The Circle Game Services For The Poor In Massachusetts 1966 1978:

The Circle Game Ann Withorn,1982 **Grassroots Warriors** Nancy A. Naples,2014-01-14 Who are the grassroots warriors on the front lines of the war on poverty Through in depth interviews Nancy Naples presents the voices of over sixty women African American Puerto Rican and white European American who have fought for social and economic justice in the low income neighborhoods of New York City and Philadelphia These women as community workers and activist mothers contribute vital and often unpaid services to their communities offering complex political perspectives and empowering others Naples reconceptualizes labor mothering and politics from the standpoint of women committed to work and politically organize on behalf of low income urban communities Her analysis reveals significant legacies from past social movements and examines how gender ethnicity and class influence political consciousness and practice **Barriers to Self-sufficiency for Single Female Heads of Families** United States. Congress. House. Committee on Government Operations. Intergovernmental Relations and Human Resources Subcommittee,1985 *Serving the People* Ann Withorn,1984 Moving deftly among literary and visual arts as well as the modern critical canon Christopher Prendergast's book explores the meaning and value of representation as both a philosophical challenge What does it mean to create an image that stands for something absent and a political issue Who has the right to represent whom The Triangle of Representation raises a range of theoretical historical and aesthetic questions and offers subtle readings of such cultural critics as Raymond Williams Paul de Man Edward Said Walter Benjamin and Hélène Cixous in addition to penetrating investigations of visual artists like Gros Ingres and Matisse and significant insights into Proust and the onus of translating him Above all Prendergast's work is a striking display of how a firm grounding in theory is essential for the exploration of art and literature *The Rise of the Therapeutic State* Andrew J. Polsky,1993-07-26 Assuming that marginal citizens cannot govern their own lives proponents of the therapeutic state urge casework intervention to reshape the attitudes and behaviors of those who live outside the social mainstream Thus the victims of poverty delinquency family violence and other problems are to be normalized But normalize to Andrew Polsky is a term that jars the ear as well it should when we consider what this effort is all about Here he investigates the broad network of public agencies that adopt the casework approach **Historical Journal of Massachusetts** ,1983 *For Crying Out Loud* Rochelle Lefkowitz,Ann Withorn,1986 *Historical Journal of Western Massachusetts* ,1979 *A Guide to The History of Massachusetts* Martin Kaufman,John W. Ifkovic,Joseph Carvalho,1988-03-08 This volume is designed as a general reference tool for the study of the history of Massachusetts The only book of its type the volume focuses largely on local history emphasizing the new social history and containing biographies of leading figures Since Massachusetts history and U S history largely intertwined during the colonial and early national period the book provides information on trends in early American history and provides scholars and other interested readers with an up to date summary of major works and important interpretations of each period and of relevant themes such

as urban history women in history and oral history *The Altruistic Imagination* John H. Ehrenreich, 2014-01-21 Social work and social policy in the United States have always had a complex and troubled relationship In *The Altruistic Imagination* John H Ehrenreich offers a critical interpretation of their intertwined histories seeking to understand the problems that face these two vital institutions in American society Ehrenreich demonstrates that the emphasis of social work has always vacillated between individual treatment and social reform Tracing this ever changing focus from the Progressive Era through the development of the welfare state the New Deal and the affluent 1950s and 1960s into the administration of Ronald Reagan he places the evolution of social work in the context of political cultural and ideological trends noting the paradoxes inherent in the attempt to provide essential services and reflect at the same time the intentions of the state He concludes by examining the turning point faced by the social work profession in the 1980s indicated by a return to casework and a withdrawal from social policy concerns *The Journal of Human Resources* ,1983 A general journal of political science *New England* Joseph E. Coduri, Committee for a New England Bibliography, 1989 *The Publishers' Trade List Annual* ,1994 *New England Journal of Human Services* ,1985 **Mobilizing the Community** Robert Fisher, Joseph M. Kling, 1993-09-17 In an era of global transition contemporary grassroots organizing represents the dominant form of resistance available to people who seek to control their lives It is the basis for restoring public life empowering individuals and communities and challenging the state and the capital Through empirically based case studies and theoretical essays *Mobilizing the Community* discusses strategies tactics ideology and leadership often used in grassroots mobilization It covers citizen initiatives ethnic self help organizations community based development and service delivery programs political lobbying and advocacy efforts political party building and direct action protest groups The empowerment of various groups middle class suburbanites the poor women gay men lesbian women communists neopopulists workers immigrants hispanics and blacks is addressed This comprehensive volume provides powerful suggestions to scholars practitioners and analysts of urban studies and political science as well as activists This is a very useful volume Its emphasis on the process of community organizing leads to a focus on tactics strategy resource acquisition and alliance formation This compliments the more usual survey studies of movement participants which tend to be static and give equal weight to each individual *Housing Studies*

Newsletter - Social Welfare History Group ,1982 *Publishers Trade List Annual*, 1992 ,1992 *Books in Print* ,1994 **Partnerships for Improving Schools** Byrd L. Jones, Robert W. Maloy, 1988-03-08 There are so many ideas in this book that choosing a few to highlight here is as difficult as tasting only three items from a smorgasborg after a fast Jones and Maloy s comments will prompt knowing nods of the head from most who have experience with partnerships and they provide starting points for novices serious consideration For example the book raises critical questions about different approaches to partnerships Should partnerships be primarily grass roots efforts with little top down control If so what issues are off limits to governance bodies If partnerships can bring about improvements suggested should they become a way of life for

university school relations If so how can long term partnerships maintain the insider outsider perspectives Jones and Maloy argue for so persuasively Partnerships for Improving Schools addresses these and many other questions Most importantly perhaps it forcefull and directly reminds us that equity is the central criterion agains which to measure educational progress Teachers College Record In this volume Jones and Maloy present a comprehensive framework for viewing understanding and participating in school improvement partnerships Based on their fifteen years of experiences with various collaborative projects the authors demonstrate ways to sustain agreements over time through mutually beneficial activities between teachers and members of outside organizations Interactive partnerships generate formal and informal learning for participants that lead to evolving understandings about personal behaviors and organizational climates and the new purposes yield strategies and structures for educational reform **American Studies** ,1986
