Exploring often neglected voices literatures and histories Carlton D Floyd and Thomas Ehrlich Reifer highlight moments when the American Dream appears both simultaneously possible and out of reach In so doing the authors invite readers to make a new collective dream of a better future on socially just multicultural and ecologically sustainable foundations
