The Comet Of 44 Bc And Caesars Funeral Games:

The Comet of 44 B.C. and Caesar's Funeral Games John T. Ramsey, A. Lewis Licht, 1997 This unique collaboration between a classicist and physicist at the University of Illinois at Chicago is the first work to combine the evidence from both China and Rome for the spectacular daylight comet of 44 BC perhaps the most famous comet in antiquity This investigation which also examines allusions to this comet in astrological literature from later antiquity sheds new light on the significance of the comet as a powerful symbol in the political propaganda that launched Augustus' career

The Divinization of Caesar and Augustus Michael Koortbojian, 2013-10-31 This book examines the newly institutionalized divinization of Caesar and Augustus at the advent of the Roman empire

Madness Unchained Lee Fratantuono 2, 2007-06-07 Madness Unchained is a comprehensive introduction to and study of Virgil's Aeneid The book moves through Virgil's epic scene by scene and offers a detailed explication of not only all the major and many minor difficulties of interpretation but also provides a cohesive argument that explores Virgil's point in writing this epic of Roman mythology and Augustan propaganda the role of fury or madness in Rome's national identity There have been other books that have attempted to present a complete guide to the Aeneid but this is the first to address every episode in the poem omitting nothing and aiming itself at an audience that ranges from the Advanced Placement Virgil student in secondary school to the professional Virgilian and everyone in between both Latinists and the Latin less Individual chapters correspond to the books of the poem unlike some volumes that prejudice the reader's interpretation of the work by rearranging the order of episodes in order to influence their impact on the audience this book moves in the order Virgil intended and also gives rather fuller exposition to the second half of the poem Virgil's self-proclaimed greater work maius opus The notes to each chapter as well as the Selected Bibliography are meant to provide a guide to the dense forest that is Virgilian scholarship The notes aim at familiarizing the interested reader with the better and lesser known byways of Virgilian criticism both English American and continental and at introducing the reader to some of the perennial problems of Virgilian literary criticism It is hoped that Madness Unchained will become the standard introductory guide to the poem useful in college and university courses in mythology Roman literature epic poetry and Virgil in Latin or translation as well as offering a reappraisal of the poem to the many readers and scholars in other disciplines who know they should like the Aeneid but who have always been perplexed by the seemingly strange

Celestial Inclinations Anne-Marie Lewis, 2023 Celestial Inclinations offers original insights into the practical application of observational astronomy and astrology as political tools by Rome's first emperor Augustus It combines history astronomy literature art and more to provide a new perspective on the life of Augustus a man who believed his destiny was written in the stars

Disclosure and Discretion in Roman Astrology Steven J. Green, 2014 In light of modern scepticism towards the practice it is easy to overlook just how important a role astrology played in the career of Rome's first Emperor Augustus Augustus' enthusiasm for employing astrological predictions and symbols to cement his own position of power was matched

by an equally forceful desire to restrict their use by his political rivals Astrology in Rome was then to use Tacitus neat formulation both forbidden and maintained Tacitus Histories 1 22 This volume is the first to take seriously this imperial complex as a key to understanding the diverse ways in which contemporary commentators handle the volatile topic of astrology in their writings It shows how Roman writers engage in elaborate discourses of discretion as they simultaneously celebrate the power of astrology and shy away from the sort of astrological revelations that might offend imperial sensibilities With a particular focus on the key astrological poem of Manilius this study provides a new conceptual framework in which to appreciate the complex treatments of astrology during the period of Octavian Augustus **Diodorus'**

