Cox, Blake Barbera, 2021-08-05 *Secularism the Church and the Way Forward* is a succinct yet descriptive dialogue between a nonagenarian church leader and a young pastor who are struggling with the reality of the rapidly morphing Western Protestant church At times debatable at others provocative and with insights that induce conviction the authors challenge confuse and enlighten the reader Combining proven multidisciplinary models with innovative approaches the authors inspire a deeper understanding of the complexities surrounding the church s relationship to society In so doing they point the church s leaders toward the perilous yet necessary path of rediscovering its identity **The No-Nonsense Church** Craig DuBois, 2006-03 *Church on the Edge of Somewhere* George B. Thompson Jr., 2007-11-19 Most congregations today exist in what George Thompson calls the middle of anywhere They live comfortably with their surrounding culture focusing their energies on serving the needs of their current members These congregations have many strengths and gifts that they can exercise without changing a thing But Thompson envisions a deeper more prophetic call for congregations to explore the meaning of being in the world but not of it a church on the edge of somewhere Thompson sees a church that is deeply engaged in ministering to the community while calling on others to commit to doing the same By analyzing the interaction between a congregation s focus of identity and their stance with the world Thompson has created a helpful grid for congregations to place themselves on today s cultural map A congregation that sees itself as existing on the margins of society will look different than one that sees itself as embedded in society A congregation that hears a call to serve the surrounding community will look different from one that focuses on its internal needs Knowing where they stand now is the key for congregations to discover where they must go in the future to fully live out their call to be God s people in the world **The Church on the World's Turf** Paul A. Bramadat, 2000-06-29 Is it possible for conservative Protestant groups to survive in secular institutional settings Here Bramadat offers an ethnographic study of the Inter Varsity Christian Fellowship IVCF at McMaster University a group that espouses fundamentalist interpretations of the Bible women s roles the age of the earth alcohol consumption and sexual ethics In examining this group Bramadat demonstrates how this tiny minority thrives within the overwhelmingly secular context of the University *Rebuilding the Church on a New Foundation* Gerald Robinson, 2020-01-09 Vast changes are sweeping over society We relate to one another in ways unheard of a generation ago and the church too must change if it is going to continue to serve We are not the same people for whom Victorian churches were designed yet that is the way most present day churches are configured No wonder we are in trouble We need to go back to our first century roots and from there to be born anew *Rebuilding the Church on a New Foundation* responds to this need by offering guidance to a congregation that wishes to enhance the worship of the church to re focus its worship space to serve its community and to welcome the stranger Here is an exciting and engaging journey one that will give the church the potential to survive into the next century [The New International Dictionary of Pentecostal and](#)

New Religions As Global Cultures Irving Hexham, Karla Poewe, 2018-02-12 Although the Great Anti Cult Crusade links new religious movements to dangerous cults brainwashing and the need for deprogramming Karla Poewe and

Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions Drawing on examples from Africa the United States Asia and Europe they suggest that few new religions are really new Most draw on rich if localized cultural traditions that are shaped anew by the influence of technological change and international linkages With the widespread loss of belief in biblical mythology in the nineteenth century new mythologies based on science and elements derived from various non Western religious traditions emerged leading to the growth and popularity of new religions and cults

The Way the Church Ought to Be Robert

Allan,2002-05 **The New Worship Awakening** Robert E. Webber,2007 The cultural shift since 2001 is very different than that of the 60 s and 70 s It is a culture tired of noise turned off by phoniness sick of glitz and wary of the superficial It is a culture that is searching for an authentic encounter with God longing for depth and substance craving quiet and spiritual contemplation and moved by visual tactile forms of communication The New Worship Awakening examines the wide array of worship styles from traditional to contemporary currently in practice in today s churches Webber makes a compelling case for renewing the vigor of the spiritual life of the church through two means grounding worship in the biblical narrative while at the same time integrating an understanding of worship traditions throughout history Through astute observations and personal experiences the author emphasizes that Christ can be encountered through the arts the services of the Christian year the Sacraments the singing of hymns and folk songs the passing of the peace the Liturgy and many other means that incorporate Christian worship styles through the ages He makes the all important point that worship today celebrates the same Christ who walked the earth two thousand years ago and that in true and lively worship there is divine action There is an action from above the Holy Spirit delivers Christ and the benefits of Christ s death and resurrection to the worshippers
