The Adventures of Summer and Pop-Up Allen Henry, 2020-06-01 Little Summer gets the opportunity to spend a lot of time with her grandfather Pop Up. They have a lot of fun together as they experience some not your ordinary adventures. Summer and Pop Up never know what's going to happen. From shopping to fishing trips to visits to the zoo and more, the pair explore the world around them while enjoying their time together. This picture book for children shares a delightful story about the relationship between a grandpa and his granddaughter as they create special memories.

Pop-Up Robert Wernli, 2015-11-13 Pop Up is a suspense thriller set along the US-Mexico border. Illegal immigrants, mysteriously dying drugs and the cartel moving north, weapons and money heading south, terrorists crossing freely, Southern California gang warfare escalating. Vigilantes and white supremacists mobilizing. US president Antonio Villas, elected by fed-up voters to solve the county's problems, is in over his head. Operation Pop Up, his top secret effort to resolve the border conflict, fails catastrophically. Caught in the middle of the escalating border war is Pulitzer Prize-winning investigative reporter Sam Brashley, who fights for his life and the sovereignty of the United States.

Pavilions, Pop Ups and Parasols Leon van Schaik, Fleur Watson, 2015-06-02 Around the world, a new architectural form is emerging. In public places, a progressive architecture is being commissioned to promote open-ended, undetermined, lightly programmed or unprogrammed interactions between people. This new phenomenon of architectural form, Pavilions, Pop Ups and Parasols, is presaged by rapidly changing social relationships flowing from social media such as Facebook, Twitter and Instagram. The nexus between real and virtual meeting is effectively being reinvented by innovative and creative architectural practices. People meet in new and responsive ways; architects meet their clients in new forums; knowledge is met and achieved in new and interactive frameworks. It contrasts bluntly with the commercially structured interactions of shopping malls and the increasingly deliberate interactions available in cultural institutions. These experiences imbue a new type of client, casually engaged, flocking, hacking, crowd-funding and self-helping. Contributors include Rob Bevan, Pia Ednie Brown, Roan Ching Yueh, Dan Hill, Martyn Hook, Minsuk Cho, Andrea Kahn, Felicity Scott, Akira Suzuki. Contributing architects include Alisa Andrasek, Biothing.

Mazin Grace Dylan Coleman, Claire G Coleman, 2024-06-04 Growing up on the Mission isn't easy for clever Grace Oldman. When her classmates tease her for not having a father, she doesn't know what to say. Papa Neddy says her dad is the Lord God in Heaven, but that doesn't help when the Mission kids call her a bastard. As Grace slowly pieces together clues that might lead to answers, she struggles to find a place in a community that rejects her for reasons she doesn't understand. In *Mazin Grace*, Dylan Coleman fictionalises her mother's childhood at the Koonibba Lutheran Mission in South Australia in the 1940s and 50s. Woven through the narrative are the powerful rhythmic sounds of Aboriginal English and Kokatha language. *Mazin Grace* is the inspirational story of a feisty girl who refuses to be told who she is, determined to uncover the truth for herself.

Pop-up and Movable Books Ann Rothwell Montanaro, 1993 For historians of printing and book design, students of children's literature, and book collectors, this record of 19th and 20th century English language books containing movable illustrations identifies indexes and describes some 1,600 titles. The volume is arranged alphabetically by title and has three separate indexes sorted by publication date, personal names of contributors, and series titles. Pop-Up Books Nancy Larson Bluemel, Rhonda Harris Taylor, 2012-02-02 A convincing explanation of why interactive or movable books should be included in the library collection, this document details their value as motivational instructional tools in all areas of the school curriculum across many grade levels. Pop-up books possess universal appeal. Everyone from preschoolers to adults loves to see and tactilely experience the beautiful three-dimensional work of Robert Sabuda. David A. Carter and other pop-up book creators. Sabuda himself was inspired to become a pop-up book artist after experiencing the 1972 classic pop-up *The Adventures of Super Pickle*. The effect of these movable books on young minds is uniquely powerful. Besides riveting children's attention, pop-up books can also help build motor skills, teach cause and effect, and develop spatial understanding of objects. Based on their direct experience and many presentations to teachers and librarians, the authors have provided template lesson plans with curriculum and standards links for using the best pop-up books currently available in the instructional program of the school. The book also includes profiles of the most notable authors, a history of the format, definitions of terms such as flap book and paper engineer, and information on how to create movable books. Librarians will find the section regarding collection development with the format, how and where to acquire them, proper storage methods, and the annotated listing of the authors' 50 favorite pop-ups extremely helpful.