Mythistory and the Pagan Mission Iris Sulimani, 2011-04-11 The traditional Diodoran scholarship has been challenged in the last decades by a revisionist approach which concentrates on Diodorus Siculus contribution rather than on his lost sources Building on that approach this book focuses on the Bibliotheca's first pentad which has usually been neglected as a subject of research and explores the author's depictions of journeys made by gods and culture heroes A thorough investigation of his historiographical methods and his representation of mythical figures demonstrates that the mythological narrative is not only an essential part of his universal history but also an important supplement to our knowledge of Hellenistic civilization especially its mentality and historical geography **Life of Augustus** Suetonius, 2014 Suetonius Life of Augustus is the most commonly read ancient account of the life of Rome's first emperor presenting a mass of historical and biographical detail about both his public and personal lives This volume provides the first large scale commentary on Suetonius work in English drawing out what is unique about Suetonius information discussing how it relates to other ancient accounts and assessing its historical reliability The commentary is the first to be accessible to readers without any knowledge of Latin or Greek due to its use of English lemmata while the new translation remains faithful to the original Latin Accompanied by an introduction which investigates the career of Suetonius the date of the Lives of the Caesars the structure of the Life of Augustus the various sources utilized by Suetonius and the way in which the reader should approach this complex text the commentary also looks to examine Suetonius work not just as a repository of facts but as a literary artefact carefully constructed by its author **Apocalyptic Ecology** Micah D. Kiel, 2017-08-03 The author of the book of Revelation struggled as we do today to live out a Christian faith in the context of an empire that trampled and destroyed the earth and its creatures In this book Micah D Kiel will look at how and why Revelation was written along with how it has been interpreted across the centuries to come to an understanding of its potential contribution to a modern environmental ethic While the book of Revelation is replete with images of destruction of the earth Kiel shows readers through Revelation's ancient context a message of hope that calls for the care of and respect for the environment **Madness Triumphant** Lee Fratantuono, 2012-06-28 Madness Triumphant A Reading of Lucan's Pharsalia offers the most detailed and comprehensive analysis of Lucan's epic poem of the civil war between Caesar and Pompey to have appeared in English In the manner of his

previous books on Virgil and Ovid Professor Fratantuono considers the Pharsalia as an epic investigation of the nature of fury and madness in Rome this time during the increasing insanity of Nero's reign The volume proceeds chapter by chapter book by book through Lucan's poem as it unfolds the thesis that the poet Lucan crafted an epic response to both Virgil and Ovid the closing movement in a three act tragedy of madness In response to the Aeneid Lucan raises the idea that the final ethnographic settlement of Trojans and Italians may not have been for the best while in response to the Metamorphoses he explores the idea that the immortality achieved by the poet may not after all prove to be a blessing An introduction and bibliography provide additional direction for the study of this greatest surviving work of literature from the so called Silver Age of Neronian literature while the individual chapters offer in depth bibliographical citations and extensive annotation as a guide to further study of the poem Lucan's poem is revealed to be the consummate hymn to fury as the poet offers a return to the opening of Homer's Iliad and the wrath of Achilles which is now viewed as part of an unending cycle of madness that will end only in the flames of a global conflagration that will consume all things The pervasive intertext of Lucan's epic poem with his predecessor Manilius Astronomica is also investigated as the nature of Lucan's response to both Stoic and Epicurean antecedents is explored Manilius stars are virtually sprinkled through the Pharsalia as the heavens offer a celestial canvas for the poet of fury to illustrate the beautiful lies that may ultimately be shown to conceal even more seductive truths

Dynasty Tom Holland, 2015-09-03 A masterly account of this first wicked century of the Roman Empire Sunday Times Holland does not just tell the story of the reign of the Julio Claudian family He knits the history of ancient Rome into his narrative its founding myths the fall of the republic the religious superstitions with a skill so dextrous you don't notice the stitching Dynasty is both a formidable effort to compile what we can know about the ancient world and a sensational story Observer A witty and skilful storyteller He recounts with pleasure his racy tales of psychopathic cruelty incest paedophilia matricide fratricide assassination and depravity William Dalrymple New Statesman A wonderful surging narrative for anyone interested in history politics or human nature and it has never been better told Mail on Sunday THE TOP TEN SUNDAY TIMES BESTSELLER
