**Circumnavigators** Derek Wilson,2013-08-22 Going round the world is an idea that has excited people ever since it was realized that the earth was a sphere The appeal has something to do with encompassing all the known environment and exploring the unknown not only on the surface of the planet but within the spirit of the explorer The story of circumnavigation is thus a long saga of human adventure travel and discovery Beginning with the fateful day in 1521 when Ferdinand Magellan was speared to death on Mactan and Juan de Elcano took up the challenge of bringing his surviving companions home the story continues through four centuries crammed with astonishing exploits by men and women of many nations Some of the names that feature are well known others less so **The Circumnavigators** Don Holm,1975 **The First Circumnavigators** Harry Kelsey,2016-01-01 Prior histories of the first Spanish mariners to circumnavigate the globe in the sixteenth century have focused on Ferdinand Magellan and the other illustrious leaders of these daring expeditions Harry Kelsey s masterfully researched study is the first to concentrate on the hitherto anonymous sailors slaves adventurers and soldiers who manned the ships The author contends that these initial trans global voyages occurred by chance beginning with the launch of Magellan s armada in 1519 when the crews dispatched by the king of Spain to claim the Spice Islands in the western Pacific were forced to seek a longer way home resulting in bitter confrontations with rival Portuguese Kelsey s enthralling history based on more than thirty years of research in European and American archives offers fascinating stories of treachery greed murder desertion sickness and starvation but also of courage dogged persistence leadership and loyalty