Pop-up Retailing Gary Warnaby, Charlotte Shi, 2017-12-28 This SpringerBrief offers an academic perspective on the trend of pop-up retailing. It analyzes this temporary retail-oriented setting designed to foster a direct customer-brand interaction for a limited period, often with an explicitly promotional or communicative purpose. Adopting a managerial approach, it explores the use of pop-up retailing as a means of facilitating strategic growth by retail brands. In addition, it draws on theory from retail store environments and atmospherics, customer experience management, and event management to provide an in-depth academic

analysis of the planning and implementation issues arising from the inherent ephemerality of pop up activities to achieve the strategic objectives of retail brands The authors provide an overview of the entire pop up lifecycle using an organizational schema that is split into four sequential stages strategic objectives pre pop up actual pop up experience and the post pop up stage The key decision areas and activities incorporated in each of these stages are also outlined *Spoonbenders* Daryl Gregory, 2017-06-27 A NEBULA AWARD FINALIST ONE OF NPR S BEST BOOKS OF THE YEAR Hilarious heartfelt and brimming with humanity Cynthia D Aprix Sweeney author of *The Nest* Teddy Telemachus is a charming con man with a gift for sleight of hand and some shady underground associates In need of cash he tricks his way into a classified government study about telekinesis and its possible role in intelligence gathering There he meets Maureen McKinnon and it s not just her piercing blue eyes that leave Teddy forever charmed but her mind Maureen is a genuine psychic of immense and mysterious power After a whirlwind courtship they marry have three gifted children and become the Amazing Telemachus Family performing astounding feats across the country Irene is a human lie detector Frankie can move objects with his mind And Buddy the youngest can see the future Then one night tragedy leaves the family shattered Decades later the Telemachuses are not so amazing Irene is a single mom whose ear for truth makes it hard to hold down a job much less hold together a relationship Frankie s in serious debt to his dad s old mob associates Buddy has completely withdrawn into himself and inexplicably begun digging a hole in the backyard To make matters worse the CIA has come knocking looking to see if there s any magic left in the Telemachus clan And there is Irene s son Matty has just had his first out of body experience But he hasn t told anyone even though his newfound talent might just be what his family needs to save themselves if it doesn t tear them apart in the process Harnessing the imaginative powers that have made him a master storyteller Daryl Gregory delivers a stunning laugh out loud new novel about a family of gifted dreamers and the invisible forces that bind us all **Spiders on the Case** Kathryn Lasky, 2011 Kicked out of home after home the Deadlies have finally found the perfect place the Rare Books room at the Boston Library But their peace is threatened when a thief starts targeting the library Can the Deadlies spin a web big enough to catch a crook Illustrations **Playing with the Book** Hannah Field, 2019-07-02 A beautifully illustrated exploration of how Victorian novelty picture books reshape the ways children read and interact with texts The Victorian era saw an explosion of novelty picture books with flaps to lift and tabs to pull pages that could fold out pop up scenes and even mechanical toys mounted on pages Analyzing books for young children published between 1835 and 1914 *Playing with the Book* studies how these elaborately designed works raise questions not just about what books should look like but also about what reading is particularly in relation to children s literature and child readers Novelty books promised or threatened to make reading a physical as well as intellectual activity requiring the child to pull a tab or lift a flap to continue the story These books changed the relationship between pictures words and format in both productive and troubling ways Hannah Field considers these aspects of children s reading through case studies of different formats of novelty and
