The Cloud Of Unknowing:

The Cloud of Unknowing Elizabeth Ruth Obbard, 2008 Those who turn to spiritual classics for guidance and inspiration often find their style daunting The original texts still have much to offer but their diction and idiom chosen for another era and audience pose an obstacle to many contemporary readers The Cloud of Unknowing for Everyone is the latest in a series that aims to make some of the greatest Christian teachers accessible to all The Cloud of Unknowing written by an unknown fourteenth century author points out that all we can know of God is slight God in Godself is unknowable to our limited intellect and thought Only love can bridge the gap love like an arrow of longing simple straightforward and direct All who feel called to a life of prayer will be captivated by the balanced precise and practical insights of The Cloud In her retelling of this classic Obbard invites contemporary readers to join previous generations who have discovered the riches of this classic text

The Cloud of Unknowing and Other Works, 2001-08-30 Contains The Cloud of Unknowing The Mystical Theology of Saint Denis The Book of Privy Counselling and An Epistle on Prayer Against a tradition of devotional writings which focussed on knowing God through Christ s Passion and his humanity these texts describe a transcendent God who exists beyond human knowledge and human language These four texts are at the heart of medieval mystical theology in their call for contemplation calm and above all love as the way to understand the Divine

The Cloud of Unknowing Anonymous, 2022-05-17 The Cloud of Unknowing is a seminal work of mystical theology composed in the late 14th century presenting a unique blend of contemplative prayer and traditional Christian thought Written in Middle English the text employs a distinctive epistolary style addressing a spiritual seeker on the path to divine union The author emphasizes the limitations of human knowledge when approaching God advocating for a form of prayer that transcends intellectual understanding encapsulated in the metaphorical cloud that obscures divine truths This work is part of the broader mystic tradition resonating with the themes of unknowing and divine love found in the writings of figures like Julian of Norwich and Meister Eckhart The anonymity of the author adds an aura of universality to this mystical classic suggesting that the journey toward God is deeply personal yet shared among believers Often interpreted as a response to the burgeoning interest in mysticism during the medieval period the author s insights reflect both personal spiritual experiences and the larger cultural context of contemplative practices emerging within Christianity at the time For those seeking a profound exploration of spirituality that transcends dogma The Cloud of Unknowing is an essential read Its meditative guidance and rich theological insights offer timeless wisdom for contemporary seekers encouraging readers to embrace the mystery of faith and the transformative power of unknowing

contemplative classic on the deep mysteries of faith Lift up your heart to God with a humble impulse of love and have himself as your aim not any of his goods Set yourself to rest in this darkness always crying out after him whom you love For if you are to experience him or to see him at all insofar as it is possible here it must always be in this cloud and in this darkness The Cloud of Unknowing The Cloud of Unknowing William Johnston,1996-07-01 William Johnston an authority on fourteenth century spirituality and specifically on the writings of this unknown author provides a substantive and accessible introduction detailing what is known about the history of this text and its relevance throughout the ages Also included here is the author's other principal work The Book of Privy Counseling a short and moving text on the way to enlightenment through a total loss of self and consciousness only of the divine **The Cloud of Unknowing** Anonymous Anonymous,2020-02-07 The Cloud of Unknowing Middle English The Cloude of Unknowing is an anonymous work of Christian mysticism written in Middle English in the latter half of the 14th century The text is a spiritual guide on contemplative prayer in the late Middle Ages The Cloud of Unknowing Anonymous,2023-12-21 The Cloud of Unknowing is a seminal work of late 14th century mysticism that intricately explores the complex relationship between the human soul and God Written in the form of a theological guide it employs an accessible yet profound style characterized by a lyrical simplicity that unveils the depths of contemplative prayer The text invites readers to henceforth forsake intellectual reasoning in order to experience divine love emphasizing the necessity of love over knowledge in one's pursuit of union with the divine Grounded within the context of medieval spirituality it embodies the tension between scholastic thought and experiential faith offering insights that resonate profoundly with the spiritual seekers of all eras While the author remains anonymous the work is often associated with the mystic tradition likely informed by the burgeoning contemplative practices of the time The author's intimate familiarity with the writings of the Church Fathers and the mystics such as Meister Eckhart and Julian of Norwich shines through suggesting a richly developed spiritual practice This context of spiritual yearning reflects a broader societal desire for direct communion with God moving away from dogma into personal experience For those yearning for a deeper understanding of the mystical path and the essence of divine encounter The Cloud of Unknowing serves as an illuminating guide Its timeless wisdom encourages readers to embrace the mystery of faith and the transformative power of love This work is a must read for scholars theologians and anyone seeking to enrich their spiritual journey **Cloud Devotion** David G.
