The Christian View of Man Hugh Dermot McDonald,1981

*The Biblical View of Man* Leo Adler,Daniel R.

Schwartz,Shimon Gesundheit,2015-01-01 The Biblical View of Man argues cogently that the Bible is more about human beings than about God and insists that in the biblical view what human beings need is not so much wisdom or grace but rather their own free will to fulfill the obligations that a loving God has bestowed upon them in order to allow them to prove and improve themselves According to Rabbi Leo Adler the exercise of such free will rather than implying a lack of need for God actually requires a firm commitment to God First published in German in 1965 this engaging interpretation of the Bible appears in English for the first time *The Nature and Destiny of Man* Reinhold Niebuhr,1996-01-01 Thought to be Niebuhr's most significant work as well as one of the few great 20th century works of theology by an American writer considers human nature from a Christian perspective **Body and Soul, a Study on the Christian View of Man** Derwyn Randolph Grier Owen,1956 *Christian View of God and the World* James Orr,1989 **The Christian View of God and the World as Centring in the Incarnation** James Orr,1907 **Somewhat Less Than God** Leonard Verduin,1970

**Understanding Self and Others in the Postmodern World** Richard E. Bailey Ph. D.,2013-01-22 Understanding Self and Others in the Postmodern World is unlike most books directed at giving people insight into themselves in that it is addressed to those who want to think about their lives relationships with others and how Western culture has arrived at the Postmodern World This book examines seven different worldviews that have become dominant for periods of time in the history of Western culture The author explains that although all worldviews share the same structure and characteristics they vary markedly in their contents Further a worldview molds those entering it after its own image Those readers 1 who identify their own assumptions about the nature of reality what it means to be a human being and the truth will gain insight into themselves And identifying the assumptions held by others on these matters will give the reader insight into them The problem in the Postmodern World is that we live and work with people who live in these different worlds That situation has invited disagreement and conflict which unresolved has led to the chaos that is characteristic of our time The solution before the nations of the West is that each citizen must grant to all others the same rights to life liberty and the pursuit of happiness he or she claims for him or herself Pollution and the Death of Man Francis A. Schaeffer,Udo W. Middelmann,2011-03-02 At the creation of the world God gave mankind the responsibility to exercise dominion over the earth Man was to use the earth and its abundance of resources to satisfy his physical needs but he was also to care for the earth and its creatures as a wise and godly steward Reading about endangered species or another oil spill will make it abundantly clear that the human race has failed miserably in its God given mandate How did we get to this point Where should we go from here This classic by Francis Schaeffer now repackaged looks at contemporary ecological crises through the lens of theology and Scripture

Renowned for his work in applied philosophy and theology Schaeffer answers serious philosophical questions about creation and ecology He concludes that we must return to a profoundly and radically biblical understanding of God's relationship to the earth and of our divine mandate to exercise godly dominion over it Repackaged and republished Pollution and the Death of Man carries an important and relevant message for our day With concluding chapter by Udo Middelmann     **The Christian Doctrine of Man's Depravity Refuted** John Watts,1860     **The Christian View of Man** John Gresham Machen,1937     *Reformed Theology in America* David F. Wells,1985 Modern Reformed Theology In America Has shown astonishing variety in its expression Grouped under the name Reformed are in fact five diverse traditions the Princeton theology Westminster Calvinism the Dutch schools Southern Reformed thought and Neoorthodoxy This book provides penetrating analysis of these five traditions and the two leading theologians of each The result is an important advance in our understanding of what being Reformed has meant and what it should now mean in the late twentieth century Publisher

Character and the Christian Life Stanley Hauerwas,2017-04-15 Some fourteen years after its initial publication this important and influential book with a new substantial and candid introduction by the author is available in a reasonably priced paperback edition In this volume Hauerwas assesses recent interest in the ethics of character and suggests areas in his own work that now call for some corrective and or further work     Worldview David K. Naugle,2002-07-16 Conceiving of Christianity as a worldview has been one of the most significant events in the church in the last 150 years In this new book David Naugle provides the best discussion yet of the history and contemporary use of worldview as a totalizing approach to faith and life This informative volume first locates the origin of worldview in the writings of Immanuel Kant and surveys the rapid proliferation of its use throughout the English speaking world Naugle then provides the first study ever undertaken of the insights of major Western philosophers on the subject of worldview and offers an original examination of the role this concept has played in the natural and social sciences Finally Naugle gives the concept biblical and theological grounding exploring the unique ways that worldview has been used in the Evangelical Orthodox and Catholic traditions This clear presentation of the concept of worldview will be valuable to a wide range of readers     **Homeopathy and Early**

**Christianity** Pal Dragos,2008 The hidden spiritual treasure of early Christianity represents a potential source of answers to the pressing questions of our time This book is the first attempt to pursue the deep structural similarities of a religion and homeopathic medicine The human body and the mystery of its energy bodily instance life energy cannot be considered using exclusively intellectual thought The doctrines passed down from the Orthodox Church Fathers regarding Christology and the Trinity provide the structural basis necessary to understand the metamorphoses of the human powers aimed at by homeopathy It is not uncommon that these methods result in cases of healing bordering on the miraculous The divine energies in the view of man held by early Christianity enable us to reach a new dimension in homeopathy The loss of access to the divine energies also leads to functional activities without a frame of reference in homeopathy Handling symptoms

without taking into account the constitution as a whole or the use of too high potencies mega potencies are thus unsuitable for practising Christians Pal Dragos leads a homeopathic out patients clinic in Munich and works in the Wachstumstrend Forschungsinstitut und Verlags GmbH in international and interdisciplinary structuration research [www.pal-dragos.de](http://www.pal-dragos.de)
